### ✓ Checklist

We may return forms completed incorrectly or with information missing.

## Please make sure you have remembered the following:

- ☐ The company name and number match the information held on the public Register.
- You have attached the required documents.
- ☐ You have signed and dated the form.

#### Important information

All information on this form will appear on the public record.

#### ✓ Where to send

You may return this form to any Companies House address, however for expediency we advise you to return it to the address below:

The Registrar of Companies, Companies House, Crown Way, Cardiff, Wales, CF14 3UZ. DX 33050 Cardiff.

#### Further information

For further information please see the guidance notes on the website at www.gov.uk/companieshouse or email enquiries@companieshouse.gov.uk

This form is available in an alternative format. Please visit the forms page on the website at www.gov.uk/companieshouse

### 1. Why this report has been prepared

- 1.1 As you will be aware Clare Kennedy, Peter Saville, Daniel Imison and Catherine Williamson (the **Administrators**) were appointed Administrators of Casual Dining Bidco Limited and certain group companies on 2 July 2020. This report is in respect of the companies detailed at section 1.2 only, which together will be referred to as the **Companies** for the duration of this report. Individual companies will be referred to by the abbreviation noted below.
- 1.2 The wider Casual Dining Group consists of 40 companies, of which 11 entered Administration on 2 July 2020. The 11 Companies are detailed below and are the subject of this report.

Company name	Abbreviation
Casual Dining Bidco Limited	CD Bidco
Bella Italia Group Limited	BI Group
Bella Italia Restaurants Limited	BI Restaurants
Café Rouge Limited	CR Limited
Café Rouge Restaurants Limited	CR Restaurants
Casual Dining Limited	CD Limited
Casual Dining London Limited	CD London
Casual Dining Restaurants Group Limited	CD Restaurants
Casual Dining Services Limited	CD Services
Las Iguanas Holdings Limited	LI Holdings
Las Iguanas Limited	LI Limited

- 1.3 In accordance with UK insolvency legislation, administrators are required to make a statement setting out their proposals for achieving the statutory purpose of an administration. This report and all appendices form the Administrators' proposals and covers the period from 2 July 2020 to 11 August 2020 (the **Period**).
- 1.4 The purpose of this report is to provide statutory and financial information about the Companies, the background to the Administrations, the Administrators' proposed strategy, details regarding the Administrators' fees and the expected outcome for each class of creditor.

1.5 The administrator of a company must perform their functions with a view to achieving one of the following statutory objectives:

Objective 1: rescuing the company as a going concern;

Objective 2: achieving a better result for the company's creditors as a

whole than would be likely if the company were wound up

(without first being in administration); or

Objective 3: realising property in order to make a distribution to one or

more secured or preferential creditors.

- 1.6 In these cases, the Administrators are pursuing the second statutory objective. Further details of how they intend to achieve that objective can be found in section 4 of this report.
- 1.7 The Companies' creditors are responsible for approving the Administrators' proposals.
- 1.8 In the Administrations of CD Bidco, BI Group, BI Restaurants, CR Restaurants, CD Limited, CD London, CD Restaurants, LI Holdings and LI Limited it is proposed that the basis of the Administrators' fees and category 2 disbursements will be approved by the Secured Creditor only.
- 1.9 In the Administrations of CR Limited and CD Services it is proposed that the basis of the Administrators' fees and category 2 disbursements will be approved by the general body of creditors.
- 1.10 Further details of the Administrators' fees and disbursements can be found at Appendices F to H.
- 1.11 In the Administrations of CD Bidco, BI Group, BI Restaurants, CR Restaurants, CD Limited, CD London, CD Restaurants, LI Holdings and LI Limited the Administrators intend to seek approval of their proposals via a deemed approval process and further details on this matter can be found in section 8 of this report.
- 1.12 In the Administrations of CR Limited and CD Services the Administrators intend to seek approval of their proposals via a decision by correspondence and further details on this matter can be found in section 8 of this report.
- 1.13 More information relating to the Administrations' process, Administrators' fees and creditors' rights can be found on AlixPartners' creditor portal (<a href="https://www.alixpartnersinfoportal.com">https://www.alixpartnersinfoportal.com</a>). Log-in details to access this information can be found within the initial letter you received from the Administrators.
- 1.14 If you require a hard copy of this report or have any queries in relation to the contents of this report or the Administrations generally, please contact Abhay Kapoor on 0161 838 4542, by email at <a href="mailto:CDG@alixpartners.com">CDG@alixpartners.com</a> or in writing at AlixPartners, Ship Canal House, 8<sup>th</sup> Floor, 98 King Street, Manchester, M2 4WU. Please note, however, that due to recent measures implemented by the UK Government in response to the COVID-19 outbreak, the Administrators have limited access to their offices and request where possible that all communications are sent to the email address above.

## 2. Summary of information for creditors

#### Las Iguanas Limited

Description	*	. •	Estimated debt £000	Likely level of return £000
Secured Creditor		,	125,621	13,000
Unsecured creditors			13,975	four pence in the pound

#### **Notes:**

#### Secured Creditor

The estimated debt has been taken from the Companies' records.

The return to the Secured Creditor is shown on a group basis.

CD Bidco granted a debenture dated 10 December 2015 in favour of US Bank Trustees Limited (**USBT/Secured Creditor**) and a supplemental debenture dated 14 October 2019. USBT acts as security agent on behalf of itself and other secured parties including Pemberton EMMDF 1 Holdings Sárl (**Pemberton**) KKR (**KKR**) and Barclays Bank Plc (**Barclays**). Barclays provided the Revolving Credit Facility of up to £25 million to the Companies at the time of appointment.

BI Group, BI Restaurants, CR Restaurants, CD Limited, CD London, CD Restaurants, LI Holdings and LI Limited acceded to the debenture by way of a deed of accession dated 5 February 2016.

Supplemental debentures were subsequently granted on 15 August 2018 and 14 January 2020.

In addition to the above, CR Restaurants granted a rent deposit deed in favour of Network Rail Infrastructure Limited dated 26 November 2010.

CR Limited and CD Services were not subject to any of the charges, there is therefore no secured creditor in these Companies.

#### Preferential creditors

All employees in the businesses operated by the Companies were employed by CD Services. This is, therefore, the only company where preferential creditors are expected.

It should be noted that the estimated preferential debt is the amount due in respect of employee liabilities as at the date of the Administration. Due to a successful sale of certain of the businesses and assets on 31 July 2020, 67% of the employees transferred to the Purchasers (as defined in section 5.43), and as a result the overall level of the estimated preferential debt will be reduced significantly.

#### Unsecured creditors

The majority of the third-party trade and expense creditors are in CD Limited.

Leasehold creditors sit in CD Bidco, BI Restaurants, CR Limited, CR Restaurants, CD Limited, CD Restaurants and LI Limited.

The balance of the unsecured creditors detailed in the Companies balance sheets at the date of appointment consist of accrual accounts, the detail of whichwill need to be investigated by the Administrators to establish whether the amounts are valid creditor balances and to which individual creditors they relate.

CD Limited and CD Services operated in part as management companies for the group providing central support services, procuring supplies, managing and supplying employees to the other group companies. As a result, there was significant inter-company trading within the group.

All the Companies are part of the same VAT group with HM Revenue & Customs (HMRC) and are therefore jointly and severally liable for any indebtedness due by any member of the group in respect of VAT.

Funds available for distribution and dividend rates are detailed before taking into account the estimated costs of making distributions.

The likely levels of returns are estimated and are subject to change.

