Semperian PPP Investment Partners Limited

Strategic Report for the Year Ended 31 March 2018

The directors present their strategic report for the year ended 31 March 2018.

Principal activity

The principal activity of the company is to hold investments in undertakings engaged in the development and funding of investment opportunities in Private Finance Initiative markets.

Results and review of business

The loss for the year is set out in the profit and loss account on page 8. The company has continued to receive income from its subsidiaries and the directors are satisfied that the company's investments are performing in line with the directors' long term expectations. Accordingly, the carrying value of investments, as shown in the balance sheet, remains supportable, and the prospects for the future are considered to be satisfactory.

Principal risks and uncertainties

From the perspective of the company, the principal risks and uncertainties and financial risk management policies are integrated with the principal risks of the Semperian PPP Investment Partners Holdings Limited group of companies ("the group") and are not managed separately. Accordingly, the principal risks and uncertainties of Semperian PPP Investment Partners Holdings Limited, which include those of the company, are discussed in the Semperian PPP Investment Partners Holdings Limited consolidated report and financial statements which does not form part of this report.

Key performance indicators ('KPIs')

Given the nature of the business, the company's directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the business.

Approved by the Board on 12/9/2018 and signed on its behalf by:

J M Simpson
Director

Semperian PPP Investment Partners Limited

Directors' Report for the Year Ended 31 March 2018

Registration number: 6335776

The directors present their report and the audited financial statements for the year ended 31 March 2018.

Future developments

No significant changes are expected to the company's activities, as set out in the Strategic Report, in the foreseeable future.

Dividends

No dividend was paid during the year (2017: £nil, £nil per ordinary share).

Financial risk management

Interest rate risk

The senior debt interest has been fixed through the use of fixed funding rates, plus a margin, as set out in note 14.

Liquidity risk

The company adopts a prudent approach to liquidity management by endeavouring to maintain sufficient cash and liquid resources to meet its obligations as they fall due.

Directors of the company

The directors of the company who were in office during the year and up to the date of signing the financial statements were as follows:

A E Birch

A C M Rhodes

J M Simpson

Statement of directors' responsibilities

The directors are responsible for preparing the Annual Report and Financial Statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Semperian PPP Investment Partners Limited

Directors' Report for the Year Ended 31 March 2018 (continued)

Going concern

The company is in a net liability position. Accordingly, the directors have made an assessment as to the entity's ability to continue on a going concern basis.

The directors have reviewed the company's projected profits and cash flows by reference to a financial model. Having examined the current status of the company's fixed asset investments and likely developments in the foreseeable future, and taking into account the ability of its fixed asset investments to pay dividends, interest and other fees, if required, the directors of the company have a reasonable expectation that the company will be able to settle its liabilities as they fall due and accordingly the financial statements have been prepared on a going concern basis.

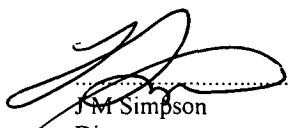

Disclosure of information to the auditors

Each director has taken steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information. The directors confirm that there is no relevant information that they know of and of which they know the auditors are unaware.

Reappointment of auditors

The independent auditors, PricewaterhouseCoopers LLP, Chartered Accountants and Statutory Auditors, have signified their willingness to continue in office.

Approved by the Board on 12/9/2019 and signed on its behalf by:

.....
J M Simpson
Director

Semperian PPP Investment Partners Limited

Independent Auditors' Report to the members of Semperian PPP Investment Partners Limited

Report on the audit of the financial statements

Opinion

In our opinion, Semperian PPP Investment Partners Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2018 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the balance sheet as at 31 March 2018; the profit and loss account, the statement of comprehensive income, the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (UK) require us to report to you when:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion on, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

Semperian PPP Investment Partners Limited

Independent Auditors' Report to the members of Semperian PPP Investment Partners Limited (continued)

Reporting on other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 31 March 2018 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities set out on page 3, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Semperian PPP Investment Partners Limited

Independent Auditors' Report to the members of Semperian PPP Investment Partners Limited (continued)

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Semperian PPP Investment Partners Limited

Notes to the Financial Statements for the Year Ended 31 March 2018

1 General information

The principal activity of the company is to hold investments in undertakings engaged in the development and funding of investment opportunities in Private Finance Initiative markets.

The company is a private company limited by shares and is incorporated and domiciled in England.

The address of its registered office is:

Fourth Floor
1 Gresham Street
London
EC2V 7BX

The company's functional and presentation currency is the pound sterling.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

Basis of preparation

These financial statements are prepared on a going concern basis, under the historical cost convention, as modified by the revaluation of certain financial assets and liabilities measured at fair value through profit or loss.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

The financial statements contain information about Semperian PPP Investment Partners Limited as an individual company and do not contain consolidated financial information. The company is exempt from the requirement to prepare consolidated financial statements, under section 401 of the Companies Act 2006, as its results are included in the consolidated financial statements of Semperian PPP Investment Partners Holdings Limited.

Semperian PPP Investment Partners Limited

Notes to the Financial Statements for the Year Ended 31 March 2018 (continued)

2 Accounting policies (continued)

Going concern

The company is in a net liability position. Accordingly, the directors have made an assessment as to the entity's ability to continue on a going concern basis.

The directors have reviewed the company's projected profits and cash flows by reference to a financial model. Having examined the current status of the company's fixed asset investments and likely developments in the foreseeable future, and taking into account of the ability of its fixed asset investments to pay dividends, interest and other fees, if required, the directors of the company have a reasonable expectation that the company will be able to settle its liabilities as they fall due and accordingly the financial statements have been prepared on a going concern basis.

Turnover

Turnover includes management charges receivable from group undertakings, recognised on an accruals basis.

Foreign currency transactions and balances

Transactions in foreign currencies are translated at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the exchange rates ruling at the balance sheet date and any exchange differences are taken to the profit and loss account.

Tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date.

Deferred tax is measured at the tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis. Deferred tax assets are only recognised when it is considered more likely than not that there will be suitable taxable profits from which the future reversal of underlying timing differences can be deducted.

Investments

Investments in equity and subordinated loan notes are held as fixed assets and are stated at cost less an appropriate provision to reflect any impairment in the value of the investments. Premiums and discounts on subordinated loan note investments have been amortised over the life of the loan to give a constant effective finance rate. Repayments of loans have been disclosed as disposals of fixed asset investments. Any other impairment of fixed assets is reflected as impairment charges. Where an equity investment has fixed return the premium paid for the equity has been amortised in proportion to the actual dividends to total dividends.

Semperian PPP Investment Partners Limited

Notes to the Financial Statements for the Year Ended 31 March 2018 (continued)

2 Accounting policies (continued)

Impairment

Fixed asset investments are subject to impairment review if events or changes in circumstances occur which indicate that the carrying amount of the fixed asset may not be fully recoverable. An impairment review comprises a comparison of the carrying amount of the fixed asset with its recoverable amount, which is the higher of net realisable value and value in use.

Net realisable value is calculated by reference to the amount at which the asset could be disposed of. Value in use is calculated by discounting the expected future cash flows obtainable as a result of the assets continued use, including those resulting from its ultimate disposal, at a market based discount rate on a pre-tax basis. The carrying values of fixed assets are written down by the amount of any impairment and this loss is recognised in the profit and loss account in the year in which it occurs.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. Cash balances are held in bank accounts which are subject to controls, exercised by the providers of the company's long term debt facilities, under the terms of its facility agreements.

Financial Instruments

The company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

(i) Financial assets

Basic financial assets, including trade and other receivables, finance debtors, cash and bank balances, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party or (c) control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

Semperian PPP Investment Partners Limited

Notes to the Financial Statements for the Year Ended 31 March 2018 (continued)

2 Accounting policies (continued)

(ii) Financial liabilities

Basic financial liabilities, including trade and other payables, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

(iii) Offsetting

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

(iv) Derivatives and Hedging arrangements

Derivatives, which may include interest rate swaps and RPI swaps, are not basic financial instruments.

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in profit or loss in finance costs or income as appropriate, unless they are included in hedging arrangements.

The company applies hedge accounting for transactions entered into to manage the cash flow exposures of borrowings. Interest rate swaps are held to manage the interest rate exposures and are designated as cash flow hedges of floating rate borrowings.

Changes in the fair values of derivatives designated as cash flow hedges, and which are effective, are recognised directly in equity. Any ineffectiveness in the hedging relationship (being the excess of the cumulative change in fair value of the hedging instrument since inception of the hedge over the cumulative change in the fair value of the hedged item since inception of the hedge) is recognised in the profit and loss account.

The gain or loss recognised in other comprehensive income is reclassified to the profit and loss account in the same period in which the hedged transaction is recognised in the profit and loss account or when the hedge relationship ends. Hedge accounting is discontinued when the hedging instrument expires, no longer meets the hedging criteria, the forecast transaction is no longer highly probable, the hedged debt instrument is derecognised or the hedging instrument is terminated.

Semperian PPP Investment Partners Limited

Notes to the Financial Statements for the Year Ended 31 March 2018 (continued)

2 Accounting policies (continued)

Called up share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Exemptions for qualifying entities under FRS 102

FRS 102 allows a qualifying entity certain disclosure exemptions. The exemptions which the company has taken are:

- (i) the requirement to prepare a statement of cash flows;
- (ii) certain financial instrument disclosures providing equivalent disclosures are included in the consolidated financial statements of the group in which the entity is consolidated;
- (iii) the requirement to disclose related party transactions, with the members of the same group, that are wholly owned;
- (iv) the requirement to provide consolidated financial statements.

3 Critical accounting judgements and estimation uncertainty

Judgements, estimates and associated assumptions are based upon historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily available from other sources. Actual results may subsequently differ from these estimates.

The judgements, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates made are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

Certain critical accounting judgements, adopted by management, in applying the company's accounting policies are described below:

Impairment of investments

Management makes an estimate of the likely recoverable value of investments by considering factors including the historical performance, and future forecasts of the respective investment. See note 9 for the carrying value of the investments.

Treatment and Measurement of derivatives

The directors have adopted a policy of cash flow hedge accounting for derivative financial instruments and have assessed that the company's interest rate swaps meet the criteria for hedge accounting under FRS 102. This allows unrealised gains and losses to be deferred in a cash flow hedge reserve and only recognised through the profit and loss account at the same time as the hedged cash flows.

The derivative financial instruments are recognised at fair value. The measurement of fair value is based on estimates of future market interest and inflation rates and will therefore be subject to change. The company has used a third party expert to assist with valuing such instruments.

Semperian PPP Investment Partners Limited

Notes to the Financial Statements for the Year Ended 31 March 2018 (continued)

3 Critical accounting judgements and estimation uncertainty (continued)

Taxation

The assessment of the tax charge may include uncertain tax positions where the tax treatment has not yet been agreed with the taxation authorities. Management make an estimate of the taxation charge for the period and the value of balances, with reference to legislation, discussions with taxation authorities, advice from taxation advisors, and the determination of similar taxation cases.

Deferred tax is recognised at tax rates that are expected to be applicable when the timing differences reverse, to the extent that such rates have been substantially enacted. Given the phased reduction in future tax rates in the UK, the deferred tax asset or liability recognised is therefore dependent upon an estimate of the timing of such reversals.

4 Turnover

The company has been engaged solely in continuing activities in a single class of business within the United Kingdom.

5 Operating loss

The company had no employees, other than the directors, during the year (2017: none). The emoluments of the directors are paid by the controlling parties. The directors services to this company and to a number of fellow group companies are primarily of a non executive nature and their emoluments are deemed to be wholly attributable to the controlling parties. The controlling parties charged £nil (2017: £nil) to the company in respect of these services.

The audit fee has been borne on the company's behalf by a related company, Imagile Business Support Limited, for which no recharge has been made during the current or previous year.

6 Interest receivable and similar income

Notes to the Financial Statements for the Year Ended 31 March 2018 (continued)

8 Tax on loss on ordinary activities (continued)

(d) Tax rate changes

Changes to the UK corporation tax rates were substantively enacted as part of Finance Bill 2016 (on 6 September 2016). These include reductions to the main rate to reduce the rate to 17% from 1 April 2020. Deferred taxes at the balance sheet date have been measured using these enacted tax rates and reflected in these financial statements. From 1 April 2017, changes to the legislation in respect of the utilisation of carried forward tax losses and the restriction of interest deductions have come into force. Changes to the rules governing the treatment of hybrids were also adopted from 1 January 2017. We have therefore reviewed the impact of these changes, with the encompassed figures reflecting their implementation.

Loan facilities

A multicurrency term and letter of credit facility agreement was entered into on 9 November 2007 jointly (50% each) with Bank of Scotland plc and Lloyds TSB Bank plc, borrowings from which were used to leverage the Group. The sterling loan bears interest at LIBOR payable at quarterly intervals. On 28 August 2015 an additional £50,000,000 term loan facility agreement was entered into, of which £39,600,000 was drawn down on 9 March 2016, £8,124,588 was drawn down on 8 March 2017 and £2,160,000 was drawn down on 10 July 2017, totalling £49,884,588. At 31 March 2018, the balance of these facilities outstanding, including amortised loan costs, was £537,625,773 (2017: £541,756,477). The loans are due to be repaid by 31 March 2035.

The Euro facility bears interest at EURIBOR payable at quarterly intervals. The loan is due to be repaid by 31 March 2035. At 31 March 2018, the balance of this facility outstanding was £63,387,786 (2017: £62,473,084).

On 30 April 2015, the company entered into a £50,000,000 term loan facility agreement with AG Insurance Limited and Blackrock Investment Management (UK) Limited (50% each) that was drawn down in full on 5 May 2015. The loan is due to be repaid by 31 March 2035. Interest is charged at LIBOR plus 2%. At 31 March 2018, the balance of this facility outstanding was £49,500,000 (2017: £50,000,000).

Movement in Fair value of derivatives used for hedging

	2018 £ 000	2017 £ 000
Recognised through the Profit and Loss Account	2,635	(287)
Recognised through Other Comprehensive Income	38,902	3,260
	<u>41,537</u>	<u>2,973</u>

The company has entered into nine sterling interest rate swaps to receive interest at LIBOR and pay interest at a rate of between 3.825% and 5.363%. The swaps are based on a total original principal amount of £557,000,000, which reduces in line with the principal amount of the company's sterling Senior loan facilities, and matures between 2033 and 2035.

The instruments are used to hedge the company's exposure to interest rate movements on the Senior loan facility. The fair value of the interest rate swaps are £190,349,819 (2017: £229,039,212). In 2015, £50,000,000 of the Senior loan facility became fixed rate. Within the total fair value of the interest rate swaps £10,446,539 (2017: £13,081,612) relates to an interest rate swap based on the original principal amount of £50,000,000 and hedge accounting on this instrument has ceased.

The company has entered into a euro interest rate swap to receive interest at LIBOR and pay interest at a fixed 4.66%. The swap is based on an original principal amount of €73,178,000, which reduces in line with the principal amount of the company's euro Senior loan facilities, and matures in 2035.

The instrument is used to hedge the company's exposure to interest rate movements on the Senior loan facility. The fair value of the interest rate swap is £22,498,452 (2017: £25,346,314).

Cash flows on both euro and sterling loans and interest rate swaps are paid quarterly until 2035. During the year, a hedging gain of £11,607,415 (2017: loss of £25,548,939) was recognised in other comprehensive income for changes in the fair value of the interest rate swap and £27,294,768 (2017: £28,808,986) was reclassified from the hedge reserve to profit and loss within interest payable.

Semperian PPP Investment Partners Limited

Notes to the Financial Statements for the Year Ended 31 March 2018 (continued)

19 Parent and ultimate parent undertaking

The company's immediate parent is Semperian PPP Investment Partners Group Limited, incorporated in England and Wales.
