Deamon Limited

Annual Report and Audited Financial Statements for the year ended 31 March 2021

Report of the Directors

The Directors present their report, together with the Financial Statements of Deamon Limited (the "Company") for the year ended 31 March 2021, a private company limited by shares.

Directors

The Directors who served during the year, are disclosed on page 23.

Directors' indemnity

Directors' and Officers' insurance is in place in respect of the Directors. The Company's Articles of Association provide, subject to the provisions of UK legislation, an indemnity for Directors in respect of costs which they may incur relating to the defence of any proceedings brought against them arising out of their positions as Directors, in which they are acquitted or judgement is given in their favour by the Court.

Except for such indemnity provisions in the Company's Articles of Association there are no qualifying third party indemnity provisions in force.

Dividends

Dividend payments made during the year amounted to £nil (2020: £545,628). The Directors do not recommend the payment of any dividends for the year ended 31 March 2021.

Going concern

As at 31 March 2021, the Company had net current liabilities of £125,551 (2020: £100) and cash balances of £nil (2020: £23,397). Hipgnosis SFH XX Limited, the immediate parent Company, has confirmed that adequate financial assistance will be provided to enable the Company to continue as a going concern for a period of no less than 12 months from the date of this report. The Directors therefore do not consider there to be a material uncertainty over the Company's ability to continue as a going concern.

On the basis of this support, and after making due enquiries, the Directors have a reasonable expectation that the Company will continue in operational existence for a period of no less than 12 months from the date of this report. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Risks and risk management

The Company's activity is to recognise the trading activity associated with its Catalogue of Songs, in accordance with the objectives and policies set by the board of the PLC and it is passive in using financial instruments to generate wealth and manage risk, as this is performed by the board of the PLC. Further information on risks and risk management can be found in the financial statements of the PLC which are available to the public at www.hipgnosissongs.com.

Auditor

The board of Deamon Limited have appointed PricewaterhouseCoopers CI LLP as the Company's external auditor. Pursuant to section 487 of the Companies Act 2006, the Auditor will be deemed to be reappointed and PricewaterhouseCoopers CI LLP will therefore continue in office.

Deamon Limited

Annual Report and Audited Financial Statements for the year ended 31 March 2021

Report of the Directors (continued)

Likely future developments

The Board are actively monitoring COVID-19 as a material risk on revenues and its potential effect on the Company and its Catalogues. It is believed that impacts will be continued to be felt in the short term because of the decline in live music, commercial radio, retail outlet licence revenues and reduced leisure facility offerings. Notwithstanding this, the Board are of the opinion that the long-term outlook for music publishing and recorded music remains very positive.

Small companies exemption

In preparing this report, the directors have taken advantage of the small companies exemptions provided by section 415A of the Companies Act 2006.

In addition, a Strategic report has not been prepared pursuant to the exemption of s414B of the Companies Act 2006.

Post Balance Sheet events

Events after the Balance Sheet date are disclosed in note 14.

On behalf of the Board

Chris Helm
Director

Deamon Limited

Annual Report and Audited Financial Statements for the year ended 31 March 2021

Directors' Responsibility Statement

The Directors are responsible for preparing the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with UK GAAP (Generally Accepted Accounting Practice in the UK). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that year.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Each of the Directors, whose names are set out on page 23 of this report, confirm that, to the best of their knowledge and belief:

- the financial statements, prepared in accordance with UK GAAP, give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company;
- so far as each Director is aware, there is no relevant audit information of which the Company's auditor is unaware, and each Director has taken all the steps that he ought to have taken as a Director in order to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information. This confirmation is given and should be interpreted in accordance with the provisions of section 249 of the Companies Law.

