### **Directors' Report**

The directors present their report together with the audited financial statements for the period ended 31 December 2007

#### **Principal activities and business review**

The principal activity of the group is transportation within Europe including operation of ferry services between Great Britain and Continental Europe and road transport services across Great Britain, Ireland and continental Europe. The Company is a holding company.

The company was incorporated on 29 December 2006 as Polebay Limited and renamed as P&O Ferries Division Holdings Limited on 23 February 2007.

As part of a group reorganisation on 30 March 2007, P&O Ferries Division Holdings Limited took ownership of its current subsidiaries, as disclosed in note 12. Ultimately these companies are owned by Dubai World Corporation and this did not change as a part of the reorganisation. The company issued 429m shares for a total value of £535m, which was realised in the form of acquiring the businesses from the Peninsular and Oriental Steam Navigation Company, along with the loans, at the fair value based on their projected cash flows of the companies. The transactions have been recorded under acquisition accounting, with the excess of the consideration paid over the fair value of the assets acquired being the goodwill.

The accounts are for the period from 29 December 2006 to 31 December 2007, but as there was no trading until the 30 March 2007, the trading results are for the 9 months from 30 March 2007 to 31 December 2007.

Profit after tax was £58,452,000 for the period. Many components of the business are subject to a high degree of seasonality so it is not reliable to take a simplistic approach of annualising the results for KPI production. The earnings before interest of both ferries and logistics sectors were above management expectations as set by the budget. The subsidiaries' trading volumes for the full year of 2007 compared with 2006 were increased with ferry freight carryings rising by 4%, ferry tourist vehicle carryings rising by 1% and logistics movements rising by 7.2%.

At the year end the Group had overdraft facilities of £10m and revolving credit facilities of £30m to fund working capital requirements.

A subsidiary, P&O Ferries Ltd, began operating a new route between Tilbury and Zeebrugge on 16 July 2007. Two new vessels were introduced under charter agreements.

The European Endeavour was acquired as a refit relief vessel to allow freight service levels to be less affected by the fleet refit programme. It was acquired under a finance lease taken out in Euros at the end of 2007.

#### **Risk management**

Overdraft facilities drawn down by one of the Group companies are jointly and severally guaranteed by the other Group companies. Fuel prices continue to be exceptionally volatile and the Company has taken out hedge positions to help mitigate this risk.

#### **Future developments**

Costs have increased with the higher fuel prices and the Group has passed on the increased costs to customers via fuel surcharges. Competition from other ferry operators, Eurotunnel and low cost airlines means that the freight and tourist markets remain extremely competitive in the Ferries business. However, freight movements between the UK and mainland Europe are growing and the Group is confident of maintaining its position. The first part of 2008 has shown a rise in total ferry business with a change of mix as freight units shipped increased by 6% while tourist vehicles volumes have dropped by 5%. The logistics business has had a 6% rise in volumes.

#### **Disabled employees**

It is the Group's policy to give consideration to disabled people in selection for employment, training and career development opportunities, and to take action to facilitate the continuing employment of people who become disabled while on the Group's payroll. This policy is applied in a manner consistent with good business practice and the Group's regard for the health and safety of all employees and the community at large

#### **Employee involvement**

The Group is committed to communication with all employees and has in place arrangements to facilitate periodic meetings with representatives of the staff. Matters of interest concerning the group as a whole as well as those of a local interest are communicated in writing

Various profit sharing schemes for Group employees are in operation

#### **Creditor payment policy**

The Company did not have any trade creditors at the year-end or at any time during the period

The Group's policy is to pay suppliers in accordance with terms and conditions agreed when the orders are placed. Where payment terms have not been specifically agreed, then invoices dated in one calendar month are paid close to the end of the following month. This policy is understood by the purchasing and finance departments. The Group has procedures for dealing promptly with complaints and disputes. The Group does not follow any formal code or practice in respect of the payment of creditors. The creditor payments of other group companies within P&O Ferries Division Holdings Limited have been centralised within P&O Ferries Limited which had 24 days purchases outstanding at the year end. P&O Ferrymasters Holdings Limited had 52 days outstanding at the year end

