NOTES TO THE ABBREVIATED ACCOUNTS FOR THE PERIOD ENDED 31 DECEMBER 2007

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention

The financial statements are prepared on the going concern basis, which assumes that the company will be in operational existence for the foreseeable future. This depends upon continued support of the shareholders and creditors. The financial statements do not include adjustments that would result if such support is withdrawn.

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.3 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

1.4 Deferred taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

1.5 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

1.6 Group accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company and its subsidiary undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 248 of the Companies Act 1985 not to prepare group accounts.
