Detailed below is FTI's policy in relation to:

- staff allocation and the use of sub contractors;
- professional advisors; and
- disbursements.

Staff allocation and the use of subcontractors

Our general approach to resourcing our assignments is to allocate staff with the skills and experience to meet the specific requirements of the case.

The constitution of the case team will usually consist of a Senior Managing Director, Managing Director, Director, Senior Consultant and Consultant. The exact constitution of the case team will depend on the anticipated size and complexity of the assignment and on larger, more complex cases, several Senior Consultants/Consultants may be allocated to meet the demands of the case.

With regard to support staff, we would advise that time spent by cashiers in relation to specific tasks on an assignment is charged. Only if there is a large block of time incurred by a member of the secretarial team, e.g., report compilation and distribution, do we seek to charge and recover our time in this regard.

Professional advisors

On this assignment we did not use any professional advisors.

In the lead up to the appointment, the Company utilised White & Case LLP to provide legal services. Any costs associated with these services have been settled outside of the liquidation estate.

We have utilised the services of other teams within FTI Consulting LLP to assist with the liquidation, including our tax team. Any associated costs for these services will not be claimed in the liquidation estate.

Disbursements

Category 1 disbursements do not require approval by creditors. The type of disbursements that may be charged as a Category 1 disbursement to a case generally comprise of external supplies of incidental services specifically identifiable to the case, such as postage, case advertising, invoiced travel and external printing, room hire and document storage. Also, chargeable will be any properly reimbursed expenses incurred by personnel in connection with the case. The category 1 disbursements incurred were not charged to the liquidation estate.

Category 2 disbursements do require approval from creditors. These disbursements can include costs incurred which relate to payments due to associated companies for the provision of services to the office holder. On this assignment we have not incurred any category 2 disbursements.