#### **Disclosure of information to auditors**

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow directors and the Company's auditor, each director has taken all the steps that he/she is obliged to take as a director in order to make himself/herself aware of any relevant audit information and to establish that the auditor is aware of that information

**P&O Ferries Division Holdings Limited (formerly Polebay Limited)**  
**Statement of directors' responsibilities in respect of the Directors' Report and the financial statements**

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice)

The financial statements are required by law to give a true and fair view of the state of affairs of the Group and the Company and of the profit or loss for that period

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group and the Company will continue in business

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that its financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities

### **Independent auditors' report**

#### **to the members of P&O Ferries Division Holdings Limited (formerly Polebay Limited)**

We have audited the group and parent company financial statements (the "financial statements") of P&O Ferries Division Holdings Limited for the period ended 31 December 2007 which comprise the Consolidated Profit and Loss Account, the Consolidated and Company Balance Sheets, the Consolidated Cash Flow Statement, the Consolidated Statement of Total Recognised Gains and Losses, and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### **Respective responsibilities of directors and auditors**

The directors' responsibilities for preparing the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities on page 4.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you whether, in our opinion, the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

#### **Basis of audit opinion**

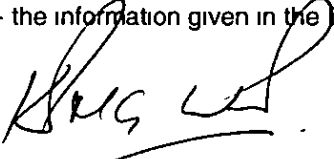

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Group's and Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### **Opinion**

In our opinion,

- the financial statements give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of the Group's and the parent company's affairs as at 31 December 2007 and of the Group's profit for the period then ended
- the financial statements have been properly prepared in accordance with the Companies Act 1985, and
- the information given in the Directors' Report is consistent with the financial statements

**Notes to the financial statements**  
**for the period from 29 December 2006 to 31 December 2007**

**1 Accounting policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Group financial statements

***Basis of preparation and going concern***

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting rules. The financial statements have also been prepared on the going concern basis.

***Basis of consolidation***

The consolidated financial statements include the financial statements of the Company and its subsidiary undertakings made up to 31 December 2007.

The acquisition method of accounting has been adopted. Under this method, the results of subsidiary undertakings acquired or disposed of in the year are included in the consolidated profit and loss account from the date of acquisition or up to the date of disposal.

Under section 230(4) of the Companies Act 1985 the Company is exempt from the requirement to present its own profit and loss account.

***Tangible fixed assets and depreciation***

Fixed assets are stated at cost less accumulated depreciation. Freehold land is not depreciated. Depreciation is provided to write down the cost or valuation of tangible fixed assets by equal annual instalments over their expected useful lives. The depreciation charge for ships is calculated after adjusting for the residual value based upon a percentage of the original cost. The periods applicable are -

Freehold buildings	10 to 50 years
Owned and leased ships	15 to 35 years
Plant, machinery, fixtures and fittings	2 to 40 years

Provision for any impairment in the value of ships and other assets is made in the profit and loss account.

***Foreign currencies***

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

The assets and liabilities of overseas subsidiary undertakings are translated at the closing exchange rates. Profit and loss accounts of such undertakings are consolidated at the average rates of exchange during the year. Gains and losses arising on these translations are taken to reserves, net of exchange differences arising on related foreign currency borrowings.

**P&O Ferries Division Holdings Limited (formerly Polebay Limited)**  
**Notes to the financial statements**  
**for the period from 29 December 2006 to 31 December 2007**

**1 Accounting policies (continued)**

***Leases***

Assets acquired under finance leases are shown as tangible fixed assets. The capital elements of future obligations under leases are shown as liabilities in the balance sheet. The total finance charge is allocated to accounting periods to produce a constant periodic rate of charge on the outstanding obligation during the lease term.

Operating lease rentals and charter hire costs are charged to the profit and loss account on a straight-line basis over the period of the lease or charter.