In respect of preferential or unsecured creditors, UK insolvency legislation stipulates that creditors of the same class should be treated equally. Hence the funds available for distribution in each Company are split on a pro-rata basis amongst all creditors of each class, regardless of the size of their claims.

For further information please refer to section 7 of this report.

### 3. Background and circumstances leading to the Administrations

- 3.1 The Casual Dining group of companies is a UK-based operator of casual dining restaurants & bars trading under the brand names, Bella Italia, Café Rouge, Las Iguanas, Belgo, Oriel Grande Brasserie and Huxleys across 265 sites.
- 3.2 The 11 entities responsible for the majority of the trading brands that held supplier contracts, property leases and employment contracts within the group were placed into Administration on 2 July 2020.

#### **Events leading to the Administrations**

- Following the UK Government's response to the COVID-19 pandemic, on 21 March 2020 the Companies closed all restaurants to the public to comply with social distancing requirements and the Coronavirus Act 2020.
- 3.4 Whilst some of the Companies' restaurants continued to trade on a delivery-only basis, revenue generation was significantly reduced. Accordingly, CD Limited engaged AlixPartners UK LLP (AlixPartners) on 7 April 2020 to assist management initially with a review of its business plan and the development of restructuring options.
- This work included AlixPartners assisting management to develop a base case 24-month review plan, including but not limited to: the review of assumptions used by management in building forecasts; the implementation of additional scenario assumptions with a view to assessing any funding requirements; and conducting a site-by-site review workshop based on a site categorisation exercise.
- AlixPartners also assessed the options available to the Companies, including but not limited to, the implementation of a Company Voluntary Arrangement (CVA), the potential appointment of Administrators followed by a CVA, and an assessment of the respective merits and costs associated with each option. This work included assisting management with the categorisation of its trading sites and assessing the potential for existing stakeholders to continue to back the business.
- 3.7 On 18 May 2020 the existing stakeholders confirmed to the Companies that they would be unable to continue to support the businesses. and due to increasing liquidity pressure the Directors concluded that, having regard to the current status of discussions, Administration appointments would be appropriate and the Directors therefore filed notices of intention to appoint Administrators (NOIs) on 18 May 2020 for CD Bidco, BI Group, BI Restaurants, CR Restaurants, CD Limited, CD London, CD Restaurants, LI Holdings and LI Limited (the NOI Companies).
- 3.8 CD Services and CR Limited were not subject to the security agreements therefore NOIs were not required to be filed.
- 3.9 On 20 May 2020, AlixPartners' engagement was extended to commencing an accelerated sale process for the Companies' businesses, including approaching interested parties, assisting management with the due diligence process and evaluating offers received. During this process, AlixPartners' work also provided contingency planning advice in the event that a sale was not achieved.

- 3.10 Whilst the sale process was underway, as a result of ongoing creditor pressure, and to protect the position of the Companies and its creditors, the Directors of the NOI Companies took the decision to file additional notices of intention to appoint Administrators on 1 June 2020.
- 3.11 Due to the positive progress that was being made and the volume of interest received through the sale process, whilst negotiations with interested parties continued, the Directors took the decision, with the support of the Secured Creditor of the NOI Companies to renew the notices of intention to appoint administrators a further two times on 12 June 2020 and 25 June 2020 to ensure that the NOI Companies continued to benefit from the ongoing protection of the moratorium whilst a potential buyer was sought.
- 3.12 Throughout the pre-appointment moratorium period, the Directors received independent legal advice in order to ensure that the actions they were taking were in the best interests of creditors.
- 3.13 However, as the sale process continued, the cash position of the Companies was such that, the Directors took the decision to place the 11 operating companies into Administration on 2 July 2020.
- 3.14 Further detail on the sale process is contained in section 5.

## 4. The objective of the Administrations

- 4.1 The first objective under the administration regime is based on the survival of the company through a Company Voluntary Arrangement (**CVA**) or Scheme of Arrangement (**Scheme**) under part 26 of the Companies Act 2006.
- 4.2 Following the pre-appointment assessment of the business the Administrators considered that the first objective could not be achieved.
- 4.3 As previously detailed, CD Limited originally engaged AlixPartners in April 2020 to undertake an options review. In the period since then the Companies, alongside AlixPartners and the Companies major stakeholders fully explored the options available to the Companies going forward, including possible CVAs of certain of the lease holding entities.
- 4.4 Unfortunately, the Companies were unable to raise sufficient funding to sustain successful CVA processes. Due to the lack of funding CVAs were not feasible.
- 4.5 The Administrators will therefore pursue the second objective of achieving a better result for the Companies' creditors as a whole than would be likely if the Companies were wound up (without first being in Administration). The Administrators will achieve this strategy by completing the steps outlined in section 5.
- 4.6 Full details of the proposed exit routes to the Administrations are noted in Appendix I.

# 5. The Administrations strategy and steps taken to date

- 5.1 It is proposed that the Administrators continue to manage the affairs of the Companies in order to achieve the objectives of the Administrations detailed in section 4.
- 5.2 The Administrators continued to trade the Companies in order to pursue a sale of the businesses as going concerns and to achieve the intended objectives outlined above. The sale of certain of the Companies' businesses and assets was completed on 31 July 2020.
- 5.3 In addition to their statutory objectives, the Administrators have duties imposed by insolvency and other legislation and their regulating professional bodies. The Administrators intend to take the following steps to fulfil their intended objective and duties. The detail provided is intended to provide users of this report with information to allow them to understand how the fee estimates and estimates of expenses provided at Appendix F were compiled, and the sensitivities that might be applicable to the Administrators' anticipated fees and expenses.

#### **Trading**

- On appointment, CD Services employed 6,126 staff and operated from 251 leasehold properties, being 249 restaurants and two head office sites around the UK and Jersey. Full details of the sites are given at Appendix C.
- 5.5 Immediately following appointment, due to a combination of poor historical performance and a lack of interest from any parties in the sales process, 91 sites were closed by the Administrators on 2 July 2020. The 1,872 employees at these sites were made redundant and the Administrators have appointed Evolve IS Limited (**Evolve**), a firm of employee claim specialists to assist the affected employees in submitting the necessary claims to the Redundancy Payments Service for monies owed to them in respect of wages, holiday pay, pay in lieu of notice and redundancy pay.
- 5.6 At the time of the Administrators' appointment, all the restaurants operated by the Companies were closed due to Covid-19 restrictions, and the staff with roles temporarily not required whilst the sites were closed were on furlough under the Coronavirus Job Retention Scheme (CJRS).
- 5.7 During the Administrators' trading period, following discussions with landlords it was judged that a further six restaurants were not viable in the long term, and the decision was taken to close these sites and make the employees redundant. Two restaurants were closed on 16 July 2020 resulting in 43 redundancies, and on 31 July 2020 a further four restaurants were closed with the redundancy of 83 employees. In addition, three additional employees were made redundant during the Period as there was no longer a need for their roles in the businesses.

Site re-openings

5.8 Shortly after the Administrators' appointment, in order to maximise realisations from the Companies' contract with Center Parcs, steps were taken to implement a re-opening plan for the 12 concession sites operating at various Center Parcs locations.

