Notes to the Abbreviated Accounts

For the year ending 30 June 2010

1 Accounting policies

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax, except in respect of service contracts where turnover is recognised when the company obtains the right to consideration.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred taxation has not been provided in these accounts as, in the opinion of the directors, there is reasonable probability that the asset will not arise in the foreseeable future. This does not comply with the Financial Reporting Standard for Smaller Entities (effective April 2008) paragraph 9.4. If full provision for deferred taxation was made in these accounts, there would be a liability at the balance sheet date of £7,295 (2009: £1,643).

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Research and development

Research expenditure is written off as it is incurred and charged to the profit and loss account. Development expenditure is written off as it is incurred, except where there is a separate project that is technically, commercially and financially viable. In these cases, the identifiable expenditure is deferred until the project is financially viable.

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.
