STRATEGIC REPORT

FOR THE YEAR ENDED 31 DECEMBER 2021

The Directors present the strategic report for the year ended 31 December 2021.

Directors' duties and Section 172 statement

Spire UK Holdco 4 Limited (the "Company"), as an intermediate holding company, has no employees or suppliers and as such the Directors primarily consider the interests of the Spire Healthcare Group ("the Group") and its ultimate parent company, Spire Healthcare Group plc ("SPLC") and its subsidiary, Spire Healthcare Limited, when having regard to performing their duties on matters set out under Section 172 as outlined below:

- a) The likely consequences of any decisions in the long term
- b) The interest of the Company's employees
- c) The need to foster the Company's business relationships with suppliers, customers and others
- d) The impact of the Company's operations on the community and the environment
- e) The desirability of the Company maintaining a reputation for high standards of business conduct and
- f) The need to act fairly as between members of the Company.

The key decisions approved during the year were made in line with the strategic goals and objectives of both its ultimate parent company, Spire Healthcare Group plc and its main trading subsidiary, Spire Healthcare Limited.

Review of the business

Fair review of the business

The Directors carried out an assessment of the value of a number of the Company's investments in subsidiary undertakings as at 31 December 2021, taking account of the value of the hospital properties owned by the respective companies. Following this review the Directors concluded that the impairment reserve should be increased by £3,157,000 (2020: increased by £11,751,000). Refer to note 10 for additional details.

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2021

The principal risks and uncertainties of the Company are managed at a Group level as part of the enterprisewide risk management approach adopted by Spire. The Company is indirectly exposed to a number of risks through its subsidiaries which are discussed below:

Principal risks and uncertainties

Climate Change - New risk

In 2021, the Board decided that the likelihood of financial loss from an adverse weather event linked to climate change was becoming likely enough to consider Climate Change now as a Principal Risk to Spire Healthcare and its strategy. Our climate-related risks include severe storm weather events which has the potential to cause major damage and disruption to our sites and buildings, prolonged spells of extreme ambient temperatures, energy price fluctuation as providing healthcare is a relatively energy intensive business and changes in laws and regulations including failure to meet net zero targets and obligations.

COVID-19

The Board considers that the COVID-19 virus represents an ongoing material risk to the Group. Repeated waves of infection occur from current or future variants of COVID-19 that risk overwhelming the NHS and forcing HM Government to re-introduce severe lockdown measures regionally or nationally. Further lockdown measures could adversely impact Spire Healthcare's operations and profitability due to the reduction of elective procedures, increased COVID costs and staff absence. This could have a material impact on the Group's profitability and cash generation. Foreseeable scenarios from further waves of COVID-19 infections have been modelled as part of the going concern and viability testing by management.

Credit risk

Credit risk arose principally from the balances due from subsidiary undertakings of the Company. The Company is the owner of a number of hospital property leasing companies, which generate cash from rentals receivable from a hospital operating company, Spire Healthcare Limited, which is a fellow subsidiary of Spire Healthcare Group plc.

Liquidity risk

In relation to its obligation to pay interest, the Company may elect to settle interest payable by the issue of further loan notes.

Overall risk management

Overall risk is managed with reference to Spire Healthcare Group plc and its subsidiaries (the "Group") and the principal risks and uncertainties facing the Company are therefore integrated with those facing the Group as a whole. Further information is provided in the 2021 Annual Report and Accounts of Spire Healthcare Group plc, which is available at www.spirehealthcare.com.

Key performance indicators

As a result of the nature of the business, the Directors do not consider the use of key performance indicators necessary to provide an understanding of the development, performance or position of the business.

On behalf of the board

H S Samra

Director

4 November 2022

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2021

The Directors present their annual report and financial statements for the year ended 31 December 2021.

Principal activities

The principal activity of Spire UK Holdco 4 Limited (the "Company") is that of a holding company.

Results and dividends

The profit for the year, after taxation, amounted to £24,207,000 (2020: £1,812,000). During the year the Company sold its shareholding in its subsidiary, Spire Property 17 Limited, as part of the sale and leaseback on Spire Cheshire Hospital for Consideration of £89,000,000. A gain on disposal of £24,925,000 has been recognised.

An ordinary dividend of £43,399,000 was paid in the year (2020: £46,534,000).

Directors

The Directors who held office during the year and up to the date of signature of the financial statements were as follows:

J J Ash P J Corfield

J H Sodha

H S Samra

(Appointed 30 March 2022)

Qualifying third party indemnity provisions

As at the date of this report and during the year, the Company had in force an indemnity provision in favour of one or more Directors of the Company, against liability in respect of proceedings brought by third parties, subject to the conditions set out in section 234 of the Companies Act 2006.

Post reporting date events

Details of post balance sheet events impacting the Company are included in note 20.

