Former registered office:	59-60 Grosvenor Street, London W1K 3HZ
Registered number:	05890097

Kindly note that I have joined Opus Restructuring LLP with effect from 1 October 2019.

Liquidator's Actions since Appointment

HM Revenue & Customs

The Declaration of Solvency sworn by the Director on 10 December 2018 showed no liability to HM Revenue & Customs ("HMRC") in relation to Corporation Tax ("CT").

Upon appointment, I contacted the relevant offices of HMRC for details of any claim in the liquidation, or details of any outstanding returns to be filed before any claim could be finalised.

Confirmation of no claim and clearance for CT purposes was provided by HMRC Corporation Tax Services on 2 December 2019.

As an additional precaution, I confirmed with the Company's former accountants that there was no PAYE scheme and that the Company was not registered for VAT. This was confirmed on 3 March 2020.

HMRC's dedicated Members Voluntary Liquidation ("MVL") office, part of the Insolvency Claims Handling Unit ("ICHU"), confirmed that they have no claim and provided clearance to close for VAT and PAYE purposes on 4 March 2020.

Other Creditor Claims/Costs of the Liquidation

There were no known creditor claims and none have been received.

Notice to any creditors to submit claims was advertised in the London Gazette on 17 December 2018. The deadline given by which any claims were to be made was 31 January 2019. This was solely in compliance with my obligations as Liquidator as no creditors of the Company were known to me.

No claims were received by the stipulated date.

First and Final Distribution in Specie

A first and final distribution in specie of the assets shown on the Distribution of Solvency, being a debtor balance of £2, was made to the shareholder on 13 December 2018. This was based on their shareholding of 4,221 Ordinary A shares of £0.0001 and 10,000 Original shares of £0.0001, which was 100% of the issued share capital. The value distributed equated to £0.00014064 per share held. The value of the assets is based on the final balances provided for the Declaration of Solvency. The total amount distributed in this return of capital was £2.

Other

There is certain work that I am required by the insolvency legislation to undertake in connection with the liquidation that provides no financial benefit for the creditors. A description of the routine work undertaken since my appointment is as follows:-

1. Administration

- Case planning - devising an appropriate strategy for dealing with the case and giving instructions to the staff to undertake the work on the case.
- Setting up & maintaining physical/electronic case files.
- Setting up & maintaining the case on the practice's electronic case management system and entering data.
- Issuing the statutory notifications to creditors and others required on appointment as office holder, including gazetting the office holder's appointment.
- Obtaining a specific penalty bond.
- Dealing with all routine correspondence and emails relating to the case.
- Reviewing the adequacy of the specific penalty bond on a quarterly basis.
- Undertaking periodic reviews of the progress of the case.
- Overseeing and controlling the work done on the case by case administrators.
- Preparing, reviewing and issuing annual progress reports to creditors and members.
- Filing returns at Companies House.
- Preparing and filing Corporation Tax returns.

2. Creditors

- Dealing with creditor correspondence, emails and telephone conversations regarding their claims.
- Maintaining up to date creditor information on the case management system.

Receipts and Payments Account

My Receipts & Payments Account for the period from 10 December 2018 to 22 October 2020, and for the period of the liquidation to date, is enclosed, reflecting a cash balance held at 22 October of £ Nil.

Assets

The Director advised that the Company had no assets as at the date of liquidation, except as stated above.

Debtor Balance

This has been dealt with as above.

Liabilities

Secured Creditors

An examination of the Company's mortgage register held by the Register of Companies showed that the Company has no current charges over its assets.

Prescribed Part

The legislation requires that if the Company has created a floating charge after 15 September 2003, a prescribed part of the Company's net property (ie the money that would otherwise be available to the charge holder) should be ring-fenced for distribution to unsecured creditors. In this case there were no creditors secured by a floating charge, so the prescribed part provisions do not apply.

