As explained more fully in the statement of director's responsibilities, the director is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). ## **Scope of the audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the director, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

**London & Regional Caribbean Investments Limited**  
**Notes to the financial statements**  
**for the year ended 30 September 2011**

**1 Accounting policies**

**Basis of preparation**

These financial statements are prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year, are set out below.

**Going concern**

The director believes that preparing the financial statements on the going concern basis is appropriate due to the continued financial support of London & Regional Group Finance Limited. The director has received confirmation that London & Regional Group Finance Limited intend to support the company for at least one year after these financial statements are signed.

**Finance costs**

Finance costs, including issue costs which are initially recognised as a reduction in the proceeds of the associated capital instrument, are amortised over the period of the loans in accordance with FRS 4 'Capital Instruments'.

**Deferred taxation**

Deferred tax is provided in respect of all timing differences that have originated, but not reversed, at the balance sheet date that give rise to an obligation to pay more or less tax in the future. Deferred tax is not recognised when fixed assets are revalued unless, by the balance sheet date, there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements.

Deferred tax is measured on a non-discounted basis. A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Foreign currencies**

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the exchange rate ruling on the balance sheet date. Exchange gains or losses arising are taken to the profit and loss account.

**Cash flow statement**

The company has taken advantage of the exemption permitted by Financial Reporting Standard 1, (revised 1996) 'Cash flow statements' from including a cash flow statement on the grounds that the company is wholly owned and its ultimate parent publishes a consolidated cash flow statement.

**Exemption from consolidation**

The financial statements contain information about London & Regional Caribbean Investments Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of its intermediate parent, London & Regional Group Holdings Limited, a company incorporated in England and Wales.

**London & Regional Caribbean Investments Limited**  
**Notes to the financial statements**  
**for the year ended 30 September 2011**

**1 Accounting policies (continued)**

**Investment in subsidiary undertakings**

Investments in subsidiary undertakings are recorded at cost plus incidental expenses less any provision for impairment. Impairment reviews are performed by the directors when there has been an indication of potential impairment and any impairment provision is recognised in the profit and loss account.

**Interest rate swaps**

The company uses derivative financial instruments to reduce exposure to interest rate movements. The company does not hold or issue derivative financial instruments for speculative purposes.

For an interest rate swap to be treated as a hedge it must be related to actual assets or liabilities or a probable commitment and must change the nature of the interest rate by converting a variable rate to a fixed rate or vice versa. Interest differentials under these swaps are recognised by adjusting interest payable over the periods of the contracts.

If an instrument ceases to be a hedge, for example because the underlying hedged position is eliminated, the instrument is marked to market and any resulting profit or loss recognised at that time.

**3 Director's emoluments**

The director did not receive any emoluments in respect of his services to the company (2010: £nil).

The company has no employees (2010: nil) other than the director.

The emoluments of Mr Livingstone are paid by a fellow subsidiary company which makes no recharge to the company. Mr Livingstone is a director of the ultimate parent company and a number of fellow subsidiary companies and it is not possible to make an accurate apportionment of his emoluments in respect of each of the subsidiaries to which he provides services. Accordingly, the above details include no emoluments in respect of the director. The total emoluments of Mr Livingstone are included in the aggregate of directors' emoluments included in the financial statements of the ultimate parent company.
