NOTES TO THE ABBREVIATED ACCOUNTS

Period ended 31 March 2008

1. ACCOUNTING POLICIES

The financial statements are prepared in accordance with applicable accounting standards. The particular accounting policies adopted are described below.

Accounting convention

The Financial statements have been prepared under historical cost convention.

Deferred Taxation

Deferred taxation is provided on timing differences arising from the different treatment of items for accounting and taxation purposes, which are expected to reverse in future, calculated at rates at which its expected tax will arise.

Fixed Assets and Depreciation

Depreciation is provided at rates calculated to write off the cost of each asset over its expected useful life. Fixtures, equipment and furnishings are written off over four years on a straight line basis.

Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.
