FINANCIAL STATEMENTS
FOR THE PERIOD TO 7 FEBRUARY 2009**

STATEMENT OF DIRECTOR'S RESPONSIBILITIES

Company law requires the director to prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the Company and of the surplus or deficit for that period. In preparing those financial statements, the director is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The director is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding of assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ACCOUNTING POLICIES

Historic Cost Convention

The financial statements have been prepared in accordance with applicable accounting standards and in accordance with the historical cost convention. A summary of the company's accounting policies, which have been applied consistently, is set out below.

Foreign Currencies

All transactions denominated in foreign currencies are translated at the actual rate of exchange ruling on the date of the transaction. Current assets and liabilities in foreign currencies are translated into sterling at rates of exchange ruling at Balance Sheet date. All exchange differences are dealt with in the profit and loss account.

Turnover

Turnover represents the value of charges to customers for the year, net of any credits issued and before any charges for value added tax.

Deferred Tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that have resulted in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which timing differences are expected to arise, based on tax rates and laws that have been enacted or substantially enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.
