Tangible assets depreciation policy

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Van 25% on written down value

Tools and equipment 20% on written down value

Other accounting policies

Provision is made at current rates for deferred taxation in respect of all material timing differences except to the extent that, in the opinion of the directors, there is a reasonable probability that the liability will not crystallise in the foreseeable future.
