Notes to the Abbreviated Accounts
for the Year Ended 31 December 2013

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared on a going concern basis. The financial statements show that the net current liabilities exceeded the net current assets. The company is therefore reliant on the support of the Creditors. No adjustment has been made to reclassify assets and liabilities on the basis that the support from the Creditors will not be withdrawn. The Directors therefore consider it appropriate to prepare the financial statements on a going concern basis which assumes that the company will continue in operational existence for the foreseeable future.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net sales of goods and services, excluding value added tax.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 2010, is being amortised evenly over its estimated useful life of ten years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Furniture, fixtures & fittings - 30% on reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
