3. **ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

The financial statements are prepared on a going concern basis and under the historical cost convention.

**Related party exemption**

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

**Significant judgements and estimates**

In the application of the company's accounting policies, which are described in note 3, management is required to make judgements estimates and assumptions about the carrying value of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The Key sources of estimation uncertainty that have a significant effect on the amounts recognised in the financial statements are described below.

**- Useful Economic Life of Tangible Assets**

The annual depreciation charge for tangible fixed assets is sensitive to changes in the estimated useful lives and residual values of the assets. The useful economic lives and residual values are re-assessed annually. They are amended when necessary to reflect current estimates, based on technological advancement, future investments, economic utilisation and physical condition of the assets.

3. ACCOUNTING POLICIES - continued

**Turnover**

Turnover represents the total invoice value, excluding value added tax, trade discounts and all other taxes of sales made during the year.

**Income recognition**

Income is recognised when goods have been delivered and services supplied to customers such that risks and rewards of ownership have transferred to them.
