For the year ending 30 September 2021 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Director's responsibilities:

- The member has not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The director acknowledges their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with Section 1A of FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006, the statement of income and retained earnings has not been delivered.

All of the members have consented to the preparation of the abridged statement of financial position for the current year ending 30 September 2021 in accordance with Section 444(2A) of the Companies Act 2006.

These financial statements were approved by the board of directors and authorised for issue on 30 June 2022 , and are signed on behalf of the board by:

Mr Guy Lambert

Director

Company registration number: 5928008

# **GUY LAMBERT PRODUCTIONS LIMITED**

## **Notes to the financial statements**

**Year ended 30 September 2021**

### **1. General information**

The company is a private company limited by shares, registered in England. The address of the registered office is Unit 2 Beverley Court, 26 Elmtree Road, Teddington, Middlesex, TW11 8ST.

### **2. Statement of compliance**

These financial statements have been prepared in compliance with the provisions of FRS 102, Section 1A, 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. The Triennial review 2017 amendments to the standard have been early adopted.

### **3. Accounting policies**

#### **Basis of preparation**

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

#### **Going concern**

As with most businesses we have been impacted by Covid 19. This has had an impact on our operations, customers, suppliers and staff. We have (where appropriate) utilised the grants and benefits available from the Government and are taking all the steps we can to protect the future of our business. The directors have taken the following steps to mitigate the risk of Covid 19:- Increased monitoring of cash flows- Reviewed availability of credit facilities. The directors have also considered the effect of Brexit on the business and, as most sales are UK based, do not feel that there will be any major implications for the company. Although the total impact of Covid-19 and Brexit are uncertain, the directors believe that it is appropriate to prepare the accounts on a going concern basis.

#### **Turnover**

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

## **Taxation**

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in the statement of comprehensive income, except to the extent that it relates to items recognised in other comprehensive income or directly in capital and reserves. In this case, tax is recognised in other comprehensive income or directly in capital and reserves, respectively. Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

## **Tangible assets**

tangible assets are initially recorded at cost, and are subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in capital and reserves, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in capital and reserves in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in capital and reserves in respect of that asset, the excess shall be recognised in profit or loss.

## **Depreciation**

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

|                                 |   |                    |
|---------------------------------|---|--------------------|
| Fittings fixtures and equipment | - | 25 % straight line |
|---------------------------------|---|--------------------|

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of tangible assets, the depreciation is revised prospectively to reflect the new estimates.

## **Impairment**

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date. When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

## **Government grants**

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and the grants will be received. Government grants are recognised using the accrual model and the performance model. Under the accrual model, government grants relating to revenue are recognised on a systematic basis over the periods in which the company recognises the related costs for which the grant is intended to compensate. Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in income in the period in which it becomes receivable. Grants relating to assets are recognised in income on a systematic basis over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income and not deducted from the carrying amount of the asset. Under the performance model, where the grant does not impose specified future performance-related conditions on the recipient, it is recognised in income when the grant proceeds are received or receivable. Where the grant does impose specified future performance-related conditions on the recipient, it is recognised in income only when the performance-related conditions have been met. Where grants received are prior to satisfying the revenue recognition criteria, they are recognised as a liability.

## **Financial instruments**

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Debt instruments are subsequently measured at amortised cost. Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment. Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately. For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics. Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

#### 4. Staff costs

The average number of persons employed by the company during the year amounted to 1 (2020: 1 ).

The aggregate payroll costs incurred during the year were:

|                    | 2021              | 2020              |
|--------------------|-------------------|-------------------|
|                    | £                 | £                 |
| Wages and salaries | 8,851             | 8,500             |
|                    | <u>          </u> | <u>          </u> |

#### 5. Tangible assets

|                             | £                 |
|-----------------------------|-------------------|
| <b>Cost</b>                 |                   |
| At 1 October 2020           | 3,481             |
| Additions                   | 2,500             |
|                             | <u>          </u> |
| <b>At 30 September 2021</b> | <b>5,981</b>      |
|                             | <u>          </u> |
| <b>Depreciation</b>         |                   |
| At 1 October 2020           | 3,211             |
| Charge for the year         | 760               |
|                             | <u>          </u> |
| <b>At 30 September 2021</b> | <b>3,971</b>      |
|                             | <u>          </u> |
| <b>Carrying amount</b>      |                   |
| <b>At 30 September 2021</b> | <b>2,010</b>      |
|                             | <u>          </u> |
| At 30 September 2020        | 270               |
|                             | <u>          </u> |

## 6. Directors advances, credits and guarantees

During the year the director entered into the following advances and credits with the company:

### 2021

|                | Balance<br>brought<br>forward<br>£ | Advances<br>/(credits) to<br>the director<br>£ | Balance<br>o/standing<br>£ |
|----------------|------------------------------------|------------------------------------------------|----------------------------|
| Mr Guy Lambert | ( 25,434)                          | ( 9,579)                                       | ( 35,013)                  |
|                | <hr/>                              | <hr/>                                          | <hr/>                      |

### 2020

|                | Balance<br>brought<br>forward<br>£ | Advances<br>/(credits) to<br>the director<br>£ | Balance<br>o/standing<br>£ |
|----------------|------------------------------------|------------------------------------------------|----------------------------|
| Mr Guy Lambert | ( 24,908)                          | ( 526)                                         | ( 25,434)                  |
|                | <hr/>                              | <hr/>                                          | <hr/>                      |

## 7. Deferred tax

There is no provision for deferred tax because the timing differences are less than available losses.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
