Company Information

Directors	Dale Vince Asif Rehmanwala
Company secretary	Philip Catherall
Registered office	172 Southgate Street Gloucester Gloucestershire GL1 2EZ
Auditor	KPMG LLP Chartered Accountants 66 Queen Square Bristol BS1 4BE

Cardiff Wind Park Limited

Directors' Report for the Year Ended 30 April 2017

The Directors present their report and the financial statements for the year ended 30 April 2017.

Principal activities

The principal activity of the Company is the production and supply of wind powered electricity.

Directors of the Company

The Directors who held office during the year were as follows:

Dale Vince

Paul Wheatcroft (resigned 22 February 2017)

Asif Rehmanwala (appointed 23 January 2017)

Garry Peagam (appointed 12 April 2017 and resigned 6 July 2017)

Dividends

No dividends were paid during the year (2016 : £465,318).

Disclosure of information to the auditor

Each Director has taken steps that they ought to have taken as a Director in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information. The Directors confirm that there is no relevant information that they know of and of which they know the auditor is unaware.

Reappointment of auditor

Pursant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Small companies provision statement

The Company has taken advantage of the small companies exemption provided in section 415A of the Companies Act 2006 in preparing the Directors' Report and the small companies exemption in section 414B in preparing the Strategic Report.

Approved by the Board on 18 October 2017 and signed on its behalf by:

Asif Rehmanwala
Director

Lion House, Rowcroft, Stroud, Gloucestershire, GL5 3BY.

Cardiff Wind Park Limited

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have a general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

Cardiff Wind Park Limited

Independent Auditor's Report to the Members of Cardiff Wind Park Limited

We have audited the financial statements of Cardiff Wind Park Limited for the year ended 30 April 2017, set out on pages 6 to 19. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and auditor

As explained more fully in the Statement of Directors' Responsibilities set out on page 3, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

The description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 30 April 2017 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year is consistent with the financial statements. Based solely on the work required to be undertaken in the course of the audit of the financial statements and from reading the Directors' Report:

- we have not identified material misstatements in that report; and
- in our opinion, that Report has been prepared in accordance with the Companies Act 2006.

Cardiff Wind Park Limited

Independent Auditor's Report to the Members of Cardiff Wind Park Limited

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- the Directors were not entitled to take advantage of the small companies exemption in preparing the Directors' report and take advantage of the small companies exemption from the requirement to prepare a Strategic Report; or
- we have not received all the information and explanations we require for our audit.

Cardiff Wind Park Limited

Notes to the Financial Statements for the Year Ended 30 April 2017

1 General information

The company is a private company limited by share capital incorporated in the UK. The presentation currency of these financial statements is sterling.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' ("FRS 102").

Basis of preparation

These financial statements have been prepared using the historical cost convention except for power generating assets which are measured in accordance with the revaluation model.

Name of parent of group

These financial statements are consolidated in the financial statements of the Company's ultimate parent undertaking, Ecotricity Group Limited.

The financial statements of Ecotricity Group Limited may be obtained from Lion House, Rowcroft, Stroud, Gloucestershire, GL5 3BY.

In these financial statements, the company is considered to be a qualifying entity and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Reconciliation of the number of shares outstanding from the beginning to the end of the period;
- Cash flow statement and related notes; and
- Key management personnel compensation.

As the consolidated financial statements of Ecotricity Group Ltd include the equivalent disclosures, the Company has also taken the exemptions in respect of the following disclosures:

- The disclosures required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

Going concern

Notwithstanding net current liabilities of £1,743,765, the Directors have prepared the financial statements on a going concern basis which is considered appropriate for the following reasons. The majority of current liabilities are owed to fellow Group companies and Group management have no intention of calling these debts in. The Directors have reviewed the cash flow forecasts for the Group. In particular the Directors note that the Group's trading and cash flow performance since the balance sheet date is in line with these forecasts. Taking account of reasonably possible changes in trading performance, the Directors are satisfied that the Group will generate sufficient cash flows to allow the Group to meet its liabilities as they fall due for payment for at least the next 12 months.

Cardiff Wind Park Limited

Notes to the Financial Statements for the Year Ended 30 April 2017

2 Accounting policies (continued)

Turnover

Turnover comprises the fair value of the consideration received or receivable for the sale of electricity and related renewable credits in the ordinary course of the Company's activities. Turnover is shown net of value added tax.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and when the power is supplied.

Interest receivable and interest payable

Interest income and interest payable are recognised in the profit and loss as they accrue on funds invested or borrowed, using the effective interest method.

Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. Timing differences between accumulated depreciation and tax allowances for the cost of a fixed asset are not provided if and when all conditions for retaining tax allowances have been met. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities and other future taxable profits.

Tangible assets

Tangible assets are stated at fair value less any subsequent accumulated depreciation.

Gains on revaluation are recognised in other comprehensive income and accumulated in the revaluation reserve. However, the increase is recognised in profit or loss to the extent that it reverses a revaluation decrease previously recognised in profit or loss.

Losses arising on revaluation are recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in equity, in respect of that asset. Any excess is recognised in profit or loss.

At the end of each financial period, the Company assesses whether tangible fixed assets are impaired.

Cardiff Wind Park Limited

Notes to the Financial Statements for the Year Ended 30 April 2017

2 Accounting policies (continued)

Depreciation

Depreciation methods, useful lives and residual values are reviewed if there is an indication of a significant change since last annual reporting date in the pattern by which the Company expects to consume an asset's future economic benefits.

Depreciation is charged to the profit and loss account on a straight-line basis over the estimated useful lives of each part of an item of tangible fixed assets. Land is not depreciated. The estimated useful lives are as follows:

<i>Asset class</i>	<i>Depreciation method and rate</i>
Plant and machinery	24 years with estimated residual value being 25% of the revalued amount

Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognised if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss, except to the extent that they reverse any previously recognised valuation increase accumulated in equity in respect of that asset; any excess is recognised in profit and loss. Impairment losses recognised in respect of CGUs are allocated to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Trade debtors

Trade debtors include amounts due from customers for electricity sold and renewables credits earned in the ordinary course of business.

Trade debtors are recognised initially at the transaction price less attributable transaction costs. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

Trade creditors

Trade creditors include obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade creditors are classified as current liabilities if the Company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Cardiff Wind Park Limited

Notes to the Financial Statements for the Year Ended 30 April 2017

2 Accounting policies (continued)

Provisions

A provision is recognised in the balance sheet when the Company has a present legal or constructive obligation as a result of a past event, that can be reliably measured and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the amount required to settle the obligation at the reporting date.

Leases

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease. Lease incentives are recognised over the length of the lease.

Share capital

Ordinary shares are classified as equity as they include no contractual obligations upon the Company. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Dividends

Dividend distribution to the Company's shareholders is recognised as a liability in the financial statements in the reporting period in which the dividends are declared.

3 Turnover

Turnover consists of sales wholly in the United Kingdom arising on the following continuing activities:

	2017 £	2016 £
Sale of electricity	237,589	301,071
Renewables credits	214,393	278,859
	<u>451,982</u>	<u>579,930</u>

4 Staff costs

The Company had no employees or staff costs in either year.

5 Directors' remuneration

Directors' remuneration is in respect of qualifying services to other entities in the Group and was borne by the ultimate parent company, Ecotricity Group Limited, in both years.

Cardiff Wind Park Limited

Notes to the Financial Statements for the Year Ended 30 April 2017

6 Auditor's remuneration

	2017 £	2016 £
Audit of the financial statements	<u>2,500</u>	<u>1,271</u>

Amounts receivable by the Company's auditor and their associates in respect of services to the Company and its associates, other than the audit of the Company's financial statements, have not been disclosed for the information is required instead to be disclosed on a consolidated basis in the consolidated financial statements of the Company's parent, Ecotricity Group Limited.

7 Taxation

Total tax expense recognised in the profit and loss account, other comprehensive income and equity:

	2017 £	2016 £
Current taxation		
UK corporation tax	-	-
Total current income tax	<u>-</u>	<u>-</u>
Deferred taxation

Effect of tax rate change on opening deferred tax balance	(14,245)	(27,462)
Adjustments in respect of prior periods	<u>17</u>	<u>-</u>
Total deferred taxation	<u>(31,402)</u>	<u>(56,640)</u>
Total tax credit	<u>(31,402)</u>	<u>(56,640)</u>

	2017			2016		
	Current tax £	Deferred tax £	Total tax £	Current tax £	Deferred tax £	Total tax £
Taxation						
Recognised in profit and loss account	-	(11,511)	(11,511)	-	(16,994)	(16,994)
Recognised in other comprehensive income	<u>-</u>	<u>(19,891)</u>	<u>(19,891)</u>	<u>-</u>	<u>(39,646)</u>	<u>(39,646)</u>
	<u>-</u>	<u>(31,402)</u>	<u>(31,402)</u>	<u>-</u>	<u>(56,640)</u>	<u>(56,640)</u>

Cardiff Wind Park Limited

Notes to the Financial Statements for the Year Ended 30 April 2017

7 Taxation (continued)

The tax on profit before tax for the year is lower than the standard rate of corporation tax in the UK (2016 - lower than the standard rate of corporation tax in the UK) of 19.92% (2016 - 20%).

The differences are reconciled below:

	2017 £	2016 £
Profit before tax	<u>115,510</u>	<u>344,284</u>
Corporation tax at standard rate	23,007	68,857
Group relief claimed	(20,407)	(57,835)
Reduction in tax rate on deferred tax balances	(34,602)	(68,271)
Fixed asset differences	583	609
Deferred tax credited to other comprehensive income	19,891	39,646
Adjustments in respect of prior periods	<u>17</u>	<u>-</u>
Total tax credit included in profit and loss	<u>(11,511)</u>	<u>(16,994)</u>

From 1 April 2015, the main rate of corporation tax was reduced to 20%. Further reductions to 19% (effective from 1 April 2017) and to 18% (effective 1 April 2020) were substantively enacted on 26 October 2015, and an additional reduction to 17% (effective 1 April 2020) was substantively enacted on 6 September 2016. This will reduce the company's future current tax charge accordingly. The deferred tax liability at 30 April 2017 has been calculated based on these rates.

8 Tangible assets

	Plant and machinery £	Total £
Valuation		
At 1 May 2016	<u>4,737,326</u>	<u>4,737,326</u>
At 30 April 2017	<u>4,737,326</u>	<u>4,737,326</u>
Depreciation		
At 1 May 2016	179,143	179,143
Charge for the year	<u>179,142</u>	<u>179,142</u>
At 30 April 2017	<u>358,285</u>	<u>358,285</u>
Carrying amount		
At 30 April 2017	<u>4,379,041</u>	<u>4,379,041</u>
At 30 April 2016	<u>4,558,183</u>	<u>4,558,183</u>

Cardiff Wind Park Limited

Notes to the Financial Statements for the Year Ended 30 April 2017

8 Tangible Assets (continued)

Historic cost

The following information relates to tangible fixed assets carried on the basis of revaluations in accordance with FRS 102.

	2017 £	2016 £
At valuation	4,737,326	4,737,326
Aggregate depreciation thereon	<u>(358,285)</u>	<u>(179,143)</u>
Net book value	<u>4,379,041</u>	<u>4,558,183</u>
Historical cost of revalued assets	3,182,454	3,182,454
Aggregate depreciation thereon	<u>(612,193)</u>	<u>(512,741)</u>
Historical cost net book value	<u><u>2,570,261</u></u>	<u><u>2,669,713</u></u>

An internal valuation of plant and machinery was performed by the Directors as at 30 April 2017 based on the asset's forecasted discounted future cash flow. The future cash flow model assumes that the historic generation levels recorded by the asset over its life will continue at the same rate and that the current power price agreement and renewables credits available will continue with expected inflationary increases. Expenditure patterns are assumed to be consistent with expected inflationary increases and with expected maintenance works taken into account. The discount rate is assumed to be the minimum rate of return that the Group expects on similar investments.

External valuations are performed with sufficient frequency to ensure that the carrying value does not differ materially from the fair value at the end of the reporting period which is normally deemed to be 5 years. The previous external valuation was performed as at 30 April 2013 by BDO LLP.

9 Debtors

	2017 £	2016 £
Due within one year		
Amounts owed by group undertakings	10,954	46,031

	No.	2017 £	No.	2016 £
Ordinary shares of £1 each	<u>100</u>	<u>100</u>	<u>100</u>	<u>100</u>

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company.

Revaluation reserve

Where tangible fixed assets are revalued the cumulative increase in the fair value of the property at the date of revaluation in excess of any previous impairment losses is recognised in the revaluation reserve.

14 Obligations under leases

Operating leases

The operating lease charges a peppercorn rate of rent of £1 per annum until 2034.

Cardiff Wind Park Limited

Notes to the Financial Statements for the Year Ended 30 April 2017

15 Dividends

	2017 £	2016 £
Final dividend of £Nil (2016 - £4,653.18) per ordinary share	-	465,318

16 Related party transactions

The Company has taken advantage of the exemptions contained in FRS 102.33 and has not disclosed transactions or balances with wholly owned subsidiaries which form part of the Group.

17 Accounting estimates and judgements

In the application of the Company's accounting policies, which are described in Note 2, the Directors are required to make judgements, estimates and assumptions about carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

• Revalued asset valuation

An internal valuation of plant and machinery was performed by the Directors as at 30 April 2017 based on the asset's forecasted discounted future cash flow. The future cash flow model assumes that the historic generation levels recorded by the asset over its life will continue at the same rate and that the current power price agreement and renewables credits available will continue with expected inflationary increases. Expenditure patterns are assumed to be consistent with expected inflationary increases and with expected maintenance works taken into account. The discount rate is assumed to be the minimum rate of return that the Group expects on similar investments. See Note 8 for the carrying value of the revalued assets at 30 April 2017.

External valuations are performed with sufficient frequency to ensure that the carrying value does not differ materially from the fair value at the end of the reporting period which is normally deemed to be 5 years. The previous external valuation was performed as at 30 April 2013 by BDO LLP.

• Asset residual values

Management estimate that plant and machinery has a 24 year life with a residual value of 25% of the revalued amount. This reflects the residual value of the lease on the site, which are typically longer than 24 years, and plant and machinery at that point. No site has yet reached the end of its 24 year useful economic life and so this is a management estimate which would depend on many factors such as second hand values, obtaining subsequent planning permission on the site, power prices and turbine re-powering costs.

Cardiff Wind Park Limited

Notes to the Financial Statements for the Year Ended 30 April 2017

18 Ultimate parent undertaking and controlling party

The Company's ultimate parent undertaking is Ecotricity Group Limited, a Company incorporated in England and Wales. The ultimate controlling party of the Company is D Vince, the only shareholder of Ecotricity Group Limited.
