1 Accounting policies

1.1 Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with the Companies Act 2006, applicable UK accounting standards (United Kingdom Generally Accepted Accounting Practice) and in accordance with the Financial Reporting Standard for Smaller Entities (April 2008)

The company was, at the end of the year, a wholly owned subsidiary of European Metal Recycling Limited, incorporated in England and Wales, and in accordance with section 400(1) of the Companies Act 2006, is not required to produce, and has not, published consolidated accounts. Accordingly, these accounts present information about the company and not about the group.

Going concern

As detailed in the financial statements of European Metal Recycling Limited, the group has considerable financial resources together with long term relationships with a number of customers and suppliers across different geographical areas and industries. As a consequence, the directors of European Metal Recycling Limited believe that the group is well placed to manage its business risks successfully despite the current uncertain economic outlook. The group's forecasts and projections, taking account of reasonably possible changes in trading performance, show that the group will be able to operate within the levels of its current facilities. After making enquiries, the directors have a reasonable expectation that the group, and therefore the company, have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in the preparation of these financial statements.

Cash flow statement

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.2 Changes in accounting policies

The company's accounting policies are unchanged compared with the prior year. The directors have reviewed the accounting policies in accordance with FRS 18, and consider them to be the most appropriate to the company's circumstances.

1.3 Investments

Fixed asset investments are included at cost, less amounts provided for any diminution in value.

2 Directors and employees

None of the directors received any remuneration from the Company. The directors are remunerated by the parent company and their remuneration is disclosed in the financial statements of the parent company.
