EMI GROUP WORLDWIDE HOLDINGS LIMITED

STRATEGIC REPORT

YEAR ENDED 31 DECEMBER 2017

The directors present their strategic report for the company for the year ended 31 December 2017.

PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The principal activity of the company during the year was that of an investment holding company.

The result and position of the company for the year ended 31 December 2017 are set out in the statement of comprehensive income, statement of financial position and statement of changes in equity on pages 5, 6 and 7 respectively. The result and position of the company were in line with directors' expectations.

RESULTS AND DIVIDENDS

The company's profit for the financial year was £57,292,000 (2016 - profit £767,465,000). The retained profit for the year has been transferred to reserves.

A dividend of £790,000,000 was paid during the year ended 31 December 2017 (2016 - £Nil).

KEY PERFORMANCE INDICATORS

Given the straightforward nature of the business, the company's directors are of the opinion that analysis using key performance indicators is not necessary for an understanding of the development, performance or position of the business.

PRINCIPAL RISKS AND UNCERTAINTIES AND FINANCIAL RISK MANAGEMENT

The company operates as part of the Vivendi Group (the 'group') and all of its transactions are with fellow group undertakings.

As such its activities are dependent on the activities of the group as a whole. The risks and uncertainties facing the company are linked to those of the group. A detailed discussion of the group risks and uncertainties and financial risk management policies is contained in the Vivendi SA annual report.

The company is exposed to the following risks:

- interest rate fluctuations
- exchange rate movements

All risks and uncertainties are regularly monitored by the Board of Directors of the company.

FUTURE DEVELOPMENTS

Notwithstanding the risks and uncertainties outlined above, the directors do not anticipate any significant change in the activities and results of the company in the foreseeable future.

P Jassal

A Brown resigned as a director on 31 March 2017.

SL Carmel was appointed as a director on 31 March 2017.

P Jassal was appointed as a director on 18 May 2017.

RM Constant resigned as a director on 28 July 2017.

DIRECTORS' QUALIFYING THIRD PARTY INDEMNITY PROVISIONS

A qualifying third party indemnity provision remains in force as at the date of approving the directors' report, subject to the provisions of section 236 of the Companies Act 2006. Vivendi SA, headed by Bolloré Group, the ultimate parent undertaking, maintains a Directors & Officers Liability Programme which indemnifies directors' personal liabilities resulting from alleged wrongful acts committed in the line of their employment.

POLICY ON THE PAYMENT OF CREDITORS

It is the company's policy that payments to suppliers are made in accordance with those terms and conditions agreed between the company and its suppliers, provided that all trading terms and conditions have been complied with.

DONATIONS

The company made no charitable or political donations in either year.

EMI GROUP WORLDWIDE HOLDINGS LIMITED

DIRECTORS' REPORT (continued)

YEAR ENDED 31 DECEMBER 2017

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the annual report and financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

EMI GROUP WORLDWIDE HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2017

1. GENERAL INFORMATION

EMI Group Worldwide Holdings Limited is a private company limited by shares and incorporated in the UK under the Companies Act 2006 and registered in England and Wales. The registered office is 364-366 Kensington High Street, London, W14 8NS.

The principal activities of the company and the nature of its operations are set out in the strategic report on page 2.

2. STATEMENT OF COMPLIANCE

The company's financial statements have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

3. ACCOUNTING POLICIES

Basis of preparation of financial statements

These financial statements have been prepared on a going concern basis, under the historical cost convention.

The financial statements are prepared in sterling, which is the functional currency of the company, and have been rounded to the nearest £'000.

FRS 102 - Qualifying exemptions

The company meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by FRS 102:

- from preparing a statement of cash flows and related notes;
- from preparing a reconciliation of the number of shares outstanding from the beginning to the end of the financial year;
- from disclosing related party transactions;
- from certain financial instrument disclosures required by FRS 102.11 *Basic Financial Instruments* and FRS 102.12 *Other Financial Instruments*.

This information is included in the consolidated financial statements of the company's parent undertaking, Vivendi SA, copies of which can be obtained from 42 Avenue de Friedland, 75380 Paris, Cedex 08, France.

Other qualifying exemptions

As the ultimate parent undertaking prepares publicly available consolidated accounts and is incorporated within the European Union the company has taken advantage of the exemption under section 400 of the Companies Act 2006 from preparing consolidated accounts. As such, these financial statements give information about the company as an individual undertaking and not about its group.

Going concern

The Company's business activities, together with the factors likely to affect future developments, its financial exposures and its risk exposures are described in the strategic report.

After making enquiries, the directors have a reasonable expectation that the company has adequate resources available to it to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

EMI GROUP WORLDWIDE HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

YEAR ENDED 31 DECEMBER 2017

3. ACCOUNTING POLICIES (continued)

Investments in subsidiaries

Investments in subsidiaries are measured at cost less impairment.

Financial instruments

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. *An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.*

Financial assets and liabilities

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Debt instruments which meet the following conditions of being 'basic' financial instruments as defined in paragraph 11.9 of FRS 102 are subsequently measured at amortised cost using the effective interest method.

Debt instruments that have no stated interest rate (and do not constitute financing transaction) and are classified as payable or receivable within one year are initially measured at an undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

Other debt instruments not meeting conditions of being 'basic' financial instruments are measured at fair value through profit or loss.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the company transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the company, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

EMI GROUP WORLDWIDE HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (continued)
YEAR ENDED 31 DECEMBER 2017

3. ACCOUNTING POLICIES (continued)

Impairment

Impairment of assets

Assets, other than those measured at fair value, are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss as described below.

Non-financial assets

An asset is impaired where there is objective evidence that, as a result of one or more events that occurred after initial recognition, the estimated recoverable value of the asset has been reduced. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

Where indicators exist for a decrease in impairment loss previously recognised, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised.

Financial assets

For financial assets carried at amortised cost, the amount of an impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

For financial assets carried at cost less impairment, the impairment loss is the difference between the asset's carrying amount and the best estimate of the amount that would be received for the asset if it were to be sold at the reporting date.

Where indicators exist for a decrease in impairment loss, and the decrease can be related objectively to an event occurring after the impairment was recognised, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired financial asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised.

Interest receivable and Interest payable

Interest payable and similar charges include interest payable, finance charges, unwinding of the discount on provisions, and net foreign exchange losses that are recognised through profit or loss in the statement of comprehensive income .

Other interest receivable and similar income include interest receivable on intercompany loans, funds invested and net foreign exchange gains.

Interest income and interest payable are recognised in profit or loss as they accrue, using the effective interest method. Dividend income is recognised in the statement of comprehensive income on the date the company's right to receive payments is established. Foreign currency gains and losses are reported on a net basis.

EMI GROUP WORLDWIDE HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (continued)
YEAR ENDED 31 DECEMBER 2017

3. ACCOUNTING POLICIES (continued)

Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised through profit or loss in the statement of comprehensive income except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the statement of financial position date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met; and differences relating to investments in subsidiaries, associated and joint ventures to the extent that it is not probable that they will reverse in the foreseeable future and the reporting entity is able to control the reversal of the timing difference. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the statement of financial position date. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Foreign currencies

Transactions in foreign currencies are translated to the company's functional currency at the foreign exchange rate ruling at the date of transaction. Monetary assets and liabilities denominated in foreign currencies at the statement of financial position date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are retranslated to the functional currency at foreign exchange rates ruling at the dates the fair value was determined. Foreign exchange differences arising on translation are recognised in the statement of comprehensive income.

Critical accounting judgements and key sources of estimation uncertainty

The directors may make judgements in the application of the accounting policies above that have a significant impact on the amounts recognised, and may make estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

In preparing the financial statements for the year, the directors have concluded there are no critical judgments and key sources of estimation uncertainty to disclose.

4. PARTICULARS OF EMPLOYEES

The company had no employees during the year ended 31 December 2017 (2016 - none).

Emoluments for the directors of the Company are paid for by a fellow group company. The fellow group company has not recharged any amount to the Company (2016 - nil) on the basis that they are unable to make a reasonable apportionment of the portion of these total emoluments that relate to qualifying services provided by directors of the Company.

Total deferred tax	(4,396)	6,423
Tax on profit	2,568	6,423

(b) Factors affecting tax charge

The tax assessed on the profit for the year is lower than the standard rate of corporation tax in the UK of 19.25% (2016 - 20.00%).

Under the Finance (No.2) Act 2015, the main rate of corporation tax was reduced from 20% to 19% effective from 1 April 2017. A further reduction to 17% from 1 April 2020 will apply by virtue of the Finance Act 2016 s46 which was enacted on 15 September 2016. Deferred tax assets and liabilities are measured at the rate that is expected to apply to the accounting period when the asset is realised or the liability is settled, based on the above rates.

	2017	2016
	£'000	£'000
Profit before taxation	59,860	773,889
