Strategic report for the year ended 31 December 2015

The directors present their strategic report together with the audited financial statements for the year ended 31 December 2015. The financial statements have been prepared in accordance with FRS 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland.

Business review and principal activities

The Company serves as an investment holding company. No change to this activity is envisaged.

In early 2015 The Manitowoc Company Inc announced its intention to split itself into two separate publicly quoted entities, namely The Manitowoc Company Inc (the Cranes business) and Manitowoc Foodservice Inc (the Foodservice business). This was effected on 4th March 2016. On the same date, the ownership of the Company changed from the Manitowoc Company Inc. to Manitowoc Foodservice Inc.

The separation process involved a number of organizational changes to allow the business to separate cleanly. None of these changes directly affected the Company.

The statement of comprehensive income is set out in page 7 and shows a loss before tax of £1k (2014: loss £1k).

The directors do not recommend payment of a dividend (2014: £nil.)

The Company has undertaken a review of the carrying amounts of investments at year end and consider these amounts to be recoverable.

Principal risks and uncertainties

Throughout the year, the Company identifies and reviews potential risk and uncertainties that could have a material impact on performance and has put in place internal processes and controls designed to mitigate these risks. Detailed planning processes and contingency plans are in place for adverse change to macro-economic conditions. Appropriate review and development processes are followed for all employees including for succession. The principal risks the Company is exposed to are as follows:

Liquidity and interest rate risk

The Company is a participant in the group treasury function which has the objective of maintaining a balance between continuity of funding and appropriately investing in the money markets. All cash management is performed centrally and the Company's cash position is monitored weekly. The Company's policy is also to maintain access to a mixture of long term and short term debt finance from group companies and to regularly review interest rates.

Group risks are dealt with in the Annual Report of Manitowoc Foodservice Inc., the ultimate parent organisation.

Strategic report for the year ended 31 December 2015 (continued)

Going concern

The Company has a commitment from its ultimate parent company that it will not demand repayment of any intercompany loans for a period of at least twelve months after the signing of these financial statements, if such repayment would leave the Company unable to meet its other liabilities. In addition, the ultimate parent company has confirmed that it will continue to provide financial support as necessary. As a consequence, the directors believe that the Company is well placed to manage its business risk successfully. After making enquiries the directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and the financial statements.

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;

Notes forming part of the financial statements for the year ended 31 December 2015

1 Accounting policies

The financial statements have been prepared in accordance with FRS 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the accounting policies.

The following principal accounting policies have been applied:

Consolidated Financial Statements

The Company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included in the publicly available consolidated financial statements of the Manitowoc Company Inc. These financial statements present information about the Company as an individual undertaking and not about its group.

Cash Flow

The Company has taken advantage of the exemption conferred by FRS 102 not to prepare a cash flow statement on the grounds that at least 90% of the voting rights are controlled by the group headed by the Manitowoc Company Inc. and the Company is included in its consolidated financial statements.

Investments

Investments are held at cost less permanent diminution in value.

Financial assets

Financial assets are initially measured at transaction price (including transaction costs) and subsequently held at cost, less any impairment.

Financial liabilities and equity

Financial liabilities and equity are classified according to the substance of the financial instrument's contractual obligations, rather than the financial instrument's legal form. Financial liabilities are initially measured at transaction price (including transaction costs) and subsequently held at amortised cost.

Reserves

The Company's reserves include

Called up share capital reserve represents the nominal value of the shares issued.

The share premium account includes the premium on issue of equity shares, net of any issue costs

Profit and loss account represents cumulative profits or losses, net of dividends paid and other adjustments.

Notes forming part of the financial statements for the year ended 31 December 2015 (continued)

1 Accounting policies (continued)

Current and deferred taxation

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company's subsidiaries operate and generate taxable income.

Deferred balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits;
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax.

Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

2 Judgements in applying accounting policies and key sources of estimation uncertainty

In preparing these financial statements, the directors have made the following judgements:

Investments are held at cost less permanent diminution in value. Judgement has been applied by the directors in estimating the recoverability of loans and investments.

3 Operating loss

No auditors' remuneration has been charged in the financial statements in either year, as this is borne by Enodis Group Limited. Management believe that £2,000 (2014: £2,000) of the total audit fee disclosed by that company is attributable to the audit of the Company.

No Directors received any remuneration from the Company (2014: £nil). The Company has no employees other than the Directors (2014: none).