- 5.9 The remaining restaurants remained closed and the staff with roles specific to those sites remained on CJRS. Essential property maintenance was carried out as required to ensure value was retained and the sites could be included in any potential sale.
- 5.10 The ongoing professional conduct of the Companies' employees and a robust reopening plan enabled a smooth re-opening of the 12 Center Parc sites. The Administrators, alongside the Companies' employees contacted key trade suppliers to ensure the continuity of critical supplies and provide guidance to the sites' general managers in dealing with customers.
- 5.11 Prior to opening the 12 concession sites, the Administrators instructed their insurance broker, Aon Risk Solutions (**Aon**), to conduct a review of the health and safety policies and the site re-opening plans to ensure compliance with the current regulations and Government's Covid-19 guidelines and to ensure that actions met with existing insurance requirements.

#### Employee consultation

- 5.12 The Administrators continued the consultation process commenced prior to their appointment with all restaurant and support centre employees with reference to their continued employment and the potential sale of the businesses. Employee representatives elected prior to the appointment of Administrators, continued in that role following the Administrators' appointment. The employee representatives attended regular consultation meetings with the Companies' HR team and the Administrators throughout the trading period.
- 5.13 Since the introduction of the Covid-19 restrictions in the UK, CD Services has been making payments to employees in line with the CJRS. The Administrators have applied for funds through the CJRS following payment of each payroll. The receipt of these funds will reduce the Administrators' trading costs for the Period.
- 5.14 Following the completion of the Sale on 31 July 2020, the remaining 4,125 employees transferred to the Purchasers under the Transfer of Undertakings (Protection of Employment Regulations 2006), with the exception of 14 employees based in Jersey who novated to the Purchasers under Jersey legislation.

#### Landlord communications

5.15 The Administrators took steps to communicate with the landlords of the leasehold properties with a view to ensuring there was no disturbance to the trading of the businesses and to negotiate reduced rental obligations during the period of the Administrations given the majority of the restaurants were not operational due to Covid-19 restrictions. The Administrators held discussions with 144 landlords and secured savings of approximately £350,000 for the Period of the Administrators' trading.

#### Retention of title claims

8.16 Retention of title claims have been received from six of the Companies' suppliers with a potential value in excess of £1 million, if valid. These claims have been reviewed by the Administrators, who are working with the suppliers and the Purchasers of the business to settle valid claims as appropriate.

#### Funding

- 5.17 On appointment the Administrators secured funding of £5 million by way of an agreed overdraft facility from Barclays to fund the costs of the Administrations until a sale of the businesses could be achieved.
- 5.18 Whilst the majority of the trading sites were non-operational, the Administrators incurred costs in respect of employee wages and salaries, essential services such as utility supplies and IT services necessary to ensure that assets were preserved and that the sites would be operational following any sale of the businesses.
- 5.19 Given the upfront expenditure required to re-open the 12 Center Parcs sites and the short duration that the Administrators traded them prior to the Sale, the trading period will result in an estimated trading loss of £302,000.
- Trading accounts are included at Appendix E, it should be noted however that these accounts are prepared on a cash basis and do not represent the actual trading outcome for the Period. Also, as a result of timing differences, some accounts show payments without corresponding receipts or income. It is expected that the businesses will incur losses due to the lack of trading income during the period. Details of the trading loss expected for each company is given in Appendix F. All trading income and expenditure is currently reflected in the contracting company. Once the trading position is finalised, the Administrators will reallocate the income and expenditure to the company that was the ultimate beneficiary of the goods or services.
- 5.21 The Administrators were aware of the potential for incurring trading losses prior to making the decision to proceed to trade. However, the overall benefit of maintaining the trading sites as part of the Companies' portfolio to be included in the proposed sales of business significantly outweighed the potential cost of funding the losses.
- 5.22 In order to facilitate the sale and an orderly transfer of the businesses, the Administrators have agreed to assist the Purchasers of the businesses for a transitional period under a Transitional Services Agreement (**TSA**). This includes processing certain payments on their behalf, providing licences to occupy (**LTO**) the Companies' properties and the provision of certain IT services. All costs associate with the provision of these services, including the Administrators' fees, are being funded by the Purchasers and will not result in any additional expenditure being borne by the Companies.

#### Sale of businesses and assets

5.23 As noted in section 3, a comprehensive accelerated sales process was commenced on 18 May 2020.

- 5.24 Prior to launch of the process, management had prepared a detailed business plan and cash flow to support their restructuring plans for the Companies which was incorporated into a sale pack provided to interested parties.
- 5.25 On launch of the process, 37 potential interest parties were contacted from a database of both trade and financial buyers and provided with non-disclosure agreements (**NDAs**).
- 5.26 Of the 37 parties contacted, 33 returned signed NDAs and were subsequently provided with a 'teaser' document to pre-qualify their interest, and a process letter setting out the approach to the process and timetable.
- 5.27 Parties that expressed an interest in acquiring the majority or a large number of sites (versus buyers that were interested in specific site acquisitions only) were provided with additional data.
- 5.28 During this phase of the sale process it became clear that certain parties were interested in the acquisition of the Las Iguanas element of the businesses only. These buyers were progressed on the basis that:
  - There could be the potential to drive greater value if the Administrators were able to combine a Las Iguanas-only bid with another bid for Bella Italia/Café Rouge; and
  - A Las Iguanas-only sale could be a strong option if interest in a group bid did not materialise.
- 5.29 Following distribution of the initial 'teaser' document and once parties had qualified their initial interest, the parties considering an acquisition of the Companies' wider businesses were provided with:
  - Access to an online dataroom containing detailed site profit and loss (P&L)
    data;
  - A management presentation conducted via video call; and
  - A detailed financial model (plus the option of a call to talk through the assumptions and workings with AlixPartners and management)
- 5.30 In addition, certain parties requested an amended, illustrative financial model which set out estimated cash requirements to consider the potential for acquiring solely the Bella Italia and Café Rouge elements of the businesses. This was provided, alongside guidance in relation to potential head office separation options.
- 5.31 The parties considering the acquisition of a single brand (eg Las Iguanas only) were provided with:
  - Access to an online dataroom containing detailed site P&L data for the target brand; and
  - Relevant extracts from the management presentation.
- 5.32 After this initial period of diligence, an indicative offer deadline was set at 10 June 2020.
- 5.33 Following receipt of initial offers, four bidders were invited to proceed to the next phase of the process:

- Two bidders interested in an acquisition of the Companies' wider businesses;
   and
- Two bidders interested in an acquisition of the Las Iguanas element of the businesses only.
- 5.34 On 3 July 2020, a credible third bidder interested in an acquisition of the wider businesses, that had previously withdrawn, re-entered the process and was given access to Phase 2 of the sales process to provide additional competitive tension to the existing two bidders.
- 5.35 In Phase 2, further detail, including detailed property, financial and operational information was made available via the dataroom. Bidders were also provided with further access to management and the finance team to conduct question and answer sessions.
- 5.36 Following this additional phase of diligence, best and final offers for Las Iguanas and the Companies' wider businesses were invited by 30 June 2020; however, due to the late re-entry into the process, the third bidder for the Companies was granted an extension to 10 July 2020 to provide an unconditional offer, having conducted accelerated due diligence.
- 5.37 Following receipt of offers on 30 June 2020, it became clear that one of the bids was unacceptable and was removed from the process.
- 5.38 Following the Administrators appointment on 2 July 2020 a full review of the marketing process conducted to date was carried out. Given the thorough marketing that had taken place prior to the appointment of the Administrators and the advanced stage of diligence undertaken by interested parties, the Administrators decided to proceed with the sale process that was underway.
- 5.39 In the period from 2 July 2020 to 10 July 2020 additional expressions of interest were received by the Administrators; however, the nature and value of the interest received was not at a level that warranted entering any additional interested parties into the sale process.
- 5.40 The best and final offers received were as follows
  - An offer from Epiris LLP (Epiris) for the acquisition of certain of the businesses and assets (including stock, leasehold properties and fixtures and fittings) for a combined consideration of £18 million, of which £9m was to be paid by way of initial consideration on completion, and a further £9 million was to be deferred until assignment of the leasehold portfolio;
  - An offer from a third party for the acquisition of certain businesses and assets (including stock, prepayments, leasehold properties and fixtures and fittings) for a cash consideration of £10 million on completion together with a roll-over of £10 million of secured debt; and
  - An offer from a third party for the acquisition of the Las Iguanas brand and associated business and assets for a cash consideration of £5 million on completion together with a roll-over of £10 million of secured debt; and
  - An offer from a third party for the acquisition of the Las Iguanas brand and associated business and assets for a cash consideration of £14 million on completion together with a roll-over of £6 million of secured debt.

- 5.41 As Epiris was the highest cash offer and represented the best return to creditors of the Companies overall, the Administrators entered into an exclusivity agreement with them on 11 July 2020 to enable Epiris to carry out further diligence.
- 5.42 Following a three week period of exclusivity, a sale to Epiris via a new corporate vehicle, The Big Table Group Limited and five subsidiary companies; Pinta Brands Limited, Bella Group Holdings Limited, Bella London Holdings Limited, Iguanas Holdings Limited and Rouge Group Holdings Limited (together the **Purchasers**) was concluded on 31 July 2020 (the **Sale**).
- 5.43 The £9 million of initial consideration was received by the Administrators' solicitors on 31 July 2020 and is currently in the process of being transferred to the Administrators bank account. At the date of this report it is not reflected in the Administrators' receipts and payments accounts attached at Appendix E, but has subsequently been received.
- 5.44 The deferred consideration of up to £9 million is payable if every leasehold property subject to the sale agreement is successfully assigned to the Purchasers To the extent that any leasehold properties are not successfully assigned to the Purchasers the deferred consideration will be reduced on a pro rata basis in line with the terms set out in the sale agreement.
- 5.45 The breakdown of the consideration under the Sale agreement is as follows:

Asset Category	Initial Consideration	Further Consideration
	£	£
Business records	1	,
Contracts	1	
Goodwill	1	
Share	1	
Rights of seller (if any) to third party assets	1	
Leasehold properties, concession agreements and		
the co-operation agreement	1	500,000
Non-brand business IPR	. 1	
Brand business IPR	7,499,993	
Fixtures, fittings, IT and chattel assets	622,548	8,500,000
Stock ,	877,452	
	9,000,000	9,000,000

5.46 Further detail on the allocation of proceeds from the Sale is given below.

#### **Properties**

- 5.47 At the date of appointment, the Companies held 346 leases for 265 sites, of these sites:
  - 14 were non-operational (**Non-Ops**) as the restaurants had been closed prior to the Administrators' appointment, however, the leases had not been surrendered. The Administrators have written to the landlords of these sites offering to surrender the leases.

- 97 were exited during the course of the Administrations (Exit/Closed sites).
   The Administrators have written to the landlords of these sites and offered to surrender the leases.
- 154 sites (152 restaurants and two head office sites) (Keep/LTO sites) were the subject of the Sale and are expected to be assigned to the Purchasers shortly. The Purchasers are in ongoing negotiations with the Landlords in this regard.
- 5.48 As part of the transaction, the Purchasers have been granted LTOs for the 154 sites whilst they negotiate new arrangements with the landlords over the coming months. In the interim, the Purchasers will pay licence fees to the relevant lease holding entity to cover all rent and any other amounts falling due under the relevant leases.
- 5.49 Should all the sites successfully transfer to the Purchasers a further £500,00 of deferred consideration will become payable to the Companies. Should the Purchasers not be successful in assigning all the sites the £500,000 will be reduced on a pro rata basis in line with the Sale agreement.
- 5.50 Lease realisations will be recognised in CD Bidco, BI Restaurants, CR Limited, CR Restaurants, CD Limited, CD Restaurants and LI Limited.
- 5.51 Given the size of the property portfolio, the Administrators engaged the services of specialist agents to assist them with property management during the course of the Administrations. AG&G Limited (AG&G), Hilco Appraisal Limited (Hilco) and Vigilance Properties Limited (Vigilance) are assisting with properties, chattel assets and key holder services respectively.
  - Brands/Goodwill
- 5.52 As part of the Sale, consideration of £7.5 million has been realised in respect of the brands.
- 5.53 Brand realisations are to be apportioned across the seven entities with leasehold properties transferring as part of the Sale process, specifically CD Bidco, BI Restaurants, CR Limited, CR Restaurants, CD Limited, CD Restaurantsand LI Limited.
- 5.54 The consideration allocation will be based on number of sites transferring under the Sale agreement.

#### **Shares**

- 5.55 CD Restaurants, CD Limited, BI Group and LI Holdings have a combined investment value of £160 million in their balance sheets at the date of appointment.
- 5.56 As the investments are solely in relation to other companies within the Casual Dining group of companies, and those companies are either insolvent or dormant, there will be no realisations from this source.

#### Realisation of assets - floating charge

#### Stock

- 5.57 The Companies stock consisted of food and drink, toiletries and other sundry items, which on appointment had a combined book value of £2.1 million.
- 5.58 As mentioned at 5.16 above, retention of title claims were received in excess of £1 million and the Administrators are working with the Purchasers and the suppliers to settle these claims.
- 5.59 An element of the stock was of a perishable nature and as the restaurants had been non-operational since March 2020 no value was attributed to this element of the stock.
- 5.60 Further stock, which was held in Exit sites, was abandoned as it was judged not to cost effective to remove and sell or dispose of the stock from each site.
- 5.61 Due to the Covid-19 restrictions in place, it was not possible for the Administrators and their agent to carry out a full stock valuation at every site in the time available. The agent did however visit a small number of sites to make an assessment of the situation and produced a desktop valuation of the stock held.
- 5.62 Stock in the LTO sites had an estimated book value of £983,000 and was sold for £877,452 to the Purchasers.
- 5.63 The apportionment of the Sale proceeds between the individual Companies will be done on the basis of the number of sites transferring in each entity.
- 5.64 It should be noted that CD Bidco and CR Limited did not hold stock and there will be no realisations from this source.
  - Fixtures, fittings, IT and chattel assets
- 5.65 At the date of the Administrators' appointments, CD Restaurants, CD Limited, CR Restaurants, BI Restaurants and LI Limited had combined fixtures, fittings, IT and chattel assets (**FFIC**) of £79.3 million in the Companies' balance sheets.
- 5.66 The Administrators engaged Hilco to perform an ex-situ desktop valuation of the FFIC, which concluded an average value of £5,000 per site.
- 5.67 As part of the Sale agreement, FFIC with an ex-situ value of approximately £760,000 were sold for £9.1 million, of which £622,548 was paid by way of initial consideration, with a further £8.5 million deferred until LTO site leases are assigned to the Purchasers. Should the Purchasers not be successful in assigning all the LTO sites the £8.5 million will be reduced on a pro rata basis in line with the Sale agreement.
- 5.68 The Administrators have apportioned the balance of FFIC realisations across CD Restaurants, CD Limited, CR Restaurants, BI Restaurants and LI Limited based on the number of sites transferring to that entity.