***Pensions***

The Group's net obligation in respect of defined benefit pension plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value, and the fair value of any plan assets is deducted. The discount rate is the yield at the balance sheet date on AA credit rated bonds that have maturity dates approximating to the terms of the Company's obligations. The calculation is performed by a qualified actuary using the projected unit credit method.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognised as an expense in the income statement on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognised immediately in the income statement.

All actuarial gains and losses that arise on the calculation of the Group's obligation in respect of a plan are recognised in the year in which they arise directly into the statement of recognised gains and losses.

The operating and financing costs of the defined benefit pension schemes are recognised separately in the income statement; current service costs are spread systematically over the expected average remaining life of employees and financing costs are recognised in the period in which they arise.

Contributions including lump sum payments, in respect of defined contribution pension schemes and multi-employer defined benefit schemes where it is not possible to identify the Group's share of the scheme, are charged to the income statement as they fall due.

***Stocks***

Stocks are stated at the lower of cost and net realisable value.

***Deferred taxation***

Deferred tax is recognised without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen and not reversed by the balance sheet date, except as otherwise required by FRS 19. A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

**P&O Ferries Division Holdings Limited (formerly Polebay Limited)**  
**Notes to the financial statements**  
**for the period from 29 December 2006 to 31 December 2007**

**1 Accounting policies (continued)**

***Goodwill***

Purchased goodwill (representing the excess of the fair value of the consideration given over the fair value of separable net assets acquired) arising on consolidation in respect of acquisitions is capitalised. Goodwill is considered to have an indefinite useful life as the P&O brand has over 150 years of positive usage, so it is not amortised but is annually tested for impairment which is written off through the profit and loss account.

This is not in accordance with Schedule 4 to the Companies Act 1985 which requires that all goodwill be amortised. The directors consider that this would fail to give a true and fair view of the profit for the year and that the economic measure of performance in any period is properly made by reference only to any impairment that may have arisen. It is not practicable to quantify the effects on the financial statements of this departure.

***Investments***

In the Company's financial statements, investments in subsidiary undertakings, associates and joint ventures are stated at cost less amounts written off.

***Turnover***

Turnover represents the amounts (excluding value added tax) derived from the provision of goods and services to third party customers. Ferry traffic revenue is recognised on departure of the relevant sailing.

Most of the Group's activities are qualifying activities for the purpose of the UK tonnage tax regime and the Group pays corporation tax on these activities by reference to the tonnage of the ships owned or operated. For its road transportation business and certain other minor non-qualifying activities the Group pays corporation tax at 30% of the profits earned by these activities.

The intangible fixed assets represent goodwill, being the excess of the purchase price over the fair value of net assets at the purchase date of 30 March 2007. Fair value was determined by professional valuation for ships, and director's valuation for other assets and liabilities. The goodwill is considered to have an indefinite useful life as the P&O brand has over 150 years of positive usage, so it is not amortised but is annually tested for impairment. The Group has a licence agreement with the Peninsular and Oriental Steam Navigation Company for the royalty free use of the P&O name and logo for worldwide ferry and road transport activities, subject to certain restrictions, including change of ownership. The impairment test is based on the predicted net cash flows for 10 years and a residual value, discounted at a rate of 10% and compared to the net asset value, including goodwill, of the Group.

The operational ferry companies elected to enter the UK tonnage tax regime in 2001 & 2002, which eliminated future potential tax liabilities on most of its activities' profits. The tonnage tax regime includes provision whereby a proportion of capital allowances previously claimed by the company may be subject to tax in the event that a significant number of ships were sold and not replaced. This contingent liability decreases to nil over the first seven years following entry to the regime. The contingent liability at 31 December 2007 was approximately £0.1 million assuming such disposal occurred at book value. No provision has been made as no liability is expected to arise.

The Company has no deferred tax liabilities.

