British American Tobacco Taiwan Logistics Limited**Strategic Report**

The Directors present their Strategic Report on British American Tobacco Taiwan Logistics Limited (the "Company") for the year ended 31 December 2022.

Principal activities

The principal activity of the Company is the distribution of tobacco products through the Company's branch in Taiwan (the "Branch"). The Branch sells the products to a member of the British American Tobacco p.l.c. group of companies (the "Group") for further distribution.

Review of the year ended 31 December 2022

The profit for the financial year attributable to the Company's shareholder after deduction of all charges and the provision of taxation amounted to £2,404,000 (2021: £3,239,000).

The Directors expect the Company's activities to continue on a similar basis in the foreseeable future.

Key performance indicators

Given the nature of the Company's activities, the Company's Directors believe that key performance indicators are not necessary or appropriate for an understanding of the Company's specific development, performance, or the position of its business. However, key performance indicators relevant to the Group, and which may be relevant to the Company, are disclosed in the Strategic Report in British American Tobacco p.l.c.'s 2022 Annual Report and Form 20-F ("BAT ARA & 20-F") and do not form part of this report.

Principal risks and uncertainties

The principal risks and uncertainties of the Company, including financial risk management, are integrated with the principal risks of the Group, and are monitored by audit committees to provide a framework for identifying, evaluating and managing risks faced by the Group. Accordingly, the key Group risk factors that may be relevant to the Company are disclosed in the BAT ARA & 20-F and do not form part of this report.

UK Companies Act 2006: Section 172(1) Statement

The Company is part of the Group and is ultimately owned by British American Tobacco p.l.c. As set out above in the Company's Strategic Report, the principal activity of the Company is the distribution of tobacco products through the Branch in Taiwan. The Branch sells the products to a member of the Group for further distribution.

Under Section 172(1) of the UK Companies Act 2006 (the "Act") and as part of the Directors' duty to the Company's shareholder to act as they consider most likely to promote the success of the Company, the Directors must have regard for the likely long-term consequences of decisions and the desirability of maintaining a reputation for high standards of business conduct. The Directors must also have regard for the interests of the Company's employees business relationships with the Company's wider stakeholders and the impact of the Company's operations on the environment and communities in which it operates. Consideration of these factors and other relevant matters is embedded into all Board decision-making and risk assessments throughout the year.

The Company's key stakeholders are Group undertakings, including its shareholder, direct and indirect suppliers to the Company (including leaf suppliers, product materials suppliers and goods and services suppliers), customers of the Company (including distributors, wholesalers and retailers), employees, the government, customs, revenue and tax authorities and wider society in countries in which the Company operates.

The Company engages with other Group undertakings, including its shareholder through regular meetings, intra-group management activities and ongoing dialogue. Primary ways in which the Company engages directly or indirectly, as part of the Group, with its key external stakeholders are summarised on pages 20 to 21 of the BAT ARA & 20-F.

Where the Directors do not engage directly with the Company's stakeholders, they are kept updated on stakeholder perspectives, including through the use of management reporting and Board notes relating to matters presented to the Board during the year which set out stakeholder considerations as applicable to matters under consideration. This enables the Directors to maintain an effective understanding of what matters to those stakeholders and to draw on these perspectives in Board decision-making.

British American Tobacco Taiwan Logistics Limited

Strategic Report (continued)**UK Companies Act 2006: Section 172(1) Statement (continued)**

In relation to employee engagement, a range of internal communications and engagement channels were used during the year to support effect engagement with Group company employees. The primary engagement channels for Group company employees based in the UK (including the Company's employees) include town hall sessions, employee council meetings, the Your Voice employee survey and webcasts as set out on pages 20, 88, 140 and 169 of the BAT ARA & 20-F. The Group's 'Speak Up' channels are also available to all Company employees (as set out on page 66 of the BAT ARA & 20-F).

