Appointment of Trustees

Trustees are elected to post having been selected from suitable candidates to ensure that the board contains an appropriate balance of expertise. Trustees undergo an initial induction course.

The trustees meet bi-monthly to attend to the legal and administrative affairs of the company and to review and set the policy and long term strategies of the charity. There are two subcommittees: Personnel and Service Development. The latter is charged with developing and monitoring delivery of the strategic plan. The day to day operations of the charity are delegated to the Co-ordinator and the management team.

Risk assessment

The trustees have assessed the major risks to which the charity is exposed, in particular those related to the operations and finances of the charity, and believe effective insurance, checks, controls and procedures are in place to mitigate those risks. As required by the QLS Quality Mark procedures, there is a full set of office manuals including financial procedures.

Financial review

A summary of the charity's financial performance is shown on page 6 of the accounts. The charity made a deficit of £11,905 (2008: Surplus of £17,440). The total reserves of the charity at year end were £70,042 (2008: £81,947).

Reserves policy

The trustees' objective is to maintain sufficient reserves to fund;

Operating costs to enable the organisation to continue trading during any unusual disruption to income. This is estimated to represent at least 5% of annual turnover;

Costs of closure including redundancy costs, holiday pay and other final payments to creditors;

Anticipated building repairs and maintenance to ensure compliance with contractual obligations in terms of the lease and for an ongoing program of equipment replacement.

On the above basis it is currently estimated that between £60,000 and £85,000 is required to be held in reserve.

ACCOUNTING POLICIES

a) Accounting convention

The accounts have been prepared under the historical cost convention, in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007), the Statement of Recommended Practice 'Accounting and Reporting by Charities' (issued 2005) and the Companies Act 1985.

(b) Incoming resources

All incoming resources are included in the Statement of Financial Activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Voluntary income is received by way of grants, donations, legacies and gifts and is included in full in the Statement of Financial Activities when receivable. Grants, when entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Investment income is included when receivable.

Resources are deferred when, at the end of an accounting period, they have been received but the charity has yet to become unconditionally entitled to them.

(c) Resources expended

Expenditure is recognised on an accrual basis as a liability is incurred. It includes any VAT paid.

Charitable activities expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include Independent examination fees and the costs linked to the strategic management of the charity.

All costs are allocated between the expenditure categories of the Statement of Financial Activities on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly.

(d) Fixed assets

Fixed assets are capitalised for ongoing use within the company, where the individual cost of the asset exceeds £100.
