Structure, governance and management

a) Constitution

Blacksmith Initiative (UK) is registered as a charitable company limited by guarantee and was set up by Memorandum of Association dated 3 May 2007.

The charity was registered on 27 March 2008.

b) Method of appointment of Trustees

Trustees are appointed by Resolution at each annual general meeting. New trustees may be appointed at a general meeting upon nomination by a current trustee. The minimum number of trustees according to the Company's Articles of Association is three. There is no maximum number of trustees.

c) Policies adopted for the induction and training of Trustees

Upon induction, trustees are informed of Blacksmith Initiative (UK) policies and guidelines, and are made familiar with the Company's mission and ongoing project work.

d) Organisational structure and decision making

Resolutions proposed at general meetings are to be decided by a show of hands of trustees present, with the minimum number of trustees present to constitute a quorum being two. Day to day operational decisions are made by the Chairman, Richard Fuller, in consultation with company staff and programme officers.

e) Risk Management

Project work and reports are reviewed monthly by a technical advisory board. Project funds are dispersed in small tranches, and require two signatures for release. Detailed financial and expense reports are required on a monthly basis from all project partners and consultants. In-country partners and consultants are closely managed by regional program co-ordinators.

Objectives and activities

Blacksmith Initiative UK works to improve environmental conditions in developing countries by working with the governmental and non-governmental agencies in these countries to conceive and structure programmes to be implemented that will create habitable and sustainable environments for future generations, including, but not limited to, programmes relating to environmental protection, parks and protected areas, wastewater management, industrial pollution management, and municipal and hazardous waste disposal. In furtherance of these purposes, Blacksmith Initiative UK will provide consulting services to these agencies concerning the design of their programs, provide liaison to technical and financial support for programmes implementation, and provide ongoing implementation assistance and support to these agencies to ensure continuous viability of these programmes.

Strategic report

The following sections for achievements and performance and financial review form the strategic report of the charity.

Achievements and performance

In 2009 and 2010 Blacksmith Initiative UK carried out an inventory of polluted sites in low to medium income countries as part of the Global Inventory Project. The inventory was carried out in partnership with the European Commission and the United Nations Industrial Development Organisation. This was the first such effort to document polluted sites with a clear human health impact throughout the developing world.

Financial review

Financial activity continued during the period of 1 January 2020 to 31 December 2020 due to on going project efforts. Programs remain active and balances carried forward.

Plans for future periods

Blacksmith Initiative UK continued its ongoing inventory efforts through 2020 and endeavour to continue its efforts into 2021. As part of this work, Blacksmith will carry out on site assessment of contaminated sites, compilation of reports in an online database and quality control and assurance of data collected. Moreover, Blacksmith will prioritize the sites contained in the database for remediation based on their presumed impact on human health.

PUBLIC BENEFIT

As required by the Charity Commission, the Trustees have always had due regard for the requirement that the Trust's aims should be for the public benefit as set out in the objectives and activities of the Trust. To that end they have continued to have consideration of the public benefit when deciding on all programmes of work.

The trustees' annual report and the strategic report were approved on 17 December 2021 and signed on behalf of the board of trustees by:

Notes to the Financial Statements
Year ended 31 December 2020

1. General information

The charity is a public benefit entity and a private company limited by guarantee, registered in England and Wales and a registered charity in England and Wales. The address of the registered office is 167 Fleet Street, London, EC4A 2EA.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Companies Act 2006.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the Charity.

Restricted funds are subjected to restrictions on their expenditure imposed by the donor or through the terms of an appeal.

3. Accounting policies *(continued)*

Resources expended

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT, which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

- i) Costs of generating funds comprise the costs associated with attracting voluntary income;
- ii) Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries;
- iii) Charitable expenditure includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them;
- iv) Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees and costs linked to the strategic management of the charity;
- v) All costs are allocated between the expenditure categories of the SOFA on a basis designed to reflect the use of the resource; and
- vi) Costs relating to a particular activity are allocated directly and other costs are apportioned on an appropriate basis.

Going concern

There are no material uncertainties about the charity's ability to continue.

Disclosure exemptions

The entity satisfies the criteria of being a qualifying entity as defined in FRS 102. Its financial statements are consolidated into the financial statements of the Blacksmith Institute incorporated in the United States of America. As such, advantage has been taken of the following disclosure exemptions available under paragraph 1.12 of FRS 102:

- (a) No cash flow statement has been presented for the company. (b) Disclosures in respect of financial instruments have not been presented.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3. Accounting policies *(continued)*

Foreign currencies

Foreign currency transactions are initially recorded in the functional currency, by applying the spot exchange rate as at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate ruling at the reporting date, with any gains or losses being taken to the statement of financial activities.

Incoming resources

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.

- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.

- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

4. Limited by guarantee

The company is limited by guarantee and does not have a share capital.