In accordance with the Group's overall governance and internal controls framework and in support of the Company's purpose as part of the Group, the Company applies and the Directors have due regard to all applicable Group policies and procedures, including the Group Statement of Delegated Authorities ("SoDA"), and the Group Standards of Business Conduct, International Marketing Principles, Health and Safety Policy, and Environment Policy as set out on pages 45 and 91 of the BAT ARA & 20-F. As a Group company, the Company acts in accordance with the Group's policies in relation to the safeguarding of human rights and community relationships, which are set out on page 45 of the BAT ARA & 20-F.

Certain authorities for decision-making are delegated to management under the SoDA, part of the Group's governance and internal controls framework through which robust corporate governance, risk management and internal control are promoted within the Group. Application of the SoDA does not derogate from any requirement for Board review, oversight or approval in relation to the Company's activities.

The Directors receive training in relation to their role and duties as a Director on a periodic basis. All newly appointed Directors receive training in respect of their roles and duties on appointment, including on directors' duties under Section 172 of the Act. Director training is provided through the Company Secretary.

The principal decisions made by the Directors during the year included the payment of an interim dividend to its shareholder as set out in the Directors' Report below and review and approval of the Company's Modern Slavery Act Statement. Examples of how stakeholder considerations and other relevant factors have been taken into account during the decision-making process in these contexts are as follows:

Payment of an interim dividend: The Directors reviewed and approved an interim dividend payment to the shareholder as set out in the Directors' Report below. The Board considered, amongst other relevant factors, the Company's capital position, the amount of its distributable reserves, its cash position, and the Company's actual and contingent liabilities and its ability to pay its debts as they fell due. Key stakeholder considerations taken into account, in that context, include those of the Company's shareholder, employees, suppliers and customers.

Modern Slavery Act Statement: The Board reviewed and approved the Company's annual Modern Slavery Act Statement for adoption by the Company. Key stakeholder interests taken into consideration in making these decisions include those of the Company's shareholder, direct and indirect suppliers and customers, employees, and government authorities and wider society in countries in which the Company operates.

Principal decisions are those decisions and discussions by the Board that are strategic or material to the Company and those of significance to any of Company's key stakeholders.

By Order of the Board

David Patrick Ian Booth
 Director

13 September 2023

British American Tobacco Taiwan Logistics Limited**Directors' Report**

The Directors present their report together with the audited financial statements of the Company for the year ended 31 December 2022.

In accordance with Section 414C(11) of the Act, the Directors have provided an indication of likely future developments in the business of the Company in the Strategic Report under the heading "Review of the year ended 31 December 2022".

Dividends

During the year the Company paid dividends amounting to £3,274,000 (2021: £357,000).

Board of Directors

The names of the persons who served as Directors of the Company during the period 1 January 2022 to the date of this report are as follows:

	Appointments in the period	Resignations in the period
Gregory Aris		07 September 2022
David Patrick Ian Booth		
Halawahaduge Kasun Saminda Fernando	31 May 2022	
Carola Wiegand		30 May 2022
Ekaterina Strong	01 April 2023	

Research and development

No research and development expenditure has been incurred during the year (2021: £nil).

Employees

The average number of employees employed by the Company during the year was 13 (2021: 15).

The Company has employment policies which are committed to providing a work environment that is free from harassment, bullying and discrimination – these policies are available online to all staff. The Company is committed to ensuring there is no discrimination against people with disabilities who apply to join the Company and anyone within the Company with disability is awarded the same opportunities for promotion, training, and career development as other staff. The Company aims to establish and maintain a safe working environment for all staff, including those with disabilities

Auditor

Pursuant to Section 487 of the Act, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Financial risk management

The Company's operations expose it to a currency risk as part of its purchases and operating expenses are denominated in foreign currencies. The exposure is partially hedged with forward foreign exchange contracts.

UK Companies Act 2006: Stakeholder Engagement Statement

The Company's Section 172(1) statement set out in the Strategic Report on pages 2 to 3 summarises how the Directors have regard to the need to foster business relationships with customers, suppliers and other external stakeholders when making decisions on behalf of the Company.

