NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2010

1. ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements

1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention as modified by the revaluation of fixed asset investments and in accordance with applicable accounting standards

Investments in partnerships, where the company does not have the power to govern or exercise significant influence over the financial and operating policies of the investee entity, are stated at directors' valuation which includes any accrued profit share. Any valuation deficits below cost which are considered permanent are written off to the profit and loss account.

1.4 Deferred taxation

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that the recognition of deferred tax assets is limited to the extent that the company anticipates to make sufficient taxable profits in the short term to absorb the reversal of the underlying timing differences.

1.5 Support

The parent undertaking, Prestbury Investment Holdings Limited, has confirmed that it will provide financial support sufficient for the company to continue as a going concern for the foreseeable future.
