I write to provide you with my final progress report for the Administrations of the Group, which includes details of the outcomes The report covers the period 6 February 2014 to 24 April 2014

This report should be read in conjunction with the Joint Administrators' previous reports dated 12 December 2011, 25 May 2012, 26 November 2012, 5 February 2013, 23 August 2013 and 28 February 2014

The Group had a complicated structure, consisting of an additional 59 companies outside of the Administration process. For further information, a simplified structure chart of the Group can be found at Appendix 1.

Summary of the Proposals

As set out in the Proposals the purpose of an administration is to achieve one of three objectives

- a To rescue the Group as a going concern,
- b To achieve a better result for the Group's creditors as a whole than would be likely if the Group were wound up (without first being in administration),
- c To realise property in order to make a distribution to one or more secured or preferential creditors

Insolvency legislation provides that objective (a) should be pursued unless it is not reasonably practicable to do so or if objective (b) would achieve a better result for the Group's creditors as a whole Objective (c) may only be pursued if it is not reasonably practicable to achieve either objective (a) or (b) and can be pursued without unnecessarily harming the interests of the creditors of the Group as a whole

The possibility of rescuing the Group through the sale of the business as a going concern was explored prior to the Joint Administrators' appointment. However, given the level of secured debt and onerous property leases, there was insufficient interest to make objective (a) practicable. Consequently, the Joint Administrators pursued objective (b), with a view to achieving the sale of the business and assets of the Group

Following pre-appointment strategic sale and valuation advice from Christie & Co, the Joint Administrators' strategy on appointment was to achieve the highest realisable value for creditors via a going concern sale of the nightclubs. The advice received was that this was most likely to be achieved via a portfolio sale of the business and assets of the Group as a whole. To this end, the decision was made to trade the Group in the short term with a view to marketing the business and assets for sale, whilst capitalising on trading revenue in the short term.

The appointments were made immediately prior to the Halloween weekend, a historically profitable trading period for the Group, being the second highest seasonal trading weekend. As a result, the Joint Administrators took the decision to trade the entire nightclub portfolio for this weekend until 31 October 2011. The Joint Administrators undertook an immediate club by club review of the trading portfolio, taking into account recent trading performance, forecast profitability and one off events. As a result of the review, 11 clubs were closed on 1 November 2011, followed by a further club on 8 November 2011.

The remainder of the portfolio continued to trade until the Joint Administrators achieved a sale of the business and assets on 9 December 2011

The Administrators were of the opinion that the Companies had insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of the Prescribed Part. Therefore, in accordance with the provisions of paragraph 52(1) of Schedule B1 to the Act, they did not call an initial creditors' meeting for the Companies.

No creditors' meeting was requisitioned pursuant to paragraph 49 of the Act and, as a result, on 5 January 2012 the Proposals were deemed to have been approved

Deferred consideration

As detailed in previous reports, the deferred consideration of c £14 2m has been collected in full, together with interest of c £670,333

Contingent consideration

c £3 7m of the sale consideration was contingent on the successful assignment of 46 leasehold premises to the Purchaser

A total of 35 assignments have been completed to date, crystallising c £3 0m of the contingent consideration for the benefit of the creditors. A further 3 are still being negotiated and 8 have been vacated. The Joint Liquidators will maintain regular dialogue with the Purchaser going forward, who are continuing negotiations with the remaining Landlords.

The uncollectable provision of £618,800 relates to 8 sites where it has not been possible, or is not expected, for the Purchaser to obtain an assignment of the leases and 2 sites where we have agreed a commercial reduction in the consideration payable

Following deduction of the provisions discussed above, we anticipate potential further realisations of £94,075 in respect of the contingent consideration for the Joint Liquidators

Trading receipts

No further trading receipts have been collected since our last report

c £253,000 of debtor balances remain outstanding. These are discussed further on page 7 of this report.

Insurance

There remain 87 active pre-appointment personal injury claims, to the value of c £866,449, which our insurance brokers, JLT, are managing on our behalf. These rank as non-preferential claims

No further claims relating to the Administration period have been received since our last report 19 claims have been received to date in this regard. As reported previously, the excess on the insurance policy is £15,000 per claim, which will rank as an expense in the Administration. We continue to provide for £300,000 for the settlement of these claims in the calculation of the estimated distribution to creditors

Rent, rates and service charges

Since our last report to creditors further rent and rates totalling £981 49 have been settled by the Joint Administrators. We do not anticipate any further expenses in relation to rent, rates and services charges for the Group

The Group remains contractual tenants of all leasehold premises that have yet to be assigned to the Purchaser, unless released by the respective landlords. In this regard, the Purchaser operates the remaining premises under a license agreement at the unassigned sites, with the arrangement that they are responsible for reimbursing the Group for all costs until the assignments are completed.

Joint Administrators' Remuneration

The Joint Administrators' remuneration was fixed on a time-cost basis by the secured creditors. During the period from 27 October 2011 to the 18 April 2014, the Administrators have incurred time costs of c £5,805,785. Of this sum, c £3,719,242 has been drawn with the approval of the secured creditors.

Due to insufficient Fixed Charge realisations in respect of Finance and Plc, with the permission of the secured creditors, our fees in relation to these companies have been drawn from other Group entities. These recharges will not affect distributions to floating charge creditors.

An analysis of the time spent is attached as Appendix 3 to this report. At Appendix 4 there is a statement of the Administrators' policy in relation to charging time and disbursements.

Entity	(C)	Dawn to Date (2)
Luminar Finance Limited	£92,303 11	£40,485 00

Tiotal ' ' ' ' ' '	£5,805,784.73	£3.719.232.00

As discussed in previous reports, A M Hudson, A R Bloom and T Lukic were also appointed as Joint Administrators over Luminar Dancing (2006) Limited ("Dancing"), Luminar Holdings Limited ("Holdings") and Luminar IP (2) Limited ("IP2") on 28 October 2011, and, Luminar Dancing Finance ("LDF") and Liquid Nightclub Limited ("LNL") on 8 February 2012 These Administrations have subsequently been concluded

Total Joint Administrators fees of c £83,421 were drawn in relation to these entities with the permission of the secured creditors and are reflected in the consolidated abstract of receipts and payments on page 8. Due to insufficient Fixed Charge realisations in these entities, with the permission of the secured creditors, our fees in relation to these companies have been drawn from other Group entities. These recharges will not affect distributions to floating charge creditors.

£2,404 has been passed to the Joint Liquidators in respect of reimbursement from the Purchaser for fees incurred under indemnity provisions in the sale of business agreement. Further reimbursements are expected in this regard in due course, which will collected by the Joint Liquidators. It is intended that these fees will be drawn from fixed charge funds at a later date with the permission of the secured creditors, together with any further cost contributions.

Other than the additional fees drawn via reimbursements from the Purchaser, discussed above, the remaining time costs incurred by the Joint Administrators will not be drawn from the estates due to insufficient realisations

Joint Administrators' Disbursements

During the period from 27 October 2011 to the 18 April 2014, the Administrators have incurred expenses totalling c £87,938 plus VAT. Of this sum, c £86,313 has been drawn with the permission of the secured creditors. An analysis of the expenses charged, in addition to an analysis of Category 2 disbursements by entity (ie, those disbursements paid to the Joint Administrators' firm) is attached as Appendix 3.

In certain circumstances, creditors are entitled to request further information regarding the Administrators' remuneration or expenses, or to apply to court on the grounds that the costs are considered to be excessive (Rules 2 48A and 2 109 of the Insolvency Rules 1986) Further information is provided in Appendix 5

Pre-administration costs

As previously stated the Administrators' proposals dated 12 December 2011 included a statement of preadministration costs which were outstanding at the date on which the company entered administration On 26 March 2012, payment of the unpaid costs, totalling c £247,337 was approved by the secured creditors and drawn from the Administration estates. Of this sum c £7,078 related to Dancing, IP2 and Holdings, discussed above

Secured Creditors

Lloyds Banking Group PLC is the security trustee for the syndicated loans. The secured creditors also include, Barclays Bank PLC and the Royal Bank of Scotland PLC.

These borrowings were secured by fixed and floating charges over the assets of the Group together with cross guarantees between entities. As at 27 October 2011 the secured creditors indebtedness was c £112 4m. It is still estimated that the secured creditors will experience a significant shortfall following distribution of the net fixed and floating charge realisations from the Administrations.

Preferential Creditors

There has been no change to the preferential creditor position since our last report, these are still estimated to be nil

Non-preferential Creditors

Whilst claims continue to be submitted, the current levels of non-preferential creditor balances are set out below

Entity	Total .
Luminar Finance Limited	659,985,975 30
Luminar Gems Limited	98,459,828.63
Luminar Group Holdings plc	2,562,766 78
Luminar Lava Ignite Limited	26,563,060 59
Luminar Leisure Limited	47,900,922 19
Luminar Liquid Limited	33,986,562 40
Luminar Oceana Limited	37,678,507 69
Total	907,137,623.58

The non preferential creditors will receive a dividend via the Prescribed Part. This is discussed in further detail below. The total creditor balance includes known inter-company loans, trade creditors, taxation and the insurance excesses on personal injury claims.

The Prescribed Part

The Prescribed Part is a proportion of floating charge assets set aside for non-preferential creditors pursuant to Section 176A of the Insolvency Act 1986. The Prescribed Part applies to floating charges created on or after 15 September 2003 and will be distributed to creditors by the Joint Liquidators in due course.

In a number of Group companies, the non-preferential creditors will be entitled to a dividend from the Prescribed Part funds

The Joint Administrators estimate, to the best of their knowledge and belief, that

- ► The value of the net property of Finance will be c £259,193 and the value of the Prescribed Part will be c £54,839
- ► The value of the net property of Gems will be c £582,975 and the value of the Prescribed Part will be c £119,595
- ► The value of the net property of Pic will be c £70,590 and the value of the Prescribed Part will be c £17,118
- ► The value of the net property of Lava Ignite will be c £152,884 and the value of the Prescribed Part will be c £33.577
- ► The value of the net property of Leisure will be c £1,098,162 and the value of the Prescribed Part will be c £222,632
- ► The value of the net property of Liquid will be c £1 661,195 and the value of the Prescribed Part will be c £335.239
- ► The value of the net property of Oceana will be c £1,694,167 and the value of the Prescribed Part will be c £341,833

Distributions to Creditors

As discussed above, we estimate that there will be distributions via the Prescribed Part to nonpreferential creditors from all companies in the Group via the Joint Liquidators

There remain a number of issues to be resolved before we can provide a more accurate estimate of the Prescribed Part distributions and the potential impact on recoveries, which include,

- Realisation of the remaining floating charge assets, primarily including debtors and rates refunds
- Further verification of all remaining expenses of the Administrations, primarily in relation to claims under the insurance policy and related run-off insurance
- Confirmation of the level of external creditors which will, in part, be dependent on the success in assigning the remaining leases to the Purchaser

The Outcome of the Administrations

The Joint Administrators felt that it was no longer cost effective to extend the administrations any further, as all remaining issues can be dealt with by the Joint Liquidators under their powers in the Insolvency Act 1986 and as such the Group has now moved into Creditors Voluntary Liquidation ("CVL") In addition, there remain a number of onerous leasehold interests of the Group that require the powers of a liquidator to disclaim, which cannot be achieved in an Administration process

In this regard, the Group moved into CVL on 24 April 2014, and in accordance with the terms of the Proposals, Patrick Joseph Brazzill and Alan Michael Hudson of Ernst & Young LLP were appointed as Joint Liquidators

I should you have any queries, please do not hesitate to contact my colleague Liam McCausland on the above details

Yours faithfully

for the Group (formerly in Administration)

Office Holders' Charging Policy for Fees

The Administrators have engaged managers and other staff to work on the Administrations. The work required is delegated to the most appropriate level of staff taking account of the nature of the work and the individual's experience. Additional assistance is provided by accounting and treasury executives dealing with the company's bank accounts and statutory compliance diaries. Work carried out by all staff is subject to the overall supervision of the Administrators.

All time spent by staff working directly on case-related matters is charged to a time code established for the case. Each member of staff has a specific hourly rate, which is subject to change over time. The average hourly rate for each category of staff over the period is shown in Appendix 2, and the current hourly rates used as shown below. The current hourly rates may be higher than the average rates, if hourly rates have increased over the period covered by this report.

Office Holders' Charging Policy for Disbursements

Statement of Insolvency Practice No 9 ("SIP 9") published by R3 (The Association of Business Recovery Professionals) divides disbursements into two categories

Category 1 disbursements comprise payments made by the office holders' firm, which comprise specific expenditure relating to the administration of the insolvents' affairs and referable to payment to an independent third party. These disbursements can be paid from the insolvents' assets without approval from the Committee. In line with SIP 9, it is our policy to disclose such disbursements drawn but not to seek approval for their payment.

Category 2 disbursements are charges made by the office holder's firm that include elements of shared or overhead costs. Statement of Insolvency Practice No. 9 provides that such disbursements are subject to approval as if they were remuneration. It is our policy, in line with the Statement, to seek approval for Category 2 disbursements before they are drawn.