Further information regarding stakeholder engagement on behalf of the Company at Group level is provided on pages 20 to 21 of the BAT ARA & 20-F.

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Strategic Report, the Directors' Report, and the financial statements in accordance with applicable law and regulations.

Applicable law requires the Directors to prepare financial statements for each financial year. Under applicable law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including Financial Reporting Standard ("FRS") 101 *Reduced Disclosure Framework*.

British American Tobacco Taiwan Logistics Limited

Directors' Report (continued)

Statement of Directors' Responsibilities (continued)

Under applicable law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations or have no realistic alternative but to do so.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Act. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Directors' declaration in relation to relevant audit information

Having made appropriate enquiries, each of the Directors who held office at the date of approval of this report confirms that:

- (a) to the best of their knowledge and belief, there is no relevant audit information of which the Company's auditor is unaware; and
- (b) they have taken all steps that a Director might reasonably be expected to have taken in order to make themselves aware of relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of Section 418 of the Act.

Director

13 September 2023

Independent Auditor's Report to the members of British American Tobacco Taiwan Logistics Limited

Opinion

We have audited the financial statements of British American Tobacco Taiwan Logistics Limited ("the Company") for the year ended 31 December 2022 which comprise the Profit and loss account, Statement of other comprehensive income, Statement of changes in equity, Balance sheet and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2022 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 101 *Reduced Disclosure Framework*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or to cease its operations, and as they have concluded that the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

In our evaluation of the directors' conclusions, we considered the inherent risks to the Company's business model and analysed how those risks might affect the Company's financial resources or ability to continue operations over the going concern period.

Our conclusions based on this work:

- we consider that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate;
- we have not identified, and concur with the directors' assessment that there is not, a material uncertainty related to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for the going concern period.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the above conclusions are not a guarantee that the Company will continue in operation.

Independent Auditor's Report to the members of British American Tobacco Taiwan Logistics Limited (continued)

Fraud and breaches of laws and regulations – ability to detect

Identifying and responding to risks of material misstatement due to fraud

To identify risks of material misstatement due to fraud ("fraud risks") we assessed events or conditions that could indicate an incentive or pressure to commit fraud or provide an opportunity to commit fraud. Our risk assessment procedures included:

- Enquiring of directors and inspection of policy documentation as to the Company's policies and procedures to prevent and detect fraud as well as whether they have knowledge of any actual, suspected or alleged fraud.
- Reading Board minutes.
- Using analytical procedures to identify any usual or unexpected relationships.

As required by auditing standards, we perform procedures to address the risk of management override of controls, in particular the risk that management may be in a position to make inappropriate accounting entries. On this audit we do not believe there is a fraud risk related to revenue recognition because all sales are to a related party. We did not identify any additional fraud risks.

We also performed procedures including:

- Identifying journal entries to test based on risk criteria and comparing the identified entries to supporting documentation. These included those posted by individuals who typically do not post journal entries or are not authorised to do so and those posted to unrelated, unusual or seldom used accounts.

Identifying and responding to risks of material misstatement due to non-compliance with laws and regulations

We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our general commercial and sector experience and through discussion with the directors (as required by auditing standards), and discussed with the directors the policies and procedures regarding compliance with laws and regulations.

The Company is subject to laws and regulations that directly affect the financial statements including financial reporting legislation (including related companies legislation), distributable profits legislation and taxation legislation and we assessed the extent of compliance with these laws and regulations as part of our procedures on the related financial statement items.

Whilst the Company is subject to many other laws and regulations, we did not identify any others where the consequences of noncompliance alone could have a material effect on amounts or disclosures in the financial statements.

Context of the ability of the audit to detect fraud or breaches of law or regulation

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards.

In addition, as with any audit, there remained a higher risk of non-detection of fraud, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Our audit procedures are designed to detect material misstatement. We are not responsible for preventing non-compliance or fraud and cannot be expected to detect non-compliance with all laws and regulations.

