#### 2. Introduction

Clive Morris was appointed Administrator of the above company on 18 May 2009.

In accordance with Rule 2.47 and Rule 2.110 of the Insolvency (Amendment) Rules 2003 I set out my final report on the Administration.

It was intended that the purpose of the Administration was to

"Achieve a better result for the Company's creditors as a whole than would be likely if the Company was wound up (without first being in Administration)"

At the time the Company thought that, despite the company's difficulties, trading could continue and the survival of the company as a going concern could be achieved.

Upon placing Philidas Limited into administration on 18 May 2009, it became clear immediately that the company was heavily insolvent and could not trade on. Accordingly, the company ceased to trade on that day and employees were made redundant.

Following a valuation of the company's assets and discussions with the charge holder, the assets of the company were sold on 3 June 2009 by way of a management buy out, leaving a significant shortfall to the charger holder. The trading name, Philidas Limited was purchased and the company's name changed to PD Realisations 2009 Limited.

Upon my appointment I dealt with the ongoing issues with the employees and their claims. I also completed the sale of the assets to management as detailed below.

Accordingly the purpose of the administration can no longer be achieved and I have concluded as administrator, there being no further assets to realise, that the Company should be dissolved.

#### 3. Progress of the Administration

Philidas Limited was incorporated on 5 July 2007 with directors Ian Cockerill, David Castle, Michael Holmes and Roy Jones. David Castle, Michael Holmes and Roy Jones resigned shortly after and Stephen McHugh was appointed a director on 8 August 2008.

Philidas Limited was known in the industry for manufacturing a particular type of fastener. Philidas Limited was previously in administration but was bought out of administration by new management during August 2007. The new management changed the day-to-day running of the business. Regardless, in the early part of 2009, the automotive industry both UK and Europe a number of manufacturers stopped producing vehicles.

As a result of the above, trade reduced in early 2009 and a number of bad debts were incurred amounting to the sum of £400,000. The ongoing trading of the company was

funded by way of invoice discounting. The bad debt caused the lender to reduce their exposure, which affected the company's cashflow severely.

#### 4. Purpose of Administration - Rescuing company as a going concern

It was thought that, despite the company's difficulties, trading could continue and the survival of the company as a going concern could be achieved.

Upon placing Philidas Limited into administration on 18 May 2009, it became clear immediately that the company was heavily insolvent and could not trade on. Accordingly, the company ceased to trade on that day and employees were made redundant.

Following a valuation of the company's assets and discussions with the charge holder, the assets of the company were sold on 3 June 2009 by way of a management buy out, leaving a significant shortfall to the charger holder. The trading name, Philidas Limited was purchased and the company's name changed to PD Realisations 2009 Limited.

Upon my appointment I dealt with the ongoing issues with the employees and their claims. I also completed the sale of the assets to management as detailed below.

Therefore there are no further assets to be realised or dealt with.

As the purpose of the Administration can no longer be achieved and as all assets have been realised, I have determined that the administration and its creditors are best served by filing a notice with the Registrar of Companies for the Company to be dissolved.

Please find attached at Appendix 1 a copy of my Receipts and Payments Account for the period 18 May 2009 to 17 December 2009.

#### 5. Assets

During the Administration I sold the following assets on 3 June 2006 to management for the sum of £1,265,006.00 (including VAT);

Plant & Machinery
Tooling
Stock
Intellectual Property Rights
Customer Base
Work In Progress
Fixtures & Fittings
Goodwill

The assets were valued by WinterHill, chartered surveyors and auctioneers on 19<sup>th</sup> May 2009. At the time the directors did not advise WinterHill that Davenhams had a retention of

title claim (all monies clause) on all the stock. The valuations at this date were incorporated into the statement of affairs however Philidas (now PD Realisations) had no title to the goods at the time.

In essence whilst stock was invoiced to Philidas in the first instance by suppliers it was at least monthly then invoiced to Davenhams who paid for the goods. Davenhams in turn then sold the goods back to the Company whilst retaining title to the goods. Davenhams' agreement also contained a 'proceeds of sale and aggregated' clause so that their title transferred to the finished goods manufactured by the company until paid for by Philidas' customers.

The sale agreement therefore correctly reflected the position which was established before the sale on 3<sup>rd</sup> June 2009 that the stock owned by the company had a nominal value.

We were instructed by the directors on 15<sup>th</sup> May and appointed on 19<sup>th</sup> May 2009. No sale was agreed prior to my appointment and the sale of the company did not take place until 3<sup>rd</sup> June 2009 therefore I do not consider that SIP 16 applies to this matter. In my initial discussions with the directors I discussed a sale of the business to third parties. It was concluded upon my appointment that the business would have to cease to trade immediately and the employees were dismissed on the date of my appointment. As my agent advised that a sale of the business as a going concern would still result in a shortfall to Davenhams it was concluded that a management buyout was in the best interests of Davenhams as unsecured creditors would in any scenario receive nothing.

The decision to sell to management was based on my agent WinterHill's recommendation as they reported to me that the market demand for the company's machinery was low with significant quantities available on the used market and low demand due to the severe and sudden decline in the automotive industry. A long period of marketing would have served no purpose as I would have been required to store the equipment as the machines owned by the company would have had a high removal and re-commissioning cost which prospective purchasers would have taken into account. The fixed chargeholder would in any event not finance the storage costs. No offers from third parties were received as my agents recommended the sale to management in the light of the above factors.

No further assets are due to be realised.

#### 6. Administrator's Remuneration

Attached at Appendix 2 is a full breakdown of my time costs incurred for the period 18 May 2009 to 17 December 2009.

In summary, as at 17 December 2009, I have incurred time costs totalling £26,836.50, representing 252.00 hours at an average rate of £106.49 per hour.

I received £20,000 plus VAT for my fees from the new management as part of the sale agreement for the assets.

As agreed at the initial creditors meeting held on 24 July 2009, I was authorised by creditors to draw my remuneration on the basis of time spent in dealing with the Administration.

The charge-out rates of my staff and I have materially changed since the date of my last report and the new rates are disclosed at Appendix 3.

#### 7. Agents and Solicitors

The Administrator is authorised to appoint agents and solicitors as deemed necessary to assist him in achieving his Paragraph 3 purpose.

The following agents have been instructed during the course of my Administration, on the fee basis as disclosed:-

Firm Nature of Appointment Fee Basis

DLA Piper Solicitors Time Cost

Assist with sale of assets

Winterhill Asset Limited Agents & Valuers Time Cost

To value the company assets and assist in any sale

of the assets

#### 8. Claims received

As per the statement of affairs dated 18 May 2009, creditors were owed the sum of £1,904,802. I have received claims from 36 creditors totalling £1,387,406.37. There is no prospect of any dividend to creditors as based on present information, as any realisations have been used to defray the costs of the Administration and disbursements.

#### 9. Receipts and Payments

Please find attached at Appendix 1 a copy of my Receipts and Payments Account for the period 18 May 2009 to 17 December 2009.

I have no funds in hand.

### 10. Outcome for Creditors

I do not anticipate any further realisations for creditors and as a consequence there is no prospect for a distribution to any class of creditors.

#### 11. Exit Route

As the purpose of the Administration can not be achieved, I have determined that the administration and its creditors are best served by filing a notice with the Registrar in Form 2.35B for the Company to be dissolved.

Should creditors require any clarification or any further information, they should contact either myself or Linda Wilson of this office.

Yours faithfully

**Člive Morris** 

Administrator

The affairs, business and property of the Company are being managed by the Administrator, Clive Morris of Marshall Peters, as Agent and without personal liability.
