Directors' Report

The directors present their Directors' Report and Financial Statements for the year ended 31 May 2017.

Principal activities

The principal activity of the Company was the provision of renewable energy solutions. The company did not trade during the year.

Risks and uncertainties

The risks and uncertainties facing the Company are inherently linked to those of the Group. The principal risks and uncertainties of the Group which includes those of this Company are discussed in detail in the 'Statement on Risks Relating to the Group's Business' in the Financial Review in the Group Annual Report and Accounts (see note 8).

Dividends

The directors do not recommend the payment of a dividend (2016: £nil).

Directors

The directors who held office during the year and up to the date of this report were as follows:

RJ Kennedy
SL Anson
ID Cockburn (resigned 4 October 2017)

SL Anson
Director

West Terrace
Esh Winning
Co Durham
DH7 9PT

26 January 2018

Statement of Directors' Responsibilities in Respect of the Directors' Report and the Financial Statements

The directors are responsible for preparing the Directors' Report and the Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 *Reduced Disclosure Framework*.

Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Profit and Loss Account and Other Comprehensive Income
for the year ended 31 May 2017

During the current and prior year the company has received no income and incurred no expenditure. Consequently, the company made neither a profit nor a loss and had no other comprehensive income in either year.

Balance Sheet

at 31 May 2017

	Note	2017 £000	2016 £000
Current assets			
Debtors	4	1,123	1,123
		1,123	1,123
Creditors: amounts falling due within one year	5	(1,202)	(1,202)
Net liabilities		(79)	(79)
Capital and reserves			
Called up share capital	6	1	1
Profit and loss account		(80)	(80)
Shareholders' deficit		(79)	(79)

Statement by the Directors Under Section 480 of the Companies Act 2006

The directors:

- (a) confirm that the company was entitled to exemption under subsection (1) and (2) of section 480 of the Companies Act 2006, relating to dormant companies, from the requirement to have its financial statements for the financial year ended 31 May 2017 audited;
- (b) confirm that members have not required the company to obtain an audit of its financial statements for that financial year in accordance with section 476 of the Companies Act 2006;
- (c) acknowledge their responsibilities for:
 - (i) ensuring that the company keeps accounting records which comply with section 386 of the Companies Act 2006, and
 - (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of sections 393 and 394 of the Companies Act 2006, and which otherwise comply with the requirements of that Act relating to financial statements, so far as applicable to the company.

These financial statements were approved by the board of directors on 26 January 2018 and were signed on its behalf by:

SL Anson
Director

Registered number: 06281859

Statement of Changes in Equity

	Called up share capital £000	Profit and loss account £000	Total equity £000

	<u>1</u>	<u>(80)</u>	<u>(79)</u>

Notes

(forming part of the financial statements)

1 Accounting policies

Rocfuel Limited (the "Company") is incorporated, domiciled and registered in the UK.

Basis of preparation

These financial statements were prepared in accordance with Financial Reporting Standard 101 *Reduced Disclosure Framework* ("FRS 101"). The amendments to FRS 101 (2014/15 Cycle) issued in July 2015 have been applied.

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

The Company's ultimate parent undertaking, Hargreaves Services plc includes the Company in its consolidated financial statements. The consolidated financial statements of Hargreaves Services plc are prepared in accordance with International Financial Reporting Standards and are available to the public and may be obtained from Companies House.

In these financial statements, the company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- a Cash Flow Statement and related notes;
- Comparative period reconciliations for share capital;
- Disclosures in respect of transactions with wholly owned subsidiaries;
- Disclosures in respect of capital management;
- The effects of new but not yet effective IFRSs; and
- Disclosures of transactions with a management entity that provides key management personnel services to the company.

As the consolidated financial statements of Hargreaves Services plc include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- Certain disclosures required by IFRS 13 *Fair Value Measurement* and the disclosures required by IFRS 7 *Financial Instrument Disclosures*.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

There are no material judgements made by the directors, in the application of these accounting policies that are expected to have a significant effect on the financial statements or any estimates with a significant risk of material adjustment in the next year.

Measurement convention

The financial statements are prepared on the historical cost basis.

Notes (continued)

1 Accounting policies (continued)

Going concern

The company has net liabilities of £79,000 at 31 May 2017 which includes £1,202,000 due to group undertakings. The company meets its day to day working capital requirements through support from related companies and the company's parent undertaking, Hargreaves Services plc, has indicated that it will continue to provide support to enable the company to trade for at least 12 months from the date of approval of these accounts. The directors therefore believe that the company is well placed to manage its business risks successfully. After making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to prepare the financial statements on a going concern basis.

Classification of financial instruments issued by the Company

Following the adoption of IAS 32, financial instruments issued by the Company are treated as equity (i.e. forming part of shareholders' funds) only to the extent that they meet the following two conditions:

- a) they include no contractual obligations upon the Company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the Company; and
- b) where the instrument will or may be settled in the Company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the Company's own equity instruments or is a derivative that will be settled by the Company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the Company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

Finance payments associated with financial liabilities are dealt with as part of interest payable and similar charges. Finance payments associated with financial instruments that are classified as part of shareholders' funds (see dividends policy), are dealt with as appropriations in the reconciliation of movements in shareholders' funds.

Non-derivative financial instruments

Non-derivative financial instruments comprise investments in equity and debt securities, trade and other debtors, cash and cash equivalents, loans and borrowings, and trade and other creditors. These are initially recognised at fair value and subsequently measured at amortised cost.

Impairment excluding stocks and deferred tax assets

Financial assets (including trade and other debtors)

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. For financial instruments measured at cost less impairment an impairment is calculated as the difference between its carrying amount and the best estimate of the amount that the Company would receive for the asset if it were to be sold at the reporting date. Interest on the impaired asset continues to be recognised through the unwinding of the discount. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

Notes (continued)

1 Accounting policies (continued)

Non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill, and intangible assets that have indefinite useful lives or that are not yet available for use, the recoverable amount is estimated each year at the same time.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit"). The goodwill acquired in a business combination, for the purpose of impairment testing, is allocated to cash-generating units, or ("CGU"). Subject to an operating segment ceiling test, for the purposes of goodwill impairment testing, CGUs to which goodwill has been allocated are aggregated so that the level at which impairment is tested reflects the lowest level at which goodwill is monitored for internal reporting purposes. Goodwill acquired in a business combination is allocated to groups of CGUs that are expected to benefit from the synergies of the combination.

An impairment loss is recognised if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to the units, and then to reduce the carrying amounts of the other assets in the unit (group of units) on a *pro rata* basis.

An impairment loss in respect of goodwill is reversed if and only if the reasons for the impairment have ceased to apply. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Dividends on shares presented within shareholders' funds

Dividends unpaid at the balance sheet date are only recognised as a liability at that date to the extent that they are appropriately authorised and are no longer at the discretion of the Company. Unpaid dividends that do not meet these criteria are disclosed in the notes to the financial statements.

Taxation

Tax on the profit or loss for the period comprises both current and deferred tax. Tax is recognised in the profit and loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

Notes (continued)

2 Expenses and auditor's remuneration

No auditor's remuneration has been charged to the profit and loss account as this is borne by the Company's parent undertakings.

Amounts receivable by the Company's auditor and its associates in respect of services to the Company and its associates, other than the audit of the Company's financial statements, have not been disclosed as the information is required instead to be disclosed on a consolidated basis in the consolidated financial statements of the Company's parent, Hargreaves Services plc.

3 Staff numbers and costs

The average number of persons employed by the Company (including directors) during the year, analysed by category, was as follows:

	Number of employees	
	2017	2016
Directors	3	3

The directors did not receive any remuneration for their services to the company.

4 Debtors

	2017 £000	2016 £000
Other debtors	1	1
Amounts due from Group undertakings	1,122	1,122
	1,123	1,123

5 Creditors: amounts falling due within one year

	2017 £000	2016 £000
Amounts owed to Group undertakings	1,202	1,202

6 Share capital

	2017 £	2016 £
<i>Allotted, called up and fully paid</i>		
500 A Ordinary shares of £1 each	500	500
500 B Ordinary shares of £1 each	500	500
	1,000	1,000

The A and B ordinary shares rank equally in all respects.

Notes (continued)

7 Related party disclosures

The company is owned 50.1% by Hargreaves (UK) Limited, a 100% owned subsidiary of Hargreaves Services plc and 49.9% owned by RJ Kennedy.

The Hargreaves Services plc group has three joint venture undertakings; Tower Regeneration Limited, Tower Regeneration Leasing Limited, and MIR Trade Services Limited. This group also has interests in the following associates; Hargreaves Services Europe Limited, Hargreaves Raw Material Services GmbH and Hargreaves Carbon Products Polska Sp Z.o.o. The group had three subsidiaries not wholly owned; Rocfuel Limited, Rocpower Limited and Maxibrite Limited. In addition on 11 January 2016 the group acquired an interest in the following subsidiaries which are not wholly owned; Renaissance Land Regeneration Limited, Renaissance Land (D20) Limited, Renaissance Land Management Limited, Renaissance (Padiham) Limited and Norton Wind Energy Limited.

The only transactions with these undertakings and, those wholly owned subsidiaries that form the Hargreaves Services Plc group, during the year and balances outstanding at the end of the year were as follows:

	Purchases from	2017 Sales to	Balance outstanding debtor/ creditor
	£000	£000	£000