Independent Auditor's Report to the members of British American Tobacco Taiwan Logistics Limited (continued)

Strategic report and directors' report

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the strategic report and the directors' report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on pages 4 and 5, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at

www.frc.org.uk/auditorsresponsibilities.

Independent Auditor's Report to the members of British American Tobacco Taiwan Logistics Limited (continued)

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

David Patrick Ian Booth
Director

Registered number
06201979

The accompanying notes are an integral part of the financial statements.

British American Tobacco Taiwan Logistics Limited**Notes to the financial statements for the year ended 31 December 2022****1 Accounting policies****Basis of accounting**

The Company is a private company incorporated, domiciled and registered in England and Wales in the UK. The registered number is 06201979 and the registered address is Globe House, 4 Temple Place, London, WC2R 2PG.

The financial statements of the Company have been prepared in accordance with Act and in accordance with FRS 101 *Reduced Disclosure Framework*.

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of UK-adopted International Accounting Standards ("IAS") but makes amendments where necessary in order to comply with the Act, and has taken advantage of certain disclosure exemptions available under FRS 101, including those relating to the preparation of a cash flow statement or disclosures regarding financial instruments and transactions with related parties.

The Directors have at the time of approving these financial statements a reasonable expectation that the Company has adequate resources to continue in operational existence for 12 months following the signing of these financial statements.

The Company is included in the consolidated financial statements of British American Tobacco p.l.c. which is incorporated in the United Kingdom and registered in England and Wales. Consequently, the Company has taken advantage of the exemption from preparing consolidated financial statements under the terms of Section 400 of the Act.

The preparation of the financial statements requires the Directors to make estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the disclosure of contingent liabilities at the date of the financial statements. The key estimates and assumptions are set out in the accounting policies below, together with the related notes to the financial statements.

The most significant items include:

- the review of asset values and impairment testing of financial assets; and
- the estimation of amounts to be recognised in respect of taxation.

Such estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable in the circumstances and constitute management's best judgment at the date of the financial statements. In the future, actual experience may deviate from these estimates and assumptions, which could affect the financial statements as the original estimates and assumptions are modified, as appropriate, in the year in which the circumstances change.

The accounting policies set out below, have unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Foreign currencies

The functional currency of the Company is Sterling. Turnover and profits expressed in currencies other than Sterling are translated into Sterling using exchange rates applicable to the dates of the underlying transactions. Monetary assets and liabilities are translated at closing rates of exchange.

The Company operates the Branch in Taiwan which has a functional currency of Taiwanese Dollars, and the results of the Branch are translated to Sterling using exchange rates applicable to the dates of the underlying transactions. Average rates of exchange in each year are used where the average rate approximates the relevant exchange rate at the date of the underlying transactions.

The difference between the retained profit of the overseas Branch translated at the average and closing rates of exchange is taken to reserves, as are differences on exchange arising on the retranslation to Sterling of foreign currency net assets at the beginning of the year.

Exchange differences arising on the retranslation of certain monetary assets and liabilities between the Company and its Branch, which qualify to be treated as net investments in a foreign operation, are translated at the exchange rate ruling at the end of the year and are taken to reserves. Other exchange differences, including those on remittances, are reflected in the profit and loss account.

British American Tobacco Taiwan Logistics Limited**Notes to the financial statements for the year ended 31 December 2022****1 Accounting policies (continued)****Foreign currencies (continued)**

Forward contracts are used by the Branch to manage exposure to foreign exchange risks. The Company does not hold derivative financial instruments for trading or speculative purposes. The forward contracts are accounted for in the financial statements where the underlying transactions have occurred by the balance sheet date. As required by the Act, the fair value of all forward contracts outstanding at year end is disclosed in note 12.

Turnover

Turnover principally comprises sales at invoiced value (excluding duty, excise and other taxes) and is after deducting rebates, returns and similar discounts, and is included in the profit and loss account when all contractual or other applicable conditions for recognition have been met. Turnover and Income is recognised in the profit and loss account when all contractual or other applicable conditions for recognition have been met.

Other operating expenses

Operating expenses are recorded in period they relate to and are generated in the normal business operations of the Company.

Taxation

Taxation is that chargeable on the profits for the period, together with deferred taxation.

The current income tax charge is calculated on the basis of tax laws enacted or substantively enacted at the balance sheet date.

Deferred taxation is provided in full using the liability method for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amount used for taxation purposes.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. As required under IAS 12 *Income Taxes*, deferred tax assets and liabilities are not discounted.

Deferred tax is determined using the tax rates that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or deferred tax liability is settled.

Tax is recognised in the profit and loss account except to the extent that it relates to items recognised in other comprehensive income or directly in equity, in which case it is recognised in other comprehensive income or changes in equity.

Any liabilities or assets recognised for exposures in respect of the payment or recovery of a number of taxes are recognised at such time as an outcome becomes probable and when the amount can reasonably be estimated.

As a UK resident wholly-owned subsidiary of the Group, the Company is eligible to surrender tax losses to, or claim tax losses from, fellow members of the same UK Group for the purposes of calculating corporation tax due in the UK ("Group Relief").

It is Group policy that tax losses are surrendered unless the entity generating the losses has a particular requirement to carry the losses forward. It is also Group policy not to reimburse entities for Group Relief surrendered unless, on a stand-alone basis and assuming the entity were not in the Group, those losses are judged to have value to the entity generating the loss.

Stock

Stock is valued at the lower of cost and net realisable value. Cost is based on weighted average cost incurred in acquiring inventories and bringing them to their existing location and condition, which will include raw materials, direct labour and overheads, where appropriate. Net realisable value is the estimated selling price less cost to completion and sale.

British American Tobacco Taiwan Logistics Limited**Notes to the financial statements for the year ended 31 December 2022****1 Accounting policies (continued)****Financial instruments**

The Company's business model for managing financial assets is set out in the BAT Group Treasury Manual which notes that the primary objective with regard to the management of cash and investments is to protect against the loss of principal. The majority of financial assets are held in order to collect contractual cash flows (typically cash and cash equivalents and loans and other receivables).

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the relevant instrument and derecognised when it ceases to be a party to such provisions. Such assets and liabilities are classified as current if they are expected to be realised or settled within 12 months after the balance sheet date. If not, they are classified as non-current.

Financial assets and financial liabilities are initially recognised at fair value, plus directly attributable transaction costs where applicable, with subsequent measurement as set out below.

Derivative financial assets and liabilities are initially recognised, and subsequently measured, at fair value, which includes accrued interest receivable and payable where relevant. Changes in their fair values are recognised as follows:

- for derivatives that are designated as cash flow hedges, the changes in their fair values are recognised directly in other comprehensive income, to the extent that they are effective, with the ineffective portion being recognised in the profit and loss account. Where the hedged item results in a non-financial asset, the accumulated gains and losses, previously recognised in other comprehensive income, are included in the initial carrying value of the asset (basis adjustment) and recognised in the profit and loss account in the same periods as the hedged item. Where the underlying transaction does not result in such an asset, the accumulated gains and losses are reclassified to the profit and loss account in the same periods as the hedged item; and
- for derivatives that do not qualify for hedge accounting or are not designated as hedges, the changes in their fair values are recognised in the profit and loss account in the period in which they arise.

In order to qualify for hedge accounting, the Company is required to document prospectively the relationship between the item being hedged and the hedging instrument. The Company is also required to demonstrate an assessment of the relationship between the hedged item and the hedging instrument, which shows that the hedge will be highly effective on an ongoing basis. This effectiveness testing is reperformed periodically to ensure that the hedge has remained, and is expected to remain, highly effective.

Hedge accounting is discontinued when a hedging instrument is derecognised (e.g. through expiry or disposal), or no longer qualifies for hedge accounting. Where the hedged item is a highly probable forecast transaction, the related gains and losses remain in equity until the transaction takes place, when they are reclassified to the profit and loss account in the same manner as for cash flow hedges as described above. When a hedged future transaction is no longer expected to occur, any related gains and losses, previously recognised in other comprehensive income, are immediately reclassified to the profit and loss account.