Preferential Creditors

The Declaration of Solvency reflected no preferential debts owed by the Company. No such claims were subsequently received.

Crown Creditors

As previously stated, the Declaration of Solvency reflected no liability to HMRC.

Confirmation was provided by HMRC Corporation Tax Services on 3 December 2019 that they had no claim. HMRC ICHU confirmed that they had no claim on 4 March 2020.

Unsecured Creditors

The Declaration of Solvency reflected no unsecured creditor liabilities.

As previously described, notice to any creditors to submit claims was advertised in the London Gazette on 17 December 2018. The deadline given by which any claims were to be made was 31 January 2019. This was solely in compliance with my obligations as Liquidator as no creditors of the Company were known to me.

No claims were received by the stipulated date.

Share Capital

The following distributions were made to the Members:-

Date	Amount of distribution	Rate of distribution per share
13 December 2018	£ 2	£0.00014064 per share

Pre-Appointment Remuneration

Members resolved at the meeting held on 10 December 2018 that the total payable in respect of the pre-liquidation fee be agreed as £2,250 plus disbursements and VAT.

The pre-liquidation costs related to assistance with preparing the Declaration of Solvency, producing and circulating the notice for the meeting of members prior to my appointment.

The fee agreed was settled by a third party prior to liquidation.

Liquidator's Remuneration

No specific provision has been made in respect of Liquidator's costs.

A copy of "A Members' Guide to Liquidator's Fees" published by the Association of Business Recovery Professionals may be found at the link:-
http://www.streetssp.co.uk/sites/www.streetssp.co.uk/files/images/a_members_guide_to_liquidations_fees_england_and_wales.docx.

A hard copy of the Members' Guide can be obtained on request from this office. I also enclose a copy of the Streets SPW guide(s) to fees and disbursements for the period covered by this report.

A copy of the Streets SPW's most current Practice Fee Recovery policy is enclosed, which also details the previous charge out rates utilised by that firm, although this is academic as my fees were not approved on this basis. A copy of a schedule of Opus Restructuring LLP's charge out rates and disbursements is also enclosed.

Liquidator's Expenses

I have incurred disbursements to 22 October 2020 of £113.38 net.

I have been unable to draw any reimbursement of these costs in the period since my appointment.

I have incurred the following disbursements in the period since my appointment as Liquidator:-

Type of expense	Amount incurred/accrued in the reporting period
-----------------	---

Specific Bond	£ 17.50
Statutory Advertising	£ 95.88

I have incurred no category 2 disbursements in this reporting period.

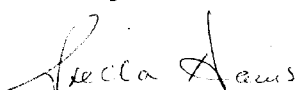

The winding up of the Company is now complete and I will shortly deliver a copy of this final account to the Registrar of Companies as stated in the accompanying notice.

For your information, please find enclosed schedules of Opus Restructuring LLP's and Streets SPW's current and previous disbursement charges for the period of the liquidation, which I trust you will find self-explanatory.

Licensed Insolvency Practitioners

Practice Fee Recovery Policy for Streets SPW

Introduction

The insolvency legislation was changed in October 2015, with one or two exceptions, for insolvency appointments made from that time. This sheet explains how we intend to apply the alternative fee bases allowed by the legislation when acting as office holder in insolvency appointments. The legislation allows different fee bases to be used for different tasks within the same appointment. The fee basis, or combination of bases, set for a particular appointment is/are subject to approval, generally by a committee if one is appointed by the creditors, failing which the creditors in general meeting, or the Court.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at www.streetsspw.co.uk/creditors-guides. Details about how an office holder's fees may be approved for each case type are available in a series of guides issued with Statement of Insolvency Practice 9 (SIP 9) and can be accessed at www.streetsspw.co.uk/creditors-guides. Alternatively a hard copy may be requested from Streets SPW, Gable House, 239 Regents Park Road, London N3 3LF. Please note that we have provided further details in this policy document.

