2 Progress to date

This section updates you on our strategy for the administration and on our progress to date. It follows the information provided in our proposals

The Joint Administrators' proposals were sent to all known creditors on 23 May 2014. The Joint Administrators convened a meeting by correspondence and the proposals were approved on 9 June 2014.

2.1 Strategy and progress to date

Strategy

As outlined in the proposals, the Company ceased to trade immediately on appointment and all staff, excluding four employees who were retained to assist the Joint Administrators perform their duties, were made redundant

The decision to cease trading followed a marketing period carried out pre-appointment where no party wished to acquire the business and assets of the Company, and post appointment trading did not have the support of the Company's lender

On appointment, an asset list was distributed to a number of potential interested parties. The assets were independently valued by Sanderson Weatherall. Shortly after distribution of the list, Randox made a formal offer for the Company's customer list/goodwill and its chattel assets for consideration of £42,500. This offer outweighed that of any other offer received and was duly accepted.

As outlined in the proposals, the Company's only post appointment asset not realised as part of the sale to Randox was its sales ledger. To maximise the sales ledger realisations, the Joint Administrators enlisted the assistance of the KPMG Receivables Realisations Group ("RRG") who are experienced in the collection of outstanding sales ledgers in an insolvent or discontinued business scenario.

Initially, KPMG RRG were supported by two members of the Company's credit control team to assist in collecting the ledger due to their existing working relationships with the debtors. RRG carried out a monitoring role, with day to day dialogue with the outstanding debtors carried out by the two employees.

Following it no longer being cost effective to retain the Company staff, RRG have continued to collect book debts to realise the remainder of the sales ledger detailed at 2.2, with the assistance of RMUK, an independent debt collection agent

Appendix 4 Joint Administrators' charging and disbursements policy

Joint Administrators' charging policy

The time charged to the administration is by reference to the time properly given by us and our staff in attending to matters arising in the administration. This includes work undertaken in respect of tax, VAT, employee, pensions and health and safety advice from KPMG in-house specialists.

Our policy is to delegate tasks in the administration to appropriate members of staff considering their level of experience and requisite specialist knowledge, supervised accordingly, so as to maximise the cost effectiveness of the work performed. Matters of particular complexity or significance requiring more exceptional responsibility are dealt with by senior staff or us

A copy of "A Creditors' Guide to Joint Administrators Fees" from Statement of Insolvency Practice 9 ('SIP 9') produced by the Association of Business Recovery Professionals is available at

Hourly rates

Set out below are the relevant hourly charge-out rates for the grades of our staff actually or likely to be involved on this administration. Time is charged by reference to actual work carried out on the administration, using a minimum time unit of six minutes.

All staff who have worked on the administration, including cashiers and secretarial staff, have charged time directly to the administration and are included in the analysis of time spent. The cost of staff employed in central administration functions is not charged directly to the administration but is reflected in the general level of charge-out rates.

Charge-out rates (£) for: CRS		
Grade	From 01 Oct 2013 £/hr	From 01 Oct 2014 £/hr
Partner	565	595
Director	485	535
Senior Manager	475	485
Manager	385	405
Senior Administrator	265	280
Administrator	195	205
Support	120	125

The charge-out rates used by us might periodically rise (for example to cover annual inflationary cost increases) over the period of the administration. In our next statutory report, we will inform creditors of any material amendments to these rates.

Policy for the recovery of disbursements

Where funds permit the officeholders will seek to recover both Category 1 and Category 2 disbursements from the estate For the avoidance of doubt, such expenses are defined within SIP 9 as follows

Category 1 disbursements These are costs where there is specific expenditure directly referable to both the appointment in question and a payment to an independent third party. These may include, for example, advertising, room hire, storage, postage, telephone charges, travel expenses, and equivalent costs reimbursed to the officeholder or his or her staff.

Category 2 disbursements These are costs that are directly referable to the appointment in question but not to a payment to an independent third party. They may include shared or allocated costs that can be allocated to the appointment on a proper and reasonable basis, for example, business mileage.

Category 2 disbursements charged by KPMG Restructuring include mileage. This is calculated as follows

Mileage claims fall into three categories

- Use of privately-owned vehicle or car cash alternative 45p per mile
- Use of company car 60p per mile
- Use of partner's car 60p per mile

For all of the above car types, when carrying KPMG passengers an additional 5p per mile per passenger will also be charged where appropriate

We have incurred the following disbursements from the date of our appointment to 6 October 2014
