Notes to the financial statements for the year ended 30 September 2012

#### 1. Accounting policies

## 1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with applicable UK accounting standards

#### 1.2 Cash flow statement

The directors have taken advantage of the exemption in Financial Reporting Standard No 1 (revised) from including a cash flow statement in the financial statements on the grounds that the company is wholly owned and its parent publishes a consolidated cash flow statement

#### 1.3 Development land

Land purchased for development is stated at the lower of cost and net realisable value. Cost comprises all costs directly attributable to the acquisition and holding of the land purchased for development, including the purchase cost of the land, legal costs, attributable finance costs and the cost of bringing the land to its present position at the balance sheet date. Finance costs cease to be capitalised against land which is not actively being prepared for development. Rental income arising on land purchased and held for development is capitalised into its carrying value. Net realisable value is based on the estimated selling price of the completed development less further costs expected to be incurred to completion and disposal.

#### 1.4 Deferred taxation

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date. Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted
