NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2011

1 Accounting policies

1.1 Basis of preparation

The financial statements are prepared in accordance with International Financial Reporting Standards as adopted by the European Union (IFRS) and under the historical cost convention

Under IFRS the company is required to consolidate the financial statements of an enterprise controlled by the company. Control is achieved where the Company has the power to govern the financial and operating policies of a subsidiary so as to obtain benefits from its activities. Through its position as General Partner the Company controls Impax New Energy Investors LP (INEI) but does not obtain benefits commensurate with ownership of this entity. Accordingly the Company does not consolidate its investment in INEI.

1.2 Revenue

Revenue represents the Company's priority profit share from Impax New Energy Investors LP and is recognised over the period in which the Company's work as a General Partner is performed.

1.3 Going concern

The financial statements have been prepared on the going concern basis. The Directors consider that the Company remains a going concern as, under the Limited Partnership agreement for INEI, the Company will continue to receive priority profit share for at least one year from the date of this report that will cover management fees payable to Impax Asset Management Ltd and any taxation payable.

1.4 Foreign exchange

The functional currency of the company is the Euro as all income and the majority of expenses are in Euros.

1.5 Taxation

Current tax is based on taxable profits for the year after all potential reliefs available have been utilised. Deferred tax is provided in full in respect of taxation deferred by temporary differences between the treatment of certain items for taxation and accounting purposes. Deferred tax is calculated at the rates that are expected to apply in the period when the liability or the asset is realised based on legislation substantially enacted at the year end.

2 Revenue

The total revenue of the Company for the period has been derived from its principal activity wholly undertaken in the United Kingdom.

3 Profit from operations

Operating costs represent management fees payable to Impax Asset Management Ltd. Auditors remuneration of £1,500 is borne by Impax Asset Management Group plc. The Directors received no remuneration in respect of their services to the Company.