- 5.69 CD Bidco and CR Limited have a FFIC book value of nil and therefore have not been allocated any consideration.
- 5.70 The Administrators have received expressions of interest from various parties for the residual FFIC assets. Hilco is currently exploring this interest to establish if any value can be achieved. As realisations are currently uncertain no value has been attributed to this in the estimated financial position statements (**EFPs**).
- 5.71 The Administrators have engaged AG&G and Hilco to ensure that the Exit sites are left in good order and any assets with a realisable value are removed.

#### Other assets

- 5.72 It is expected that a pre-appointment insurance refund of approximately £7,000 will be received in due course.
- 5.73 The Administrators are continuing to pursue a claim against merchant service providers that the Companies had lodged prior to the Administrators' appointments. For prudence, and due to the material uncertainty around the final balance that may be realised, the EFP does not include any realisations in respect of this claim.
- 5.74 Prior to the Administrations, the Companies had been pursuing a utility claim against N-Power, as the value of the claim is still uncertain, no realisation has been included in the EFPs.
- 5.75 All these potential claims were pursued by the Companies on a group basis, so it is not possible at this stage to allocate value to individual Companies. The Administrators are pursuing the claims in each instance and should realisations be achieved they will be allocated to the participating Companies on an appropriate pro rata basis.
- 5.76 Prior to Administration, CD Limited had submitted a claim of £8.6 million in the liquidation of La Tasca Restaurants Limited (La Tasca). The Administrators have been in contact with the liquidators of La Tasca to note their interest and have been advised that based on current realisations, an estimated distribution of approximately £300,000 should be expected on the claim.
- 5.77 The Administrators have engaged Consultiam Property Limited (CAPA) on a contingent fee basis to investigate any potential rates refunds that may be available to the Companies. As this is speculative no value has been attributed to it in the EFPs.

#### Realisation of assets - debtors

- 5.78 The Companies have combined book value debtors of approximately £10.1 million.
- 5.79 The Administrators are continuing to investigate the composition of these balances; however, it is currently estimated that approximately £4.8 million relates to prepayments, £1.4 million to trade debtors, with the balancing figure relating to sundry and other debtors (details not yet available).

- 5.80 Due to the insolvency proceedings, the Administrators are not expecting any realisations in respect of the £4.8 million prepayment balance.
- 5.81 Since appointment, the Administrators have taken steps to assess the collectability of the trade debtor balances. This has included correspondence with customers and suppliers. The responses received to date indicate that the majority of balances are disputed. Further work is being undertaken to investigate disputes and collect the balances. However, given the responses received to date no realisations have been included in the EFPs as a matter of prudence.
- 5.82 Approximately £900,000 relates to franchise partners and rebates which, due to the insolvency proceedings, are not anticipated to be recoverable, although the Administrators are continuing to investigate this.
- 5.83 The Administrators are continuing to investigate the £3.9 million balancing figure with the Companies and will pursue realisations where appropriate.
- At the date of appointment, the Companies' inter-company receivables were approximately £163 million. The majority of companies within the group are either insolvent or dormant. The Administrators will investigate these balances and will apply set off where relevant and submit claims in any formal insolvency proceedings with a view to maximising realisations from this source.
- The quantum of any realisations from the Companies' debtors is currently uncertain and therefore, for prudence, the EFPs assume a debtor realisation of nil. The Administrators are continuing to investigate all the outstanding balances and will pursue recovery in order to maximise any realisations available. A refined estimation on realisations will be provided in the Administrator's next update to creditors.

#### Administration (including statutory reporting)

- 5.86 In addition to their duties relating to realising and distributing the assets of the Companies, the Administrators must comply with certain statutory compliance matters in accordance with the Insolvency Act 1986. These include, notifying the stakeholders of the appointment, preparing bi-annual reports to creditors advising of the progress of the Administrations, holding meetings with creditors if requested and liaising with employees. The Administrators are responsible for liaising with HMRC to determine the final position in respect of corporation tax, PAYE, VAT and other taxes that may be owed by or to the Companies, and for filing tax returns for the duration of the Administrations.
- 5.87 In order to ensure the matters of the Administrations are being progressed sufficiently, the Administrators have a duty to conduct periodic case reviews and complete case checklists. In addition, the Administrators' treasury function will also comply with cash accounting requirements including raising payments, processing journal vouchers and posting receipts, preparing bank reconciliations and statutory returns.
- 5.88 The time taken for statutory tasks is largely fixed, insofar as the cost of preparing a report to creditors or filing an annual return is similar for most cases, except where cases are very large or complex. Where the costs of statutory compliance and reporting to creditors exceeds the initial estimate, it will generally be because the duration of the case has been longer than expected, due to for example

protracted realisation of assets, and therefore additional periodic reports have had to be prepared and distributed to stakeholders.

#### Investigations |

- 5.89 The Administrators will conduct investigations into the conduct of the directors and transactions entered into prior to the Companies' insolvency, as required by the Company Directors Disqualification Act 1986, and Statement of Insolvency Practice 2 Investigations by Office Holders in Administrations and Insolvent Liquidations. Based on the outcome of the investigations, further steps may need to be taken, details of which will be provided in the next report to creditors. The Administrators' duty is to conduct an initial review to determine whether there are matters which require further investigation, and if so, whether there is a realistic prospect of recovering assets for the insolvent estates for the benefit of creditors.
- 5.90 The Administrators also have a duty to consider the conduct of those who have been directors of the Companies at any time during the last three years, and to provide information to the Insolvency Service in respect of that conduct and the circumstances regarding the Companies' insolvency. The Insolvency Service will use this information to assess whether there are matters that require them to take action against the directors to prevent them from controlling other companies. The information provided to the Insolvency Service is confidential and is not available to creditors.
- 5.91 A questionnaire is available on AlixPartners' creditor portal (<a href="https://www.alixpartnersinfoportal.com">https://www.alixpartnersinfoportal.com</a>) for completion by creditors to assist the Administrators in their investigations. If there are matters that you consider the Administrators should be aware of please attach details to the questionnaire and return it to AlixPartners' offices at Ship Canal House, 8th Floor, 98 King Street, Manchester, M2 4WU. Details may also be sent by email to CDG@alixpartners.com.
- 5.92 This request forms part of the Administrators' statutory duties and does not imply any criticism of the directors.

#### Creditors (claims and distribution)

- 5.93 The Administrators will provide reports to the Secured Creditor and deal with preferential and unsecured creditor correspondence, telephone calls and email queries. Should sufficient funds be available, they will also agree the claims of preferential and unsecured creditors, calculate the dividend and make distributions.
- 5.94 The Administrators believe that a dividend will be paid to unsecured creditors from the prescribed part in CD Bidco, CD Restaurants, CD Limited, CR Restaurants, BI Restaurants and LI Limited.
- 5.95 To enable this, the claims of all unsecured creditors will need to adjudicated. The amounts owed to unsecured creditors in each of the Companies is summarised at section 2 above. The exact number of creditors in each company is not available at this time as many of the accounts are accrual accounts and the detail of these accounts require further investigation by the Administrators.

- 5.96 A dividend is also expected to be paid in CR Limited from asset realisations, there is no prescribed part as this company does not have a secured creditor.
- 5.97 There was significant inter-company trading between the Companies and these balances will have to be reconciled to enable dividends to be claimed and paid.
- 5.98 Any claims that are valued at £1,000 gross of VAT will be automatically proved unless the creditor disagrees with the company records or believes that they are not a creditor at all.

