**NOTES TO THE FINANCIAL STATEMENTS  
for the Year Ended 31 October 2021**

**1. STATUTORY INFORMATION**

Kristos Media Trading Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The company has net current liabilities of £8,072 (2020: £8,072) and is dependent on the continuing support of its parent company, Kristos Media, for the continuation of its activities. Kristos Media has provided formal confirmation to the company that it will not withdraw its financial support for a period of at least 12 months from the date of signing these accounts.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Equipment - straight line over 3 years

Tangible fixed assets are recorded at cost less depreciation and impairment.

**Impairment of assets**

At each reporting date assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in the profit and loss.

Where an impairment loss subsequently reverses, the carrying amount of each asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately.

**Financial instruments**

Short term financial assets, including trade and other debtors and cash and bank balances, are measured at the transaction price. Financial assets that have no stated interest rate and are recoverable within one year shall be measured at the undiscounted amount due.

Short term financial liabilities, including trade and other creditors, are measured at the transaction price. Financial liabilities that have no stated interest rate and are payable within one year shall be measured at the undiscounted amount due.