The ship reinstatement relates to reinstatement of charter ships at the end of their contract

The reorganisation provision includes the cessation of the development of the Port of Cairnryan development, announced in autumn 2007, restructuring and redundancy costs including redundancies announced in Dover Port in December 2007, and the company's obligations to pay costs under contracts for properties returned to lessor. The expectation is that most of these costs will be paid in 2008.

The legal provision relates to disputed vehicle transit costs, contractual employee rights and potential duty fines. The dispute that P&O European Ferries (Vizcaya) SA had, was settled in 2007. The release of the provision is due to the P&O European Ferries (Vizcaya) SA dispute being resolved at a significantly lower cost than had been previously provided. About £0.5m of the provision is expected to be paid in 2008.

**21 Acquisitions**

On 30 March 2007, the company acquired all of the shares of P&O Short Sea Ferries Limited, P&O North Sea Ferries Limited, P&O European Ferries (Irish Sea) Limited, P&O European Ferries (Portsmouth) Limited, P&O Ferrymasters Holdings Limited, Larne Harbour Limited and Ship Management Holdings (Gibraltar) Limited.

**30 Pension schemes**

The Group participates in three company sponsored funded defined benefit pension schemes. The principal scheme, The P&O Pension Scheme (the "P&O UK Scheme"), was closed to new routine members on 1 January 2002. The assets of the scheme are managed on behalf of the trustee by independent fund managers. The two smaller schemes are the P&O Irish Pension Scheme and the P&O North Sea Ferries (Netherlands) Scheme.

The Group also participates in the Merchant Navy Officers' Pension Fund (the "MNOFF Scheme"), and the Merchant Navy Ratings' Pension Fund (the "MNRPF Scheme") industry wide schemes.

The Group also makes contributions to various company defined contribution schemes and various industry defined contribution schemes which have assets in separate administered funds. The charge in the Group accounts for these schemes in 2007 was £1,140,000.

The latest valuations of all four funded defined benefit pension schemes have been updated to 31 December 2007 by qualified independent actuaries. The Group cannot identify its share of the underlying assets and liabilities of the MNRPF on a consistent and reasonable basis.

The principal assumptions are included in the table below.

The assumptions used by the actuaries are the best estimates chosen from a range of possible actuarial assumptions, which, due to time scale covered, may not necessarily be borne out in practice.

**P&O UK Scheme actuarial valuation for funding purposes**

Formal valuations of the P&O UK Scheme are normally carried out triennially by qualified independent actuaries, the latest regular valuation report for the scheme being at 31 March 2007, using the projected unit method

The market value of The P&O UK Scheme's assets was £1,210m and the value of accrued benefits to the members allowing for future increases in earnings was £1,277m giving a deficit of £67m and a funding ratio of 95 per cent

Excluding the deficit reduction payments, the average contribution rates for normal P&O UK Scheme employees (excluding senior Executives) were 22.2 per cent for the year to 31 December 2007

The principal long term assumptions in the P&O UK Scheme's March 2007 valuation are

	<b>Nominal % per annum</b>
Price inflation	<b>3.00</b>
Investment return on pre-retirement portfolio	<b>5.94</b>
Investment return on post-retirement portfolio	<b>5.11</b>
Earnings escalation	<b>4.50</b>
Increase in pensions in excess of Guaranteed Minimum Pensions	<b>2.75</b>

PA92 medium cohort tables have been used as a basis projected up to 2007, subject to a 1% minimum annual increase in line with long cohort, to reflect improvements in future mortality

As part of the March 2007 reorganisation, the current employees were offered the opportunity to have their pension transferred to a new fund exclusively for the group's employees who were in the P&O Pension Scheme, with the same benefits as before, and most of the employees accepted. The pensioners and deferred pensioners assets and liabilities were retained by the Peninsular and Oriental Steam Navigation Company, along with the risks and rewards of that fund. The transfer took place in April 2008, and has no significant effect on the financial position of the Group.