# 6. Financial position and Administrators' receipts and payments

#### Financial position

- 6.1 Statements of the Companies' affairs (**SoA**s) have not yet been received. The directors are aware of their responsibilities in this regard and these are being prepared.
- 6.2 EFPs for the Companies, together with a list of creditors' names, addresses and details of their claims where available are attached at Appendix D.
- 6.3 The Administrators have the following observations to make in relation to the EFP.
  - As is normal, the EFPs are stated before provision for the costs of the Administrations. The return to creditors shown are therefore higher than expected.
  - Where the assets formed part of the Sale, the estimated to realise value is
    that attributed under the terms of the Sale agreement. It should be noted that
    an element of the consideration in the Sale agreement is deferred as it is
    contingent on certain events occurring. The actual amount realised therefore
    may vary from the amount stated in the SofA.
  - CD Bidco, BI Group, BI Restaurants, CR Restaurants, CD Limited, CD London, CD Restaurants, LI Holdings and LI Limited have joint and several liability for the Secured Creditor's debt, the amount is therefore stated in full in each company's EFP.
  - All the Companies are members of the same VAT group, and as such have joint and several liability for the estimated VAT debt, this is therefore stated in full in each company's EFP.
  - The Companies' accounts showed inter-company balances for both debtors and creditors. These accounts will need to be fully reconciled and set-off applied where appropriate.
  - The creditor schedule for CD Limited is copied from the Companies' records and has not been audited or amended. The ledger shows a number of debit balances and we understand that these are where pre-payments have been made on account, but invoices have not yet been posted.
  - Other than in CD Limited, the unsecured creditor amounts consist of accrual
    accounts. The composition of these accounts is not currently available, so
    schedules of creditors cannot be included for these amounts with the
    Administrators proposals. The information should be available in the SoAs,
    which are being produced by the Companies' directors. Following receipt, the
    SoAs will be made available on the AlixPartners' Creditors Portal and filed at
    Companies House.
  - Seven of the Companies; CD Bidco, BI Restaurants, CR Limited, CR
    Restaurants, CD Limited, CD Restaurants and LI Limited hold leases. The
    Administrators have included schedules of the landlords' names and addresses
    with the EFPs, but the balances outstanding are not available at this time, as
    they are included in the accrual balances detailed on the Companies balance
    sheets.

• Credit balances in the Companies bank accounts at the date of appointment have been off-set against the Secured Creditor's debt.

#### **Administrators' Receipts and Payments Accounts**

- 6.4 Summary receipts and payments accounts for the Companies are attached at Appendix E
- 6.5 As mentioned in section 5.44, the initial Sale proceeds received by our solicitor on completion are pending distribution to the Administrators' bank accounts and are therefore not reflected on the Receipts and Payments Accounts.
- A stated earlier, the Trading Accounts show transactions on a cash basis and not an accruals basis, therefore do not reflect the trading position for the Period. As the Companies operated on a 'group' basis receipts and payments are currently shown in the individual contracting entities. However, if the benefit of the transaction was to more than one company the income and/or costs will be reallocated across the relevant companies on a pro rata basis.

#### 7. Estimated outcome for creditors

#### **Secured Creditor - US Bank Trustees Limited**

- 7.1 CD Bidco granted a debenture dated 10 December 2015 in favour of US Bank Trustees Limited (USBT) and a supplemental debenture dated 14 October 2019. USBT acts as security agent on behalf of itself and other secured parties including Pemberton EMMDF 1 Holdings Sárl (Pemberton), KKR and Barclays Bank Plc (Barclays). Barclays provided the Revolving Credit Facility to the Companies at the time of appointment.
- 7.2 BI Group, BI Restaurants, CR Restaurants, CD Limited, CD London, CD Restaurants, LI Holdings and LI Limited acceded to the debenture by way of a deed of accession dated 5 February 2016.
- 7.3 Supplemental debentures were subsequently granted on 15 August 2018 and 14 January 2020.
- 7.4 In addition to the above, CR Restaurants granted a rent deposit deed in favour of Network Rail Infrastructure Limited dated 26 November 2010.
- 7.5 CR Limited and CD Services were not subject to any charges and there is therefore no secured creditor in these Companies.
- 7.6 At the date of appointment, the Secured Creditor was owed £126 million (excluding accrued interest and charges) under its security. It is currently estimated that the return to Secured Creditor will be approximately £13 million, this includes £5 million held in the Companies' bank accounts at the date of appointment which was set-off against the Companies' indebtedness. The Secured Creditor will suffer a significant shortfall under its security. These returns are before taking into account the costs of realisations.

#### **Preferential creditors - CD Services only**

- 7.7 All employees in the Companies were employed by CD Services and therefore this is the only company where preferential creditors are expected.
- 7.8 The estimated claims of the preferential creditors total £3.5 million.
- 7.9 It should be noted that the estimated amount due to preferential creditors is the amount due as at the date of the Administrators' appointment. As a result of the Sale, over 67% of the employees transferred to the Purchasers and will have no claims in the insolvent company.
- 7.10 There will be insufficient funds to pay a dividend to the preferential creditors.

#### **Unsecured creditors**

- CD Bidco, BI Group, BI Restaurants, CR Restaurants, CD Limited, CD London, CD Restaurants, LI Holdings, LI Limited
- 7.11 The Administrators do not believe that there will be funds available to repay the Secured Creditor in full and enable a dividend to be paid from surplus asset realisations to the unsecured creditors of these Companies.
- 7.12 Where there is a floating charge which was created on or after
  15 September 2003, the Administrators are required to create a fund from the
  company's net property available for the benefit of unsecured creditors
  (Unsecured Creditors' Fund), commonly known as the 'Prescribed Part'.
- 7.13 Based on present information, the Administrators estimate the value of the Companies' net floating charge property and the value of the Unsecured Creditors' Funds arising from this are as follows:

1	Estimated Value of Ur	nsecured
	Estimated Net Property Credito	ors' Fund
Company	£000£	£000
CD Bidco	1	
BI Group	, , <del>-</del>	-
BI Restaurants	4,790	600
CR Restaurants	1,656	334
CD Limited	380	79
CD London	and the second s	-
CD Restaurants	817	166
LI Holdings		-
LI Limited	2,809	565

- 7.14 If the Administrators believe the costs of making a distribution to unsecured creditors from any of the funds would outweigh the benefit, they will apply to court for an Order releasing them from this requirement.
- 7.15 If the company's net property turns out to be less than the prescribed minimum of £10,000, and the Administrators think that the cost of making a distribution to unsecured creditors would be disproportionate to the benefits, the Unsecured Creditors' Fund will not apply.

#### CR Limited and CD Services

- 7.16 As there is no secured creditor the Prescribed Part does not apply.
- 7.17 The likely level of return for unsecured creditors can be found within section 2 of this report. In CD Services, the Administrators do not believe that there will be funds available to enable a dividend to be paid to unsecured creditors.
- 7.18 Creditors of CR Limited are invited to submit their claims, a Proof of Debt form can be downloaded from AlixPartners' creditor portal.

- 7.19 The Administrators do not have the power to make distributions to unsecured creditors other than the Unsecured Creditors' Fund, without consent of the court. Should sufficient asset realisations enable funds to be distributed to creditors, the Administrators may file a notice with the Registrar, which will have the effect of bringing the appointment of the Administrators to an end and will move the relevant company automatically into Creditors' Voluntary Liquidation (CVL). It is proposed that the Administrators will also become the Liquidators of the CVL.
- 7.20 Alternatively, if considered appropriate, usually due to the fact this will be more cost effective, the Administrators will submit an application to court for approval to make the distribution to unsecured creditors in the relevant Administration rather than move the relevant company into CVL. If granted, the relevant company will proceed to dissolution after the distribution has been made. Further details can be found in Appendix I.
- 7.21 If the amount owed according to the Companies' records is less than £1,000 inclusive of VAT, creditors are not required to submit a proof in order to be entitled to any dividend paid in respect of that debt and no further action is required. However, if there is a difference between the amount creditors believe to be owed and the Companies' records, or should you wish to participate in any decisions made by creditors, a Proof of Debt form is required.