Pursuant to s418 of the Companies Act 2006, in the case of each of the persons who are directors at the time the report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Independent auditors' report to the members of Deamon Limited

Report on the audit of the financial statements

QUALIFIED OPINION

In our opinion, except for the possible effects of the matter described in the Basis for qualified opinion paragraph below, Deamon Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2021 and of its profit the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report, which comprise: The balance sheet as at 31 March 2021; The profit and loss account and the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

BASIS FOR QUALIFIED OPINION

We were appointed as auditors of the company on 11 October 2021. Periods from incorporation on 1 February 2006 to 31 March 2020 were unaudited, and the information made available in respect of the unaudited corresponding figures was limited. We were unable to satisfy ourselves concerning the accuracy, completeness and existence of opening balances for the year ended 31 March 2021, of Debtors, Creditors and Retained earnings. The opening balances enter into the determination of the financial performance of the company and therefore we were unable to determine whether adjustments might have been necessary in respect of the profit for the year reported in the statement of comprehensive income.

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

CONCLUSIONS RELATING TO GOING CONCERN

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Deamon Limited

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

REPORTING ON OTHER INFORMATION

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Report of the Directors, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

Report of the Directors

In our opinion, based on the work undertaken in the course of the audit, the information given in the Report of the Directors for the year ended 31 March 2021 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Report of the Directors.

RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS AND THE AUDIT

Responsibilities of the directors for the financial statements

As explained more fully in the Directors' Responsibility Statement, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Deamon Limited

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to Companies Act 2006, and we considered the extent to which non-compliance might have a material effect on the financial statements. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to posting inappropriate journal entries to manipulate the financial performance by increasing turnover/revenue. Audit procedures performed by the engagement team included:

- Enquiries with management, including consideration of known or suspected non-compliance with laws and regulations and fraud;
- Documenting and understanding the control processes in place over revenue recognition;
- Selecting a sample of revenue transactions recognised by the company and agreeing these to supporting documentation;
- Identifying and testing journal entries, in particular with a focus on period end adjustments and journals impacting revenue;
- Evaluating the reasonableness of the revenue accrual assumptions made by the directors against supporting information;
- Designing audit procedures to incorporate unpredictability around the nature, timing or extent of our testing;
- Assessment of the company's compliance with laws and regulations; and
- Reviewing relevant board meeting minutes.

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

COMPANIES ACT 2006 EXCEPTION REPORTING

In respect solely of the limitation on our work relating to Opening balances and corresponding figures, described in the Basis for qualified opinion paragraph above:

- we have not obtained all the information and explanations that we considered necessary for the purpose of our audit; and
- we were unable to determine whether adequate accounting records have been kept by the company.

Under the Companies Act 2006 we are also required to report to you if, in our opinion

- returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Deamon Limited

ENTITLEMENT TO EXEMPTIONS

Under the Companies Act 2006 we are required to report to you if, in our opinion, the directors were not entitled to take advantage of the small companies exemption from preparing a strategic report. We have no exceptions to report arising from this responsibility.

Other matter

The financial statements for the 31 March 2020, forming the corresponding figures of the financial statements for the year ended 31 March 2021, are unaudited.

Deamon Limited

Notes to the Financial Statements For the year ended 31 March 2021

1. Significant accounting policies

Basis of accounting

The Company meets the definition of a qualifying entity under Financial Reporting Standard 100 *Application of Financial Reporting Requirements* issued by the Financial Reporting Council as it is a member of a group where the parent, Hipgnosis Songs Fund Limited ("the PLC"), prepares publicly available consolidated financial statements, where the Company and the other subsidiaries are included in the consolidation, together as the "Group". Therefore, these financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101") as issued by the Financial Reporting Council. The Company previously reported under FRS 102 Section 1A, prior to joining the Group. No adjustments are required as part of this transition.

FRS 101 sets out a reduced disclosure framework which addresses the financial reporting requirements and disclosure exemptions for the individual financial statements of subsidiaries and ultimate parents that otherwise apply the recognition, measurement and disclosure requirements of EU-adopted IFRS ("IFRS").

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of IFRS, but makes amendments where necessary in order to comply with the Companies Act 2006. Exemptions have been taken from the disclosure of intra-group related party transactions with wholly owned subsidiaries, the effects of new but not yet effective IFRSs and the presentation of a cash flow statement and related notes.

The Company's principal activity is to hold and manage a Catalogue of Songs, receiving the income pertaining to the Catalogue. As the consolidated financial statements of the PLC include the equivalent disclosures, the Company has therefore taken a number of exemptions. The following exemptions from the requirements of IFRS have been applied in the preparation of these financial statements, in accordance with FRS 101:

- IFRS 7, 'Financial instruments: Disclosures',
- Paragraphs 91 to 99 of IFRS 13, 'Fair value measurement' (disclosure of valuation techniques and inputs used for fair value measurement of assets and liabilities),
- IAS 7, 'Statement of cash flows'.
- The requirements in IAS 24, 'Related party disclosures', to disclose related party transactions entered into between two or more members of a group

The financial statements of the PLC are available to the public at www.hipgnosisongs.com.

The financial statements have been prepared on the historical cost basis, and are presented in Pounds Sterling which is the currency of the primary economic environment in which the Company operates, unless otherwise stated. The principal accounting policies are set out below.

Deamon Limited

Notes to the Financial Statements

For the year ended 31 March 2021 (continued)

1. Significant accounting policies (continued)

Going concern

Hipgnosis SFH XX Limited, the immediate parent, has confirmed that adequate financial assistance will be provided to enable the Company to continue as a going concern for a period of not less than 12 months from the date of this report.

On the basis of this support, and after making due enquiries, the Directors have a reasonable expectation that the Company will continue in operational existence for a period of not less than 12 months from the date of this report. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Share capital

Financial instruments issued by the Company are treated as equity if the holder has only a residual interest in the assets of the Company after the deduction of all liabilities. The Company's ordinary shares are classified as equity instruments.

Revenue Recognition

Revenue from operations and associated costs

Revenues from operations are recorded when it is probable that future economic benefits will be obtained by the Company and when they can be reliably measured.

Licence arrangements - mechanical, performance and synchronisation income

The Company enters into licence arrangements in respect of Catalogues of Songs with third party collection agents. Licences made to collection agents are deemed to constitute usage based, right of use licences as per IFRS 15. Revenue arising from licences entered into with collection agents is therefore recognised in the period when the usage of the Catalogues of Songs occurs. Payment is made upon reporting of those usages within royalty statements delivered typically 3-6 months after usage. The contractual basis of the licence arrangements are such that the agents are deemed as 'principals' for tax purposes, therefore the Company recognises its revenue net of administration fees.

Where available at the end of each month or earlier interval to which the revenue relates, revenue is recorded on the basis of royalty statements received from collection agents.

Where notification has not yet been received from collection agents, an estimate is made of the revenue due to the Company at the end of the month to which the usage of the music copyright relates. Estimates are made on the basis of the historical track record of music catalogues, ad hoc data provided by collection agents, industry forecasts and expected seasonal variations.

Non-recourse fixed fee arrangements are recognised at the point at which control of the licence passes to the collection agents. Variable consideration is recognised in the period when the usage of the Catalogues of Songs occurs.

Expenses

Expenses are accounted for on an accruals basis. Expenses are charged through the Profit and Loss Account.

Deamon Limited

Notes to the Financial Statements

For the year ended 31 March 2021 (continued)

1. Significant accounting policies (continued)

Assets

Loans and receivables

Trade receivables, loans, and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as initially measured at fair value plus transaction costs directly attributable to the acquisition, and subsequently measured at amortised cost using the effective interest method, less allowance for Expected Credit Loss (Note 2). Interest income is recognised by applying the effective interest rate, except for short term receivables when the recognition of interest would be immaterial.

Derecognition of assets

The Company derecognises an asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the asset and substantially all the risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay.

On derecognition of an asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received is recognised in profit or loss.

Cash and Cash Equivalents

Cash at bank and short term deposits which are held to maturity are carried at cost. Cash and cash equivalents are defined as call deposits, short term deposits with a term of no more than three months from the start of the deposit and highly liquid investments readily convertible to known amounts of cash and subject to insignificant risk of changes in value. Cash and cash equivalents consist of cash in hand and short-term deposits in banks with an original maturity of three months or less.