**P&O Irish Pension Scheme**

The P&O Irish Pension Scheme is a funded defined benefit scheme. Formal valuations of the P&O Irish pension scheme are normally carried out triennially by qualified independent actuaries, the latest valuation report for the scheme being at 1 January 2005, using the projected unit method. This valuation has been updated by the actuary on an FRS 17 basis as at 31 December 2007 using the projected unit method.

As at 1 January 2005, the date of the most recent valuation, the market value of the scheme assets was £5.1m and the value of the accrued benefits to the members allowing for future increases in earnings was £5.6m giving a deficit of £0.5m and a funding ratio of 91%.

Excluding deficit reduction payments, the employer contribution rate in respect of future years is currently set at 18% of pensionable salaries. The major assumptions used in this valuation were

	<b>%</b>
Rate of increase in salaries	<b>4.50</b>
Investment return on pre-retirement portfolio	<b>6.50</b>
Investment return on post-retirement portfolio	<b>5.00</b>
Inflation rate	<b>2.50</b>

**Merchant Navy Officers' Pension Fund ("MNOFF")**

The MNOFF Scheme is a defined benefit multi-employer scheme in which officers employed by Group companies have participated

The Scheme is divided into two sections, the Old Section and the New Section both of which are closed to new members and the latest valuation was carried out at 31 March 2006

The Old Section has been closed to benefit accrual since 1978. The Scheme's independent actuary advised that at 31 March 2006 the market value of the scheme's assets for the Old Section was £1,473m, representing approximately 107 per cent of the value of the benefits accrued to members. The assets of the Old Section were substantially invested in bonds.

As at 31 March 2006, the date of the most recent valuation, the New Section had assets with a market value of £1,931m, representing approximately 93% of the benefits accrued to members. The valuation assumptions were as follows:

	%
Discount rate	<b>5.93</b>
Rate of salary increases	<b>4.50</b>
Rate of pension increases (where increases apply)	<b>3.00</b>

At the date of valuation, approximately 57 per cent of the New Section's assets were invested in equities, 15 per cent in bonds and 28 per cent in property, pooled investment vehicles and cash.

The trustee has advised the Group that the share of its deficit in the New Section is 17.67 per cent, and for the 2003 valuation, has issued a schedule of regular deficit payments from the Group totalling £5.2m per annum commencing on 30 September 2005 and payable on 30 March thereafter until 2014. Therefore, the Group has accounted for the MNOFF New Section as a defined benefit scheme. The Group will also pay its proportion of the £151m deficit identified in the 2006 valuation, by instalments up to 2014. The next valuation will be no later than 31 March 2009.

**Merchant Navy Ratings Pension Fund ("MNRPF")**

The MNRPF Scheme is an industry wide multi-employer benefit pension scheme in which sea staff employed by group companies have participated. The scheme has significant funding deficit and has been closed to further benefits accrual.

As 31 March 2005, the date of the most recent full triennial valuation carried out by an independent actuary, the scheme had assets with a market value of £590m, representing 86 per cent of the benefits accrued to members allowing for future increases. Approximately 68 per cent of the scheme's assets were invested in bonds, 25 per cent in equities and 7 per cent in property and cash. The valuation assumptions were as follows:

	%
Investment return on pre-retirement portfolio	6.50
Investment return on post-retirement portfolio	5.00
Rate of national average earnings increase	4.20
Rate of pension increases (where increase apply)	2.70

As the group's UK companies are no longer current employers in the MNRPF, they have no legal obligation with respect to the on-going deficit in the fund, having settled their statutory debt obligation. Voluntary payments were made by the UK subsidiaries up to March 2007. The Gibraltar companies' proportion of the deficit required a payment of £615,000 in March 2007.

For the year ended 31 December 2007 the Group cannot identify its share of the underlying assets and liabilities of the MNRPF on a consistent and reasonable basis and is therefore for the year ended 31 December 2007 accounting for the MNRPF under FRS17 as if it were a defined contribution scheme. The charge in the Group accounts was £612,000.
