NOTES TO THE ABBREVIATED ACCOUNTS
YEAR ENDED 31 MARCH 2013

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

The directors continue to prepare the accounts on the going concern basis. Despite recurring operating losses and a balance sheet deficit, the directors are of the opinion that there are adequate financial resources available to enable the company to continue to trade for the foreseeable future.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Work in progress

Work in progress is stated at the lower of costs incurred on property development and the net realisable value which is based on the estimated selling price less estimated costs to completion. Full provision is made for losses in the period in which they are foreseen.
