The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30th November 2016.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

NOTES TO THE ABBREVIATED ACCOUNTS  
FOR THE YEAR ENDED 30TH NOVEMBER 2016

1. ACCOUNTING POLICIES

**Accounting convention**

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of land and buildings and are in accordance with applicable accounting standards. However, compliance with the Financial Reporting Standard for Smaller Entities (effective April 2008) requires a departure from the requirements of the Companies Act 2006 relating to the depreciation of investment properties as described in the note below.

**Turnover**

Turnover represents net invoiced sales of services provided, excluding value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Computer equipment - 33% on cost

**Investment property**

Investment properties are revalued annually at their open market value in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The surplus or deficit on revaluation is transferred to a revaluation reserve except where the deficit reduces the property below its historical cost in which case it is taken to the profit and loss account.

No depreciation is provided on investment properties which is a departure from the requirements of the Companies Act 2006. In the opinion of the directors these properties are held primarily for their investment potential and so their current value is of more significance than any measure of consumption and to depreciate them would not give a true and fair view.

The provisions of the Financial Reporting Standard for Smaller Entities (effective April 2008) in respect of investment properties have therefore been adopted in order to give a true and fair view. If this departure from the Act had not been made, the profit for the year would have been reduced by depreciation. However, the amount of depreciation cannot reasonably be quantified and the amount which might otherwise have been shown cannot be separately identified.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
