Directors' responsibilities

The Directors are responsible for preparing the report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Notes forming part of the financial statements for the year ended 30 April 2014

1 Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the year and preceding year.

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with applicable United Kingdom accounting standards.

Basis of preparation: going concern

At the year end, the Group of which the Company is part had banking facilities with Bank of Scotland (BOS) in place until June 2015. However on the same day these financial statements were signed the Group signed a new facility agreement with BOS which provides appropriate and sufficient financing for the Group until 2020. On this basis, the Directors believe that the Group and thereby the Company are able to continue to trade and settle all liabilities as they fall due for the foreseeable future. Accordingly, the financial statements have been prepared on a going concern basis.

Cash flow statement

Under the provisions of FRS 1 (Revised 1996) "Cash Flow Statements", the Company has not prepared a cash flow statement because its ultimate parent company, Rocco Forte & Family Limited, prepares consolidated accounts. The cash flows of the Company are included in the consolidated cash flow statement.

Related party disclosures

The Company is a subsidiary of Rocco Forte & Family Limited. Accordingly, the Company has taken advantage of the exemption in FRS 8 "Related Party Disclosures" not to disclose transactions with other wholly owned members of the group headed by Rocco Forte & Family Limited.

Taxation

Corporation tax payable is provided on taxable profits at the current rate of taxation. Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in tax computations in periods different from those in which they are included in the financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax balances are not discounted.

Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at the date or, if appropriate, at the forward contract rate. Any gain or loss arising from a change in exchange rates subsequent to the date of the transaction is included as an exchange gain or loss in the profit and loss account.

2 Profit on ordinary activities before taxation

3 Tax on profit on ordinary activities

There was no tax payable in 2014 (2013 - nil).

The difference between the total current tax and the amount calculated by applying the standard rate of UK corporation tax to the loss before tax is as follows:

	2014 £'000	2013 £'000
Profit on ordinary activities before tax	130	116
Tax at 22.84% (2013 - 23.92%)	30	28
Effects of: Gain on disposal not taxable Income not taxable for tax purposes Group relief (claimed) / surrendered	(29) (1)	(30)
Current tax charge for the year		

There are no unprovided or recognised deferred tax assets or liabilities as at 30 April 2014 or 30 April 2013.

4 Creditors: amounts falling due within one year

2014 £'000	
Amounts owed to immediate parent company	130
 	

During the year the parent company irrevocably waived the amounts due from the Company; the resulting gain is recognised in the profit and loss account.