Other Receivables

Other receivables do not carry interest and are short-term in nature and are accordingly recognised at fair value.

Liabilities

Financial liabilities

Financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Financial liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Deamon Limited

Notes to the Financial Statements

For the year ended 31 March 2021 (continued)

1. Significant accounting policies (continued)

Functional and Foreign Currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Sterling, which is the Company's functional and presentation currency.

At each balance sheet date, monetary assets and liabilities that are denominated in foreign currencies are translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences are recognised in profit or loss in the period in which they arise. Transactions denominated in foreign currencies are translated into Sterling at the rate of exchange ruling at the date of the transaction.

Taxation

Current tax is the expected tax payable on the taxable income for the year, using tax rates that have been enacted or substantively enacted at the date of the Balance Sheet.

Deferred tax is the tax expected to be payable or recoverable on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

Deferred tax assets and liabilities are not recognised if the temporary differences arise from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit. Deferred tax liabilities are recognised for taxable temporary differences arising on investments, except where the Company is able to control the timing of the reversal of the difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited to the Profit and Loss Account except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off tax assets against tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis. Deferred tax assets and liabilities are not discounted.

Deamon Limited

Notes to the Financial Statements

For the year ended 31 March 2021 (continued)

2. Critical accounting judgements, estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below. The Company based its assumptions and made estimates based on the information available when the Financial Statements were prepared. However these assumptions and estimates may change based on market changes or circumstances beyond the control of the Company.

Critical estimates in applying the Company's accounting policies – revenue recognition:

Estimated royalty revenue receivable is accrued for on the basis of historical earnings for the Catalogue of Songs, which incorporates an element of uncertainty. The estimated revenue accrual may not therefore directly equal the actual cash received in respect of each accounting period and adjustments may therefore be required throughout the financial period when the actual revenue received is known, and these adjustments may be material.

Revenues also include an accrual for performance income, to account for the writer's share of performance royalties which are subject to a significant time lag in reporting in the industry, but which the Company is entitled to receive in due course. In making the estimate, the Company uses its analysis of the Catalogue's revenue history as well as its knowledge of the performance trends.

Expected Credit Loss (ECL) in relation to revenue receivables

Royalty earnings for accruals and receivables recognised in the period are distributed by Performance Rights Organisations (PROs), Publishers and Record Labels who collect royalties at the source of usage and distribute those earnings both directly to the Company.

The Company's current risk assessment includes analysis of the exposure to commercial risk by PROs Publishers and Record Labels, and the likely impact of their credit risk on its revenue streams.

The probability of future default has been deemed close to nil, due to the long-standing history of PROs, Publishers and Record Labels within the music industry and the existing framework of cash collection amongst the Company's stakeholders. Whilst there are smaller/newer organisations that have relatively unproven credit resilience these account for a small minority of our receivables.

3. Revenue

	1 April 2020 to 31 March 2021	1 April 2019 to 31 March 2020 <i>Un-audited</i>
	£	£
Mechanical income	36,260	-
Performance income	293,617	-
Digital downloads income	9,926	-
Streaming income	243,102	-
Print income	118,692	-
Other income	30,207	-
	731,804	-

Deamon Limited

Notes to the Financial Statements For the year ended 31 March 2021 (continued)

4. Operating expenses

	1 April 2020 to 31 March 2021 £	1 April 2019 to 31 March 2020 <i>Un-audited</i> £
Administration fees	8,458	-
Other expenses	2,654	15,658
	11,112	15,658

5. Taxation

The major components of income tax expense for the year ended 31 March 2021 are:

Current Income tax

	1 April 2020 to 31 March 2021 £	1 April 2019 to 31 March 2020 <i>Un-audited</i> £
Current tax charge on profits for the year	136,931	-
Total current tax charge	136,931	-
Total tax charge per Profit and Loss Account	136,931	-

The actual tax charge for the current year is calculated as per the below:

	1 April 2020 to 31 March 2021 £	1 April 2019 to 31 March 2020 £
