BSPS AREA 16 LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 SEPTEMBER 2012

1 Accounting policies

The accounts have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents income receivable for goods and services provided in the period, exclusive of Value Added Tax and trade discounts

Depreciation of fixed assets

Depreciation has been computed to write off the cost of fixed assets over their expected useful lives at the following rates -

Plant and machinery	25% per annum reducing balance
---------------------	--------------------------------

A full year's depreciation is charged in the year of acquisition of an asset but none in the year of disposal

Stocks

Stocks and work in progress are valued consistently at the lower of cost (on a first in, first out basis) or net realisable value. Cost, where appropriate, includes a proportion of directly attributable overheads

Debtors

Debtors are shown after providing for any amounts which in the opinion of the directors may not be collected in full

Deferred taxation

Deferred tax assets and liabilities have arisen from timing differences between the recognition of gains and losses in the financial statements and their recognition in a tax computation. Full provision has been made to the extent to which it is considered more likely than not to become payable/recoverable in the foreseeable future and at the rate eventually expected to be charged
