- For the year ending 30 September 2012 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.
- The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.
- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 27 June 2013

And signed on their behalf by:
Mrs N W Davies, Director

Notes to the Abbreviated Accounts for the period ended 30 September 2012**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

Tangible assets depreciation policy

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Plant and machinery - 10% reducing balance

Motor vehicles - 25% reducing balance

Other accounting policies**Stocks**

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving items. Cost included all direct costs and an appropriate proportion of fixed and variable overheads.

Deferred taxation

Deferred taxation arises when items are charged or credited in accounts in different periods to those in which they are included in the company's tax computations. Deferred tax is provided in full on timing differences that result in an obligation to pay more (or less) tax at a future date. Deferred tax is calculated at the average rates that are expected to apply when the timing differences reverse, based on current tax rates and laws. The resulting deferred tax asset or liability is not discounted. Deferred tax assets are only recognised if it is more likely than not that they will be recovered either against future taxable profits or against the reversal of other deferred tax liabilities.

Goodwill

Acquired goodwill is stated at cost less amortisation. Amortisation is calculated on a straight line basis over the expected useful economic life of the goodwill of five years.

Dividends

Proposed dividends are only included as liabilities in the financial statements when their payment has been approved by the shareholders prior to the balance sheet date.