Once the basis of the office holder's remuneration has been approved, a periodic report will be provided to any committee and also to each creditor. The report will provide a breakdown of the remuneration drawn. If approval has been obtained for remuneration on a time costs basis, i.e. by reference to time properly spent by members of staff of the practice at our standard charge out rates, the time incurred will also be disclosed, whether drawn or not, together with the average, or "blended" rates of such costs. Under the legislation, any such report must disclose how creditors can seek further information and challenge the basis on which the fees are calculated and the level of fees drawn in the period of the report. Once the time to challenge the office holder's remuneration for the period reported on has elapsed, then that remuneration cannot subsequently be challenged.

Under the old legislation, which still applies for insolvency appointments commenced before 6 April 2010, there is no equivalent mechanism for fees to be challenged.

Time cost basis

When charging fees on a time costs basis we use charge out rates appropriate to the skills and experience of a member of staff and the work that they perform. This is combined with the amount of time that they work on each case, recorded in 6 minute units with supporting narrative to explain the work undertaken.

Streets SPW charge-out rates

Grade of staff	Current charge-out per hour (£) effective from 1 February 2017	Previous charge-out per hour (£) effective from 1 February 2016
Partner (appointment-taker)	400-500	400-500
Manager	250	250
Assistant manager	225	200
Administrator (all levels)	200	175
Assistant & support staff	100	100

Where necessary and appropriate, members of staff from SPW (UK) LLP, a connected accountancy and tax practice of which Streets SPW is a trading name in respect of insolvency work undertaken by the LLP, will undertake work on a case on either a time cost (charged at their normal charge-out rate) or fixed fee basis.

SPW (UK) LLP charge-out rates

Grade of staff	Current charge-out rate per hour (£) effective from 1 January 2018	Previous charge-out rate per hour (£) effective from 1 January 2015
Partner	325	275
Associate	200	175
Manager	175	150
Senior	125	105
Semi-senior	75	65
Junior	55	45

These charge-out rates charged are reviewed on 1 January each year and are adjusted where necessary to take account of inflation and the firm's overheads.

Time spent on casework is recorded directly to the relevant case using a computerised time recording system and the nature of the work undertaken is recorded at that time. Each unit of time is 6 minutes. The work is recorded under the following categories: -

- Administration and Planning
- Case Specific Matters
- Creditors
- Investigations
- Realisation of Assets
- Trading

In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and on new appointments we may seek time costs for all categories.

When we seek time costs approval we have to set out a fees estimate. That estimate acts as a cap on our time costs so that we cannot draw fees of more than the estimated time costs without further approval from those who approved our fees. When seeking approval for our fees, we will disclose the work that we intend to undertake, the hourly rates we intend to charge for each part of the work, and the time that we think each part of the work will take. We will summarise that information in an average or "blended" rate for all of the work being carried out within the estimate. We will also say whether we anticipate needing to seek approval to exceed the estimate and, if so, the reasons that we think that may be necessary.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If we subsequently need to seek authority to draw fees in excess of the estimate, we will say why we have exceeded, or are likely to exceed the estimate; any additional work undertaken, or proposed to be undertaken; the hourly rates proposed for each part of the work; and the time that the additional work is expected to take. As with the original estimate, we will say whether we anticipate needing further approval and, if so, why we think it may be necessary to seek further approval.

Percentage basis

The legislation allows fees to be charged on a percentage of the value of the property with which the office holder has to deal (realisations and/or distributions). Different percentages can be used for different assets or types of assets. In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and we now seek remuneration on a percentage basis more often. A report accompanying any fee request will set out the potential assets in the case, the remuneration percentage proposed for any realisations and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The percentage approved in respect of realisations will be charged against the assets realised, and where approval is obtained on a mixture of bases, any fixed fee and time costs will then be charged against the funds remaining in the liquidation after the realisation percentage has been deducted.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a percentage basis then an increase in the amount of the percentage applied can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the percentage applied. If there has not been a material and substantial change in the circumstances then an increase can only be approved by the Court.