Derivative fair value changes recognised in the profit and loss account are either reflected in arriving at profit from operations (if the hedged item is similarly reflected) or in finance costs. Non-derivative financial assets apart from investments in associates are classified on initial recognition as amounts owed by Group undertakings and other debtors.

Where interest bearing receivables and payables have their floating rates based on benchmark rates, such as the London Interbank Interest Rate ("LIBOR"), the Company accounted for the application of replacement benchmark rates in accordance with the Amendments to IFRS 9 Financial Instruments published in 2019 (phase 1) and 2020 (phase 2) when applicable. The replacement rate Sterling Overnight Index Average ("SONIA") has been applied since August 2021.

Impairment of financial assets

Loss allowances for expected credit losses on financial assets which are held at amortised cost are recognised on initial recognition of the underlying asset. As permitted by International Financial Reporting Standard ("IFRS") 9 *Financial Instruments*, loss allowances on trade receivables arising from the recognition of revenue under IFRS 15 *Revenue from Contracts with Customers* are initially measured at an amount equal to lifetime expected losses. Allowances in respect of loans and other receivables (debtors) are initially recognised at an amount equal to 12-month expected credit losses. Allowances are measured at an amount equal to the lifetime expected credit losses where the credit risk on the receivables increases significantly after initial recognition.

British American Tobacco Taiwan Logistics Limited

Notes to the financial statements for the year ended 31 December 2022**1 Accounting policies (continued)****Retirement benefits**

The Company, via its Branch in Taiwan, operates both a defined contribution scheme and an unfunded defined benefit scheme. Payments in respect of defined contribution schemes are charged as an operating expense as they fall due.

For defined benefit schemes, pension net surpluses or deficits as of the balance sheet date are recognised in full as an asset or liability respectively. The net deficit or surplus is based on the present value of the defined benefit obligation at the balance sheet date. Actuarial gains and losses are recognised as they are incurred in the statement of total recognised gains and losses. The actuarial cost charged to operating profit consists of current service cost, past service costs and gains or losses on settlements and curtailments. The interest cost is recognised in other financing costs.

2 Turnover

	2022	2021
	£'000	£'000
Gross turnover	242,622	231,772
Government levies	(203,682)	(192,521)
	38,940	39,251

Turnover comprises the sale of tobacco products to another Group undertaking in Taiwan.

Defined benefit scheme costs (note 10)	3	(42)
	760	564

None of the Directors received any remuneration in respect of their services to the Company during the year (2021: £nil). The Company considers that there is no practicable method to allocate a portion of the emoluments the Directors receive from their respective Group company employer for any qualifying services in respect of the Company, as these are considered to be incidental and part of the Directors overall management responsibilities within the Group.

British American Tobacco Taiwan Logistics Limited

Notes to the financial statements for the year ended 31 December 2022**3 Other operating expenses (continued)**

The average monthly number of persons employed by the Company during the year, by activity, was:

	2022	2021
	Number	Number
Administration	3	3
Marketing	10	12
	13	15

4 Interest payable and similar expenses

	2022	2021
	£'000	£'000
Bank loan interest	14	12

5 Taxation**(a) Recognised in the profit and Loss account**

	2022		2021	
	£'000	£'000	£'000	£'000
<i>Foreign tax</i>				
Current tax on income for the period	365		1,318	
Prior tax on income for the period	(465)		190	
Total current tax		(100)		1,508
<i>Foreign Deferred tax</i>				
Origination and reversal of temporary differences	86		(383)	
Total deferred tax		86		(383)
Total income tax expense		(14)		1,125

(b) Factors affecting the taxation charge

An increase in the UK corporation rate from 19% to 25% (effective 1 April 2023) was substantively enacted on 24 May 2021. This will increase the Company's future current tax charge accordingly.

