**DIRECTORS' REPORT (continued)****DIRECTORS' RESPONSIBILITIES STATEMENT**

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare a directors' report and financial statements for each financial year and the directors have elected to prepare them in accordance with International Financial Reporting Standards ("IFRSs") as adopted by the European Union. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs at the end of the year and the profit or loss for the financial year of the company. In preparing these financial statements, under International Accounting Standard 1, the directors are required to

- select suitable accounting policies and then apply them consistently,
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information,
- provide additional disclosures when compliance with the specific requirements in IFRSs are insufficient to enable users to understand the impact of particular transactions, other events and conditions of the entity's financial position and performance, and
- make an assessment of the company's ability to continue as a going concern

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the directors' report and financial statements comply with the requirements of the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**DISCLOSURE OF INFORMATION TO AUDITOR**

Each of the directors at the date of approval of this report confirms that

- so far as they are aware there is no relevant audit information of which the company's auditor is unaware, and
- the director has taken all the steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information

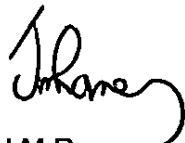

This confirmation is given and shall be interpreted in accordance with the provisions of section 418 of the Companies Act 2006

**DIRECTORS' REPORT (continued)**

**AUDITOR**

Deloitte LLP has expressed its willingness to continue in office as auditor

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NORTHANTS DEVELOPMENTS LTD**

We have audited the financial statements of Northants Developments Ltd ('the company') for the year ended 31 December 2011 which comprise the statement of comprehensive income, the balance sheet, the statement of changes in equity, the cash flow statement and the related notes 1 to 16. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

### **Respective responsibilities of directors and auditor**

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

### **Scope of the audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

### **Opinion on financial statements**

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2011 and of its loss for the year then ended,
- have been properly prepared in accordance with IFRSs as adopted by the European Union, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Opinion on other matter prescribed by the Companies Act 2006**

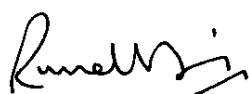

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NORTHANTS DEVELOPMENTS LTD (continued)**

**Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit, or
- the directors were not entitled to take advantage of the small companies' exemption in preparing the directors' report

**NOTES TO THE FINANCIAL STATEMENTS****1. Accounting policies****a) Presentation of accounts**

The accounts are prepared on a going concern basis (see the Directors' report) and in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board (IASB) and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB as adopted by the European Union (EU) (together IFRS)

The accounts are prepared on the historical cost basis except as noted in the following accounting policies

The company's financial statements are presented in sterling which is the functional currency of the company

The company is incorporated in Great Britain and registered in England and Wales. The company's accounts are presented in accordance with the Companies Act 2006

**Adoption of new and revised standards**

There are a number of changes to IFRS that were effective from 1 January 2011. They have had no material effect on the company's financial statements for the year ended 31 December 2011.

**b) Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable and includes gains on the disposal of the development properties sold in the normal course of business, net of discounts, VAT and other sales related taxes. Revenue from the sale of development properties is recognised when title has passed to the purchaser.

Revenue arises in the United Kingdom from continuing activities.

**c) Taxation**

Income tax expense or income, comprising current tax and deferred tax, is recorded in the income statement except income tax on items recognised outside profit or loss which is credited or charged to other comprehensive income or to equity as appropriate.

Current tax is income tax payable or recoverable in respect of the taxable profit or loss for the year arising in income or in equity. Provision is made for current tax at rates enacted or substantively enacted at the balance sheet date.

Deferred tax is the tax expected to be payable or recoverable in respect of temporary differences between the carrying amount of an asset or liability for accounting purposes and its carrying amount for tax purposes. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered. Deferred tax is not recognised on temporary differences that arise from initial recognition of an asset or a liability in a transaction (other than a business combination) that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is calculated using tax rates expected to apply in the periods when the assets will be realised or the liabilities settled, based on tax rates and laws enacted, or substantively enacted, at the balance sheet date.

**NOTES TO THE FINANCIAL STATEMENTS (continued)****1. Accounting Policies (continued)****d) Development property**

Development property is stated at the lower of cost and net realisable value. Cost comprises direct cost of land and buildings, materials and where applicable direct labour and those overheads that have been incurred in bringing the development properties to their present location and condition. Cost is calculated at the actual amount paid or accrued. Net realisable value represents the estimated selling price less all estimated costs of completion and costs to be incurred in marketing and selling. The properties are available-for-sale or to be developed.

**e) Impairment of development property**

At each reporting date, the company assesses whether there is any indication that its development property is impaired. If any indication exists, the company estimates the recoverable amount of the asset and the impairment loss if any.

**f) Financial assets**

On initial recognition, financial assets are classified into held-to-maturity investments, held-for-trading, designated as at fair value through profit or loss, loans and receivables, or available-for-sale financial assets.

***Loans and receivables***

Loans and receivables are initially recognised at fair value plus directly related transaction costs. They are subsequently measured at amortised cost using the effective interest method less any impairment losses.

All financial assets are classified as loans and receivables unless otherwise indicated.

**g) Impairment of financial assets**

The company assesses at each balance sheet date whether there is any objective evidence that a financial asset or group of financial assets classified as held-to-maturity, available-for-sale or loans and receivables is impaired. A financial asset or portfolio of financial assets is impaired and an impairment loss incurred if there is objective evidence that an event or events since initial recognition of the asset have adversely affected the amount or timing of future cash flows from the asset.