Fixed fee

The legislation allows fees to be charged at a set amount. Different set amounts can be used for different tasks. In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and we now seek remuneration on a fixed fee basis more often. A report accompanying any fee request will set out the set fee that we proposed to charge and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a fixed fee basis then an increase in the amount of the fixed fee can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the fixed fee. If there has not been a material and substantial change in the circumstances then an increase can only be approved by the Court.

Members' voluntary liquidations and voluntary arrangements

The legislation changes that took effect from 1 October 2015 did not apply to members' voluntary liquidations (MVL), Company Voluntary Arrangements (CVA) or Individual Voluntary Arrangements (IVA). In MVLs, the company's members set the fee basis, often as a fixed fee. In CVAs and IVAs, the fee basis is set out in the proposals and creditors approve the fee basis when they approve the arrangement.

All bases

With the exception of Individual Voluntary Arrangements and Company Voluntary Arrangements which are VAT exempt, the officeholder's remuneration invoiced to the insolvent estate will be subject to VAT at the prevailing rate.

Agent's costs

Charged at cost based upon the charge made by the Agent instructed, the term Agent includes:

- Solicitors/Legal Advisors
- Auctioneers/Valuers
- Accountants
- Quantity Surveyors
- Estate Agents
- Other Specialist Advisors

In new appointments made after 1 October 2015, the office holder will provide details of expenses to be incurred, or likely to be incurred, when seeking fee approval. When reporting to the committee and creditors during the course of the insolvency appointment the actual expenses incurred will be compared with the original estimate provided.

Disbursements

In accordance with SIP 9 the basis of disbursement allocation in respect of disbursements incurred by the office holder in connection with the administration of the estate must be fully disclosed to creditors. Disbursements are categorised as either category 1 or category 2.

Category 1 expenses are directly referable to an invoice from a third party, which is either in the name of the estate or Streets SPW; in the case of the latter, the invoice makes reference to, and therefore can be directly attributed to, the estate. These disbursements are recoverable in full from the estate without the prior approval of creditors either by a direct payment from the estate or, where the firm has made payment on behalf of the estate, by a recharge of the amount invoiced by the third party. Examples of category 1 disbursements are statutory advertising, external meeting room hire, external storage, specific bond insurance and company search fees.

Category 2 expenses are incurred by the firm and recharged to the estate; they are not attributed to the estate by a third party invoice and/or they may include a profit element. These disbursements are recoverable in full from the estate, subject to the basis of the disbursement charge being approved by creditors in advance. Examples of category 2 disbursements are photocopying, internal room hire, internal storage and mileage.

It is proposed that the following category 2 disbursements are recovered: -

Mileage	45p per mile
Money Laundering Check Software	£15 per case per annum
Photocopying	15p per sheet
Internal Room Hire	£100 per hour
Internal Storage	£10 per box per 6 months

Where these have initially been paid by Opus Restructuring LLP and then recharged to the case, approval from creditors is not required. The amount recharged is the exact amount incurred.

Examples of Category 1 disbursements include postage, case advertising, specific bond insurance, company search fees, invoiced travel and properly reimbursed expenses incurred by personnel in connection with the case, (including business mileage up to the HMRC approved rate for cases commenced before 1 November 2011.) Also included will be services specific to the case where these cannot practically be provided internally such as printing, room hire and document storage.

Category 2 disbursements include elements of shared or allocated costs incurred by Opus Restructuring LLP and are recharged to the estate; they are not attributed to the estate by a third party invoice and/or they may include a profit element. These disbursements are recoverable in full, subject to the basis of the disbursement charge being approved by creditors in advance. Examples of Category 2 disbursements are photocopying, all business mileage (for cases commencing on or after 1 November 2011), internal room hire and internal storage.

The current levels of Category 2 disbursements recovered by Opus Restructuring LLP are as follows:
