In addition, we read all the financial and non-financial information in the Director's Report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

## **Opinion on financial statements**

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2010 and of its loss for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or

(b) Factors affecting current tax charge

The tax assessed on the profit on ordinary activities for the year is at the standard rate of corporation tax in the UK of 28% (2009 28%)

	£	£
Loss on ordinary activities before tax	(570,725)	(703,548)

Tax charge for the year	-	-

(c) Factors affecting future tax charges

The Finance (No 2) Act received Royal Assent on 27 July 2010 and announced a reduction in the main rate of corporation tax from 28% to 27% with effect from 1 April 2011. Deferred tax has therefore been provided at 27%. It has since been announced that the corporation tax rate will change to 26% with effect from 1 April 2011.

It is currently also expected that further reductions of 1% per annum will result in a decrease in the main rate of corporation tax to 23%, this is not expected to have a material effect on the deferred tax provided in the balance sheet.

None of these changes have been substantively enacted by the balance sheet date.