#### 8. What happens next

#### **Approval of Proposals**

- CD Bidco, BI Group, BI Restaurants, CR Restaurants, CD Limited, CD London, CD Restaurants, LI Holdings and LI Limited
- 8.1 The Administrators think that the Companies have insufficient property to enable distributions to be made to the unsecured creditors other than via the Unsecured Creditors' Funds. As a result, the Administrators are not required to seek a decision from the unsecured creditors as to whether they approve the proposals.
- 8.2 Creditors whose debts amount to at least 10% of the total debts of the relevant company may however request that approval of the proposals is given via a formal decision of creditors. The deemed date of delivery of these proposals is 20 August 2020. Any requests for a decision procedure must be made in writing on or before eight business days after the deemed date of delivery.
- 8.3 If creditors wish for such a decision to be made by a physical meeting of creditors, then the threshold required is either 10 creditors, 10% by value of creditors or 10% of the number of creditors of the relevant company. If you wish for a meeting to be held, you must notify us in writing on or before 2 September 2020.
- 8.4 If a decision is not requisitioned by creditors by this date the proposals will be deemed to have been approved.

#### CR Limited and CD Services

- 8.5 The Administrators are seeking a decision from the general body of creditors as to whether they approve the proposals.
- 8.6 In order to minimise costs, it is proposed that a decision is obtained via a resolution of the creditors obtained by correspondence.
- 8.7 The Administrators are required to hold an initial creditors' meeting if creditors of the relevant entity whose aggregated claims are equal to or greater than 10% by value, 10% by number, or 10 in number request it. If you wish for a meeting to be held, you must notify us in writing in the prescribed form on or before 1 September 2020.
- 8.8 If a meeting is not requisitioned by creditors by this date, and creditors vote in favour of the resolution by correspondence, the proposals will be approved.
- 8.9 Also, in the absence of a creditors' committee being established, the creditors willbe asked to approve the basis of the Administrators' fees and category 2 disbursements.

## Report

8.10 The Administrators are required to provide a progress report within one month of the end of the next six-month period.

For and on behalf of The Companies

## Appendix F. Administrators' fees and pre-administration costs

### Administrators' fees

The basis of the Administrators' fees may be fixed on one or more of the following bases, and different bases may be fixed for different duties performed by the Administrators:

- a percentage of the value of the assets with which they have to deal;
- by reference to time properly spent by them and their staff dealing with matters arising in the Administrations; or
- as a set amount.

On these assignments it is proposed that the basis of the Administrators' fees shall be fixed by reference to the time properly spent by the Administrators and their staff on matters arising in the Administrations.

If creditors resolve to establish a committee, it shall be part of the committee's duties to determine the basis or bases of the Administrators' fees and authorise their disbursements.

If there is no creditors' committee, or the committee fails to determine the remuneration payable, such remuneration may be fixed with the approval of the Secured Creditor of the relevant company, or, where a distribution to preferential creditors is paid, or proposed, with the approval of each secured creditor and preferential creditors whose debts amount to more than 50% of the preferential debts of the relevant company, disregarding those preferential creditors who do not respond to an invitation to give or withhold approval.

Subject to the approval of the relevant creditors, it is proposed that the Administrators will draw fees when funds are available.

#### **Pre-administration costs**

Pre-administration fees charged, and expenses incurred by AlixPartners are as follows:

Charged by	Brief description of services provided	Total amount charged £	Amount paid £	Payment made by	Amount unpaid £
AlixPartners	e.g. – Marketing of the Companies' businesses, negotiations with potential purchasers and strategic planning for the administrations	418,923	418,923	Casual Dining Limited	0
Lawyer: Kirkland & Ellis International LLP	Filing notices of intention to appoint administrators, and planning for the administrations	38,114	38,114	Casual Dining Limited	0
Lawyer: Kirkland & Ellis International LLP	Disbursements incurred including counsels' fees	10,161	10,161	Casual Dining Limited	0

Detailed below is a Time Analysis for the pre-administration costs incurred by the Administrators.

Activity category	Hours incurred	Average rate per hour £	Total time cost £
Strategy and planning	376	425	159,800
Marketing of business	454	425	193,035
Negotiation of sale	92	425	39,015
Discussions with key creditors	20	425	8,288
Other matters	44	425	18,785
Total	986	425	418,923

As mentioned in section 3 above, AlixPartners was originally engaged by CD Limited in April 2020 to provide an options review and assist with the restructuring of the businesses. As part of the restructuring process management had already commenced a marketing exercise to sell the whole or part of the group's business. K&E were engaged by AlixPartners to assist in this process.

Under the terms of an engagement letter agreed on 20 May 2020, AlixPartners were engaged by the Companies to commence an accelerated sale process for the whole business, including approaching interested parties, assisting management with the due diligence process and evaluating offers received. During this process, AlixPartners was also instructed to provide contingency planning and options review in the event that a sale was not achieved.

The time costs detailed above are all incurred after the 1 June 2020, at which time it became apparent that a CVA was not a viable option and the Companies started planning for administration appointments. Given the advanced stage of the sales process,

AlixPartners continued to work with the Companies and the prospective purchases. This work resulted in a sale of the trading businesses and assets on 31 July 2020.

All costs were paid in full by CD Limited prior to the Administrators' appointment, and as a result the Administrators are not seeking approval for these costs.

### Administrators' fee estimates

Details of the work that the Administrators envisage being required to achieve their selected objectives, and to comply with the statutory and regulatory duties that are imposed upon them as a consequence of their appointment are set out in section 5. The anticipated amount of work and the costs associated with it are set out below.

#### CD Bidco

Casual Dining Bidco Limited and certain Group Companies - All in Administration (the Companies)

The above estimates are based on information which has been made available to the Administrators to date. Should any matters arise, such as investigatory matters and/or additional realisable assets, further time will be incurred dealing with such matters. Similarly, if the Administrators encounter any protracted realisations, such as delays in realising the deferred consideration or dealing with the debt collection process further time will be incurred in finalising matters. If applicable, the Administrators will advise creditors in further communications.

### **Administrators' disbursements**

The below table details the anticipated category 1 disbursements which will be incurred by the Administrators. It is expected that the costs, with the exception of stationery and postage, will be approximately the same for each of the Companies.

CD Bidco, BI Group, BI Restaurants, CR Restaurants, CR Limited, CD London, CD Restaurants, LI Holdings and LI Limited

Cost per company	Anticipated cost £
Category 1 disbursements:	
Specific penalty bond	225
Statutory advertising	<sub>,</sub> 95
Storage	3,000
Stationery and postage	1,000
Total	4,320
CD Services	
Category 1 disbursements:	
Specific penalty bond	225
Statutory advertising	95
Storage	5,000
Stationery and postage	14,000
Total .	19,320
CD Limited	
Category 1 disbursements:	
Specific penalty bond	225
Statutory advertising	95
Storage	3,000
Stationery and postage	2,000
Total	5,320

In the Administrations of CD Bidco, BI Group, BI Restaurants, CR Restaurants, CD Limited, CD London, CD Restaurants, LI Holdings and LI Limited, the Administrators require prior approval from the Secured Creditor to draw category 2 disbursements.