**h) Financial liabilities**

On initial recognition, financial liabilities are classified into held-for-trading, designated as at fair value through profit or loss, or amortised cost.

***Amortised cost***

Other than derivatives, which are recognised and measured at fair value, all financial liabilities are measured at amortised cost using the effective interest method.

**i) Cash and cash equivalents**

In the cash flow statement, cash and cash equivalents comprises cash and demand deposits with banks together with short-term highly liquid investments that are readily convertible to known amounts of cash and subject to insignificant risk of change in value.

**NOTES TO THE FINANCIAL STATEMENTS (continued)****1. Accounting Policies (continued)****j) Accounting developments**

There are a number of changes to IFRS that are in issue but not yet effective. The adoption of these changes in future periods is not expected to have a material effect on the company's accounting policies or financial statements.

**2. Critical accounting policies and key sources of estimation uncertainty**

The reported results of the company are sensitive to the accounting policies, assumptions and estimates that underlie the preparation of its financial statements. UK company law and IFRS require the directors, in preparing the company's Financial Statements, to select suitable accounting policies, apply them consistently and make judgements and estimates that are reasonable and prudent. In the absence of an applicable standard or interpretation, IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors', requires management to develop and apply an accounting policy that results in relevant and reliable information in the light of the requirements and guidance in IFRS dealing with similar and related issues and the IASB's Framework for the Preparation and Presentation of Financial Statements. The judgements and assumptions involved in the company's accounting policies that are considered by the directors to be the most important to the portrayal of its financial condition are discussed below. The use of estimates, assumptions or models that differ from those adopted by the company would affect its reported results.

***Development property***

The recoverable amount of development property, which is not yet subject to a customer contract, depends on the assessment of the market value on completion of the development.

**3. Administrative expenses**

Management charges relate to the company's share of group resources such as the use of IT platforms, staff and a share of central resources. These are re-charged on an annual basis by KUC Properties Limited, a fellow group undertaking.

**Staff costs, number of employees and directors' emoluments**

All staff and directors were employed by RBS, the accounts for which contain full disclosure of employee benefit expenses incurred in the period including share based payments and pensions. The company has no employees and pays a management charge for services provided by other group companies. The directors of the company do not receive remuneration for specific services provided to the company.

**NOTES TO THE FINANCIAL STATEMENTS (continued)****13. Financial instruments and risk management****i) Categories of financial instrument**

The company has no financial assets. Financial liabilities comprise trade payables, amounts due to group undertakings and overdraft balances held. These are all categorised as at amortised cost in accordance with the categories of financial instruments in IAS 39 "Financial Instruments, Recognition and Measurement".

**Fair value**

The fair value of financial instruments that are not carried at fair value on the balance sheet is considered not to be materially different to the carrying amounts.

**Financial liabilities**

The contractual maturity of the financial liabilities is within 1 year (2010 within 1 year).

**ii) Financial risk management**

The principal risks associated with the company are as follows:

**Interest rate risk**

Interest rate risk arises where assets and liabilities have different repricing maturities.

The only interest bearing financial assets or liabilities are overdraft balances held.

The sensitivity analysis below has been determined based on the exposure to interest rates at the balance sheet date. The analysis is prepared on the assumption that the balances receivable and/or payable at the balance sheet date were receivable and/or payable for the whole year.

If interest rates had been 0.5% higher and all other variables were held constant, the company's loss before tax for the year would have increased by £58,204 (2010 loss before tax for the year would have increased by £57,409). This is mainly due to the company's exposure to interest rates on its variable rate balances. There would be no other impact on equity.

**Currency risk**

The company has no currency risk as all transactions and balances are denominated in sterling.

**Credit risk**

Credit risk is the risk that companies, financial institutions, individuals and other counterparties will be unable to meet their obligations to the company.

The company has no credit risk as it has no financial assets.

**NOTES TO THE FINANCIAL STATEMENTS (continued)****13. Financial instruments and risk management (continued)****ii) Financial risk management****Liquidity risk**

Liquidity risk arises where assets and liabilities have different contractual maturities

The company has no material liquidity risk as it has access to group funding

**Operational risk**

Operational risk is the risk of unexpected losses attributable to human error, systems failures, fraud or inadequate internal financial controls and procedures. The company manages this risk, in line with the RBS group framework, through systems and procedures to monitor transactions and positions, the documentation of transactions and periodic review by internal audit. The company also maintains contingency facilities to support operations in the event of disasters.

**14. Share capital**

<b>Allotted, called up and fully paid:</b>		
<b>Equity shares</b>		
3 ordinary shares of £1	<u>3</u>	<u>3</u>

The company has one class of ordinary shares which carry no right to fixed income

**15. Capital resources**

The company's capital consists of equity comprising issued share capital and retained earnings. The company is a member of The Royal Bank of Scotland group of companies which has regulatory disciplines over the use of capital. In the management of capital resources, the company is governed by the group's policy which is to maintain a strong capital base. It is not separately regulated. The group has complied with the FSA's capital requirements throughout the year.

## NOTES TO THE FINANCIAL STATEMENTS (continued)

## 16. Related parties

## UK Government

On 1 December 2008, the UK Government through HM Treasury became the ultimate controlling party of The Royal Bank of Scotland Group plc. The UK Government's shareholding is managed by UK Financial Investments Limited, a company wholly-owned by the UK Government. As a result, the UK Government and UK Government controlled bodies became related parties of the company.

The company enters into transactions with these bodies on an arms' length basis, they include the payment of taxes including UK corporation tax and value added tax.