The taxation charge for the year differs from the charge that would be expected based on the statutory 19% (2021: 19%) rate of corporation taxation in the UK. The major causes of this difference are listed below:

	2022	2021
	£'000	£'000
Profit for the financial year	2,404	3,239
Total tax expense	(14)	1,125
Profit before tax	2,390	4,364
Tax using the UK corporation tax rate of 19% (2021: 19%)	454	829
Transfer pricing	(2)	(1)
Non-deductible expenses	—	32
Income not taxable	(9)	(7)
Foreign deferred tax	86	(383)
Foreign tax suffered	365	1,318
Prior year adjustment	(465)	190
Group Relief surrendered for nil consideration	2	1
Overseas branch exemption	(445)	(854)
	(14)	1,125

British American Tobacco Taiwan Logistics Limited

Notes to the financial statements for the year ended 31 December 2022

5 Taxation (continued)

(c) Income tax recognised in other comprehensive income

	2022 £'000	£'000	2021 £'000	£'000
Deferred tax on pension	(10)		(9)	
		(10)		(9)

The profits of the branch in Taiwan are not taxable in the UK. As there are no UK operations, all current and deferred tax balances therefore arise in Taiwan. As the entity is incorporated in the UK, the applicable tax rate used in the tax reconciliation is the UK statutory rate of 19%.

British American Tobacco Taiwan Logistics Limited

Notes to the financial statements for the year ended 31 December 2022**9 Capital and reserves****(a) Called up share capital**

Ordinary shares of £1.00 each Allotted, called up and fully paid	2022	2021
- value	£2	£2
- number	2	2

(b) Other reserves

Other reserves include differences on exchange arising on the retranslation of the retained profits and net assets of the overseas Branch from Taiwanese Dollars to Sterling.

(c) Profit and loss account

The profit and loss account includes all current and prior period retained profits and losses, deferred tax on actuarial loss, and actuarial gains/losses on defined benefit pensions schemes.

(d) Cash flow hedge reserve

The cash flow hedge reserve includes the effective portion of changes in fair value of derivatives, other qualifying hedging instruments, the gain or loss relating to the ineffective portion reclassified to profit or loss, and deferred tax on effective portion of cash flow hedge reserves.

10 Retirement Benefit Scheme Liabilities

The Company does not participate in any United Kingdom pension schemes. However, its Branch in Taiwan operates both a defined contribution scheme and an unfunded defined benefit scheme. The latter arises from undertakings to provide pension benefits to certain employees who have transferred from a fellow Group undertaking operating in Taiwan.

Defined contribution scheme

The Company operates a defined contribution pension plan in accordance with local pension legislation. The scheme is mandatory for all new employees. Contributions to the defined contribution scheme are made by the Company at a rate of 6% of salary.

The defined contribution pension cost charged to the profit and loss account was £50,000 (2021: £23,000).

At 31 December 2022 there were amounts of £220,293 (2021: £213,406) outstanding in respect of defined contribution schemes.

Defined benefit scheme

The Branch in Taiwan has operated an unfunded defined benefit scheme since 2008, which provides a lump sum on retirement or leaving service. An actuarial valuation of the scheme as at 31 December 2022 was performed by Professional Actuary Management Consulting Co., Ltd., an independent actuary.

Through its defined benefit schemes, the Company is exposed to a number of risks, including:

Inflation risk: Some of the Company's pension obligations are linked to inflation and higher inflation will lead to higher liabilities, although in most cases, caps on the level of inflationary increases are in place in the scheme rules, while some assets and derivatives provide specific inflation protection.

Life expectancy: The majority of the schemes' obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plans' liabilities. Assumptions regarding mortality and mortality improvements are regularly reviewed in line with actuarial tables and scheme specific experience.