In the Administrations of CD Services and CR Limited, the Administrators require prior approval from the general body of creditors to draw category 2 disbursements.

The request to draw these disbursements will be issued to the relevant creditors with this report. Category 2 disbursements are set out in Appendix G.

BI Group

### **Trading position**

The below table details the anticipated trading position of the Companies. This is subject to change once costs are finalised and the reallocation exercise mentioned in the section 5 of the report has been completed.

As previously mentioned, the majority of the Companies restaurants remained closed throughout the period due to Covid-19 restrictions. However, in order to maintain viable businesses capable of being sold as going concerns the Administrators had to incur ongoing holding costs. It was judged that these costs were justified in order to maximise realisations across the Companies as a whole.

# Appendix G. Administrators' details of time spent to 17 July 2020

The time below represents the time posted by the Administrators' staff to date. Where time has been specifically incurred on work relating to one of the Companies that time has been charged to that company. However, where time has been incurred on a 'group' basis, ie sale of business, trading, preparation of reports, etc, this has been charged to CD Bidco. All time spent dealing with employees has currently been charged to CD Services as this company employed all the employees, their services however, were utilised across all the group companies. The Administrators will carry out a review of all the time charged on a group basis and that time will be reallocated to the individual companies on a pro rata basis appropriate to the time charged and the work carried out.

#### CD Bidco

Total time costs for the Period are £676,077. This represents 1,447 hours at an average rate of £467 per hour.

Activity category	Hours incurred	Blended rate per hour £	Time cost £
Trading	228	422	96,176

### Appendix H. Additional information in relation to the Administrators' fees pursuant to Statement of Insolvency Practice 9

### **Policy**

Detailed below is AlixPartners' policy in relation to:

- staff allocation and the use of sub-contractors;
- professional advisors; and
- disbursements.

Staff allocation and the use of sub-contractors

The Administrators' general approach to resourcing their assignments is to allocate staff with the skills and experience to meet the specific requirements of the case.

The case team will usually consist of a managing director, a director, a senior vice president, a vice president, or a consultant. The exact case team will depend on the anticipated size and complexity of the assignment and the experience requirements of the assignment. On larger, more complex cases, several staff at all grades may be allocated to meet the demands of the case. The Administrators' charge-out rate schedule overleaf provides details of all grades of staff.

With regard to support staff, the Administrators advise that time spent by their treasury department in relation to specific tasks on an assignment is charged. The Administrators only seek to charge and recover secretarial time if a large block of time is incurred, eg report compilation and distribution.

The following services are being provided on CD Services on this assignment by external sub-contractors:

Service type	Service provider	Basis of fee arrangement	Expected fee £
Employee claim processing	Evolve IS Limited	Rate per employee plus fixed fee	73,000

#### Professional advisors

On these assignments the Administrators have used the professional advisors listed below. The Administrators have also indicated the basis of their fee arrangement with them, which is subject to review on a regular basis. The same fee basis for each advisor listed is applicable to each of the Companies.

Name of professional advisor	Basis of fee arrangement		
Eversheds-Sutherland (International) LLP (legal advice)	Hourly rate and disbursements		
Kirkland & Ellis International LLP (legal advice)	Hourly rate and disbursements		
AG&G (property agents)	Fixed fee plus 10% based on recoveries		
Hilco (chattel agents – valuation and disposal)	Fixed fee plus disbursements		
Vigilance (keyholder services)	Hourly rate and disbursements		
CAPA (rates recovery agent)	Contingent fee – 20% based on recoveries		
Aon UK Limited (insurance and risk assessment)	Risk based premium plus fixed fee		

The Administrators' choice was based on their perception of the professional advisors' experience and ability to perform this type of work, the complexity and nature of the assignment and the basis of their fee arrangement with them.

#### Disbursements

Category 1 disbursements do not require approval by creditors. Category 1 disbursements may include external supplies of incidental services specifically identifiable to the case, such as postage, case advertising, invoiced travel, external printing, room hire and document storage. Also, chargeable will be any properly reimbursed expenses incurred by the Administrators and their staff.

Approval for category 2 disbursements will be sought as specified in section 1 of this report and may include:

- photocopying charged at the rate of 10 pence per sheet for notifications and reports to creditors and other copying;
- printing charged at the rate of 10 pence per sheet for black and white printing and
   15 pence per sheet for colour; and
- business mileage for staff travel charged at the rate of 45 pence per mile.

### **Charge-out rates**

A schedule of AlixPartners' charge-out rates for these assignment effective is detailed below. Time is charged by the appointees and case staff in units of six minutes.

Description			•	Rates £
Managing director	٠,			785-970
Director			*	670-740
Senior vice president				470-575
Vice president		* .		350-445
Consultant			, .	120-325
Treasury and support				175-325

### Appendix I. Exit routes and discharge from liability

### **Compulsory liquidation – All Companies**

A liquidator of a company has certain powers such as the ability to disclaim onerous contracts or assets that are not available to an administrator. If such powers become necessary, the Administrators may make an application to court to end the relevant Administration and request that the court places the company into compulsory liquidation. The Administrators will send notice of any such application to the company and its creditors.

### **Dissolution of the Companies**

BI Restaurants, CR Restaurants, CD Limited, CD Restaurants, LI Limited

Based on present information, the Administrators think a dividend will be paid to the unsecured creditors from the Unsecured Creditors' Fund. In this situation, the Administrators will file a notice together with their final progress report at court and with the Registrar of Companies for the dissolution of the relevant Companies once all funds have been distributed. The Administrators will send copies of these documents to the relevant company and its creditors. The Administrations will end following the registration of the notices by the Registrar of Companies.

CD Bidco, BI Group, CD London, LI Holdings and CD Services

Based on present information, the Administrators think that the relevant company has no property which might permit a dividend to be paid to its unsecured creditors. In this situation, the Administrators will file a notice together with their final progress report at court and with the Registrar of Companies for the dissolution of the relevant company once all funds have been distributed. The Administrators will send copies of these documents to the relevant company and its creditors. The appointment will end following the registration of the notice by the Registrar of Companies.

### Creditors' voluntary liquidation

#### CR Limited and CD Services

An administrator does not have the power to make a distribution to unsecured creditors, other than the Unsecured Creditors' Fund, without consent of the court. Should sufficient asset realisations enable a distribution to creditors, the Administrators may file a notice with the Registrar for the relevant company, which will have the effect of bringing the appointment of the Administrators to an end and will move the relevant company automatically into CVL. It is proposed that the Administrators will also become the Liquidators of the CVL.

Alternatively, if considered appropriate, usually due to the fact this will be more cost effective, the Administrators will submit an application to court for approval to make the distribution to unsecured creditors in the Administration rather than move the relevant company into CVL. If granted, the relevant company will proceed to dissolution after the distribution has been made.

Creditors have the right to nominate an alternative liquidator of their choice. To do this, creditors must make their nomination in writing to the Administrators prior to these

proposals being approved. Where this occurs, the Administrators will advise creditors and provide the opportunity to vote. In the absence of a nomination, the Administrators will automatically become the Liquidators in a subsequent CVL. Any act required or authorised by the Liquidators may be done by any or all of them, and the basis or bases of their fees approved by creditors in the relevant Administration will also apply to the CVL.

### Discharge from liability

The Administrators are seeking approval for their discharge from liability from the relevant creditors. It is proposed that the Administrators will be discharged from liability under paragraph 98 of schedule B1 to the Insolvency Act 1986 directly after their appointments as Administrators cease to have effect.
