1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared under the going concern basis.

At the balance sheet date the company had net current liabilities of £1,743,398 (2013 £1,742,765).

The company is supported by other group companies and as at 31 December 2014 the group required refinancing to enable the repayment of loan notes which were due to expire,

In December 2014 the shareholders of the group gave approval for the Board to accept an offer from Zeus Renewables Limited to acquire the business following a group reconstruction. This ensured that the loan notes due to expire were repaid.

The directors are of the opinion that the acquisition by Zeus Renewables Limited has ensured that the group will be provided with sufficient funds for it to continue for at least the next twelve months.

Going Concern

The Company is reliant on the continued support of its ultimate parent undertaking. Following the acquisition by Zeus Renewables Limited detailed in Post Balance Sheet Events, the company has received confirmation that this support will be ongoing covering at least a period of twelve months from the signing of these accounts.

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Related party exemption

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 8 Related Party Disclosures, not to disclose related party transactions with other wholly owned members of the group.

Tangible fixed assets

Depreciation has not been provided as the directors consider the useful economic life of tangible fixed assets to be greater than 50 years.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