British American Tobacco Taiwan Logistics Limited

Notes to the financial statements for the year ended 31 December 2022

10 Retirement Benefit Scheme Liabilities (continued)

The amounts recognised in the balance sheet are determined as follows:

	Unfunded schemes 2022 £'000	Unfunded schemes 2021 £'000
Present value of unfunded scheme liabilities	(206)	(249)
Net Deficit	(206)	(249)

The amounts recognised in the income statement for the defined benefit schemes are as follows:

	2022 £'000	2021 £'000
Defined benefit schemes		
Service cost		
– current service cost	2	2
– past service cost	—	(46)
Net interest on the net defined benefit liability		
– interest on scheme liabilities	1	2
Total amount recognised in the profit and loss account (note 3)	3	(42)

The amounts recognised in other comprehensive income in respect of actuarial gains and losses of the Company are as follows:

	2022 £'000	2021 £'000
Actuarial gain on scheme liabilities	49	44
Net actuarial gain in other comprehensive income	49	44

Movements in scheme liabilities are as follows:

	2022 £'000	2021 £'000
Present value at 1 January	(249)	(329)
Exchange differences	(3)	(6)
Current service cost	(2)	(2)
Past service costs	—	46
Settlements and curtailments	—	—
Interest on scheme liabilities	(1)	(2)
Actuarial gains	49	44
Present value at 31 December	(206)	(249)

Scheme liabilities by scheme membership:

	2022 £'000	2021 £'000
Active members	5	5

Scheme liabilities by benefits earned to date:

	2022 £'000	2021 £'000
Guaranteed benefits	(206)	(249)

British American Tobacco Taiwan Logistics Limited

Notes to the financial statements for the year ended 31 December 2022

10 Retirement Benefit Scheme Liabilities (continued)

Actuarial gains shown above can be analysed as follows:

	2022 £'000	2021 £'000
Actuarial gains:		
- arising from changes in demographic assumptions	—	—
- arising from changes in financial assumptions	44	(5)
Experience losses	5	49
Total	49	44

Changes in financial assumptions principally relate to discount rate and inflation rate movements.

The principal actuarial assumptions used, weighted to reflect individual scheme differences are shown below. In both years, discount rates are determined by reference to normal yields on high quality corporate bonds at the balance sheet date.

	2022 %	2021 %
Rate of increase in salaries	4.00%	4.00%
Discount rate	2.00%	0.50%

Weighted average duration of liabilities	12.80	14.50
--	-------	-------

The weighted average life expectancy in years for mortality tables used to determine the defined benefit obligations is as follows:

	2022 Years	2021 Years
Member age 65 (current life expectancy)		
- male	20.83	20.83
- female	24.27	24.27
Member age 45 (life expectancy at age 65)		
- male	37.98	37.98
- female	42.85	42.85

Sensitivity analysis

The calculation of the defined benefit obligation is sensitive to the assumptions set out above. The following table summarises how the impact on the defined benefit obligation at the end of the reporting period would have increased (decreased) as a result of a change in the respective assumptions by 0.25 percent:

	2022		2021	
	0.25 percentage point increase £'000	0.25 percentage point decrease £'000	0.25 percentage point increase £'000	0.25 percentage point decrease £'000
Discount rate	(6)	7	(9)	9
Salary increase	6	(6)	9	(8)

British American Tobacco Taiwan Logistics Limited**Notes to the financial statements for the year ended 31 December 2022****11 Derivative financial instruments**

	2022	2022	2021	2021
	Assets	Liabilities	Assets	Liabilities
	£'000	£'000	£'000	£'000
Cash flow hedges	—	—	8	(88)
Current	—	—	8	(88)

The Company's operations expose it to currency risk as acquisitions of finished goods are denominated in foreign currencies. The exposure is hedged with forward foreign exchange contracts.

12 Related party disclosures

As a wholly owned subsidiary the Company has taken advantage of the exemption under paragraph 8(k) of FRS 101 'Related party disclosures' from disclosing transactions with other subsidiary undertakings of the Group.

13 Parent undertakings

The Company's ultimate parent undertaking and ultimate controlling party is British American Tobacco p.l.c. being incorporated in the United Kingdom and registered in England and Wales. The Company's immediate parent undertaking is British American Tobacco International Holdings (UK) Limited. Group financial statements are prepared only at Group level and may be obtained from:
