Strategic Report

Year Ended 31 March 2020

The directors present their strategic report for the year ended 31 March 2020.

Fair review of the business

The principal activity of the company is that of a holding company. The principal activity of the group is that of employment consultants at the leading edge of the technology sector.

The group's key performance indicators are turnover and gross profit, which can be seen in the Consolidated Profit and Loss Account on page 10. The current year has seen some difficult trading conditions as a result of the uncertainties created by Brexit and the impact of the coronavirus pandemic at the end of the year. UK revenues increased whilst overseas sales have fallen leading to lower turnover overall compared to the prior year. The nature of the business means a large portion of direct costs are variable and therefore reduced in line with turnover. This along with continued margin pressure has reduced gross profit for the year. Overheads continue to be closely managed and remain comparable to prior year.

No further KPI analysis is considered necessary for an understanding of the development, performance and position of the group.

The coronavirus pandemic is likely to have a significant impact on sales for 2020-21, and the directors have adjusted the group's budgets and financial plans accordingly. The group has made use of government support where possible, for instance through use of the Coronavirus Job Retention Scheme.

The directors are proud to be in their 32nd year of trading in this sector and are confident in the group's ability to remain successful in the year ahead.

Principal risks and uncertainties

The directors view the active management of risk as a key management process and recognise that managing business risk to deliver opportunities is critical to the strategic development of the business. It is ensured that such business risks, which are classified as strategic, operational, reputational, financial and environmental, are both understood and visible as far as practicable. The group's policy is to ensure that risk is taken on an informed basis rather than unintentional basis.

The main uncertainty remains economic trading conditions, the ongoing Brexit negotiations and the impact of COVID-19. The group continues to evolve with industry demands and its continued success comes from delivering first class levels of service to customers and candidates. There continues to be a growing demand for leading edge technology expertise but the market is competitive. Growth in domestic sales has come from a range of SME's to blue chip companies which demonstrates the group's ability to look after a wide range of customers.

The group has several large clients, which form a substantial proportion of its turnover. This creates an exposure to a reduction in turnover if a contract was lost. The group continues to mitigate this risk by growing its customer base and working with new sectors.

Strategic Report

Year Ended 31 March 2020

Approved by the Board on 21/10/2020 and signed on its behalf by:

N J Churchward

Company secretary

Directors' Report

Year Ended 31 March 2020

The directors present their report and the consolidated financial statements for the year ended 31 March 2020.

Directors of the group

The directors who held office during the year were as follows:

J G Richardson

D J Richardson

N J Churchward

Dividends

The directors recommend a final dividend of £nil per share be made in respect of the financial year ended 31 March 2020 (2019: £nil). An interim dividend of £600,000 has been paid in respect of the financial year ended 31 March 2020 (2019: £600,000).

Financial instruments

Objectives and policies

The group's principal financial instruments comprise bank balances, trade creditors, trade debtors, intercompany balances and hire purchase agreements. The main purpose of these instruments is to provide funds for the group's operations.

The group's activities expose it to a number of financial risks including cash flow risk, credit risk and liquidity risk. These are dealt with as follows:

Cash flow risk

The group's activities expose it to the financial risks of changes in foreign currency exchange rates. The group regularly monitors the position and the need for any hedging instruments.

Credit risk

The group's principal financial assets are bank balances, trade and other receivables.

The group's credit risk is primarily attributable to its trade debtors. Trade debtors are recognised and carried at the lower of their original invoiced value and recoverable amount. To manage this risk the group performs credit checks on new customers, puts credit limits in place, actively manages its customer ledger and has a credit insurance policy in place. The directors believe sufficient controls are in place to keep credit risk exposure to a minimum.

Liquidity risk

In order-to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the group has an invoice discounting facility in place which has room for further draw-down.

Disclosure of information to the auditor

Each director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditor is unaware.

Directors' Report

Year Ended 31 March 2020

Approved by the Board on 21/19/2020 and signed on its behalf by:

N J Churchward

Company secretary

Statement of Directors' Responsibilities

The directors acknowledge their responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- · select suitable accounting policies and apply them consistently;
- · make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent Auditor's Report to the Members of Emblem Holdings Limited

Opinion

We have audited the financial statements of Emblem Holdings Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 31 March 2020, which comprise the Consolidated Profit and Loss Account, Consolidated Statement of Comprehensive Income, Consolidated Balance Sheet, Balance Sheet, Consolidated Statement of Changes in Equity, Statement of Changes in Equity, Consolidated Statement of Cash Flows, and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the parent company's affairs as at 31 March 2020 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties
 that may cast significant doubt about the group's or the parent company's ability to continue to
 adopt the going concern basis of accounting for a period of at least twelve months from the date
 when the financial statements are authorised for issue.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Independent Auditor's Report to the Members of Emblem Holdings Limited

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Directors' Report for the financial year for which
 the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Independent Auditor's Report to the Members of Emblem Holdings Limited

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements

Year Ended 31 March 2020

1 General information

The company is a private company limited by share capital, incorporated in England.

The address of its principal and registered office is: Emblem House Pynes Hill Exeter

EX2 5FD

2 Accounting policies

Basis of preparation

The financial statements have been prepared under the historic cost convention and in accordance with the recognition and measurement requirements of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

The presentational currency is considered to be pounds sterling as that is the primary economic environment in which the group operates.

Basis of consolidation

The consolidated financial statements consolidate the financial statements of the company and its subsidiary undertakings drawn up to 31 March 2020.

As a consolidated profit and loss account is published, a separate profit and loss account for the parent company is omitted from the group financial statements by virtue of section 408 of the Companies Act 2006.

Summary of significant accounting policies and key accounting estimates

The directors have considered the judgements and estimation uncertainties included in these financial statements and the accounting policies applied and concluded that these do not have a significant effect on the amounts recognised in the financial statements or lead to a risk of causing a material misstatement of the carrying amounts of assets and liabilities within the next financial year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects that period only, or in the period of revision and future periods if the revision affects both current and future periods.

Summary of disclosure exemptions

The Company meets the definition of a qualifying entity under FRS102 and has therefore taken advantage of the disclosure exemptions available to it. Exemptions have been taken in relation to company financial instruments and the company cash flow statement.

Notes to the Financial Statements

Year Ended 31 March 2020

Going concern

The group meets its day to day working capital requirements through its bank facilities. The banking relationship with NatWest remains strong, and in particular the group's invoice discounting facility remains in place and allows the group to convert sales into cash more quickly where required. The directors have also produced revised cash flow forecasts to allow for the impact of COVID-19 along with securing additional CBILS funding.

The directors have considered the financial projections for the group, including cash flow forecasts and the availability of committed bank facilities for a period of at least 12 months from the date of approval of these financial statements. Following this review and having made all necessary enquiries, based on the information available to date the directors are satisfied that the group is expected to maintain sufficient cash balances to meet its liabilities as they fall due. Accordingly, they are satisfied that it is appropriate to adopt the going concern basis in preparing the financial statements.

Revenue recognition

Turnover is the aggregate amount of revenue from consultancy work and other services supplied to customers in the ordinary course of business and is stated after trade discounts, other sales taxes and net of VAT. Consultancy revenue is recognised as earned through the placement of consultants. Other revenues are taken to the statement of income and retained earnings account as earned.

Foreign currency transactions and balances

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into Sterling at the average rate of exchange for the year. Exchange differences are taken into account in arriving at the operating profit.

Tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed by the balance sheet date where transactions or events that result in an obligation to pay more tax in the future, or a right to pay less in the future have occurred at the balance sheet date.

Deferred tax is measured on an undiscounted basis at the rates that are expected to apply in the period in which timing differences are expected to reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Tangible assets

Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Notes to the Financial Statements

Year Ended 31 March 2020

Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

Asset class

Leasehold Improvements Fixtures & Fittings Motor vehicles Equipment

Depreciation method and rate

Over the remaining lease term 33% reducing balance 25% reducing balance 15% reducing balance

Intangible assets

Goodwill arising on the acquisition of an entity represents the excess of the cost of acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the entity recognised at the date of acquisition. Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is held in the currency of the acquired entity and revalued to the closing rate at each reporting period date.

Amortisation

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their useful life as follows:

Asset class

Goodwill

Amortisation method and rate

5% straight line

Investments

Investments in equity shares which are not publicly traded and where fair value cannot be measured reliably are measured at cost less impairment.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Income and Retained Earnings on a straight-line basis over the period of the lease.

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the the statement of income and retained earnings at a constant rate of charge on the balance of capital repayments outstanding.

Defined contribution pension obligation

The group operates a defined contribution pension scheme. Contributions are recognised in the statement of income and retained earnings in the period in which they become payable in accordance with the rules of the scheme.

Notes to the Financial Statements

Year Ended 31 March 2020

Financial instruments

Financial assets and financial liabilities are recognised in the group's balance sheet when the group becomes party to the contractual provisions of the instrument.

Financial assets, which comprise trade debtors, other debtors and cash at bank balances, are initially measured at transaction price (including transaction costs) and are subsequently measured at the undiscounted amount receivable.

Financial liabilities which comprise trade creditors, other creditors and short term intercompany balances are initially measured at transaction price (including transaction costs) and are subsequently measured at the undiscounted amount payable. Long term financial liabilities which comprise redeemable preference shares and other borrowings are measured at amortised cost.

3 Revenue

The analysis of the group's revenue for the year from continuing operations is as follows:

Sale of consultancy work and services	2020 £ 29,803,507	2019 £ 32,075,435
The analysis of the group's turnover for the year by market is as for	ollows:	
•	2020 £	2019 £