Future developments

The Directors do not foresee any changes in the Company's activities in the foreseeable future.

Auditor

The auditor, Ernst & Young LLP, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

Energy and carbon report

Spire Healthcare Group has discharged its responsibilities under the Government's CRC Energy Efficiency Scheme.

Spire Healthcare Group participated in the CDP (formerly Carbon Disclosure Project) and received a 'B' grading, placing the Group above the market sector average of 'D', and demonstrating our knowledge and understanding of our impact on climate change issues.

Further information is provided in the 2021 Annual Report and Accounts of Spire Healthcare Group plc, which is available at www.spirehealthcare.com.

Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the Company's auditor is unaware. Additionally, the Directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the Company's auditor is aware of that information.

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

Going concern

The Company operates as part of the Spire Healthcare Group. The day to day liquidity requirements of the Company are sourced either from within the Company or, where necessary, from the continued support of certain other entities within the Spire Healthcare Group, such support having been confirmed in writing by Spire Healthcare Group plc as available until 30 November 2023.

The Group assessed going concern risk for a 12 month period through to 30 November 2023. As at 30 June 2022 the Group had cash of £96m, a Senior Loan Facility of £325m and an undrawn Revolving Credit Facility of £100m. On 24 February 2022, the Group successfully refinanced its debt facilities with a syndicate of existing and new Lenders. As part of the refinancing exercise and in recognition of the fact that the Group had substantial cash reserves at 31 December 2021, the Group repaid £100m of the Senior Loan Facility. The new arrangement has a maturity of 4 years, with the Group having the option to extend by another year before the first anniversary of the February 2022 completion date. The financial covenants relating to this new agreement are materially unchanged.

The Group has undertaken extensive activity to identify plausible risks which may arise and mitigating actions, which in the first instance would include management of working capital and constrained levels of capital investment.

Specific scenarios covered by its testing were as follows:

- a key hospital is subject to permanent or temporary suspension of trade, for example, due to a major fire or regulatory matter;
- the Group is subject to temporary suspension of trade, with a temporary adverse impact on revenue, for example, as a result of a successful cyber-attack on key business systems;
- the downside modelling of a number of risks which result in a decline in earnings, including the loss of a contractual relationship with a key insurer;
- significant change in Government policy resulting in Consultants going on payroll;
- short-term disruption to trade at a sub-set of hospitals owing to an extreme weather event; and
- the business is subject to significant uninsured losses arising from medical malpractice, negligence or similar claims.

This review included the following key assumptions:

- no change in capital structure given the Group has refinanced its existing senior finance facility and revolving credit facility since 30 June 2022; and
- the Government will not make significant change to its existing policy towards utilising private provision of healthcare services to supplement the NHS.

The Group has also assessed, as part of its reverse stress testing, what degree of downturn in trading it could sustain before it no longer forecasts a positive cash balance. This stress testing was based on flexing revenue downwards with a consistent percentage decline in variable costs, whilst maintaining the forecast of fixed costs. The testing did not allow for the benefit of any action that could be taken by management to preserve cash. This testing suggested that there would have to be at least a 38% fall in annual revenue before the Group no longer forecast a positive cash balance. We do not believe that such a reduction of income revenue is a plausible consequence of the Group's identified principal risks.

It should be noted that we are in a period of unprecedented geo-political and macro-economic uncertainty. Whilst the Directors continue to closely monitor these risks and their plausible impact, their severity is hard to predict and is dependent upon many external factors. Accordingly the actual financial impact of these risks may materially vary against the current view of their plausible impact.

Based on the current assessment of the likelihood of these risks arising by 30 November 2023, together with their assessment of the planned mitigating actions being successful, the Directors have concluded it is appropriate to prepare the accounts on a going concern basis. In arriving at their conclusion, the Directors have also noted that, were these risks to arise in combination, it could result in a liquidity constraint or breach of covenant, however, the risk of this is considered remote.

DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

Approved by the Board and signed on its behalf by:

Director

4 November 2022

DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2021

The Directors are responsible for preparing the annual report and the financial statements in accordance with applicable United Kingdom law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101"). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies in accordance with IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors and then apply them consistently;
- · make judgements and accounting estimates that are reasonable and prudent;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosures when compliance with the specific requirements in FRS 101 is insufficient to enable users to understand the impact of particular transactions, other events and conditions on the group and company financial position and financial performance;
- state whether applicable UK Accounting Standards, including FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Under applicable law and regulations, the directors are also responsible for preparing a strategic report and directors' report, that comply with that law and those regulations. The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBER OF SPIRE UK HOLDCO 4 LIMITED

Opinion

We have audited the financial statements of Spire UK Holdco 4 Limited for the year ended 31 December 2021 which comprise the income statement, the statement of financial position, the statement of changes in equity and the related notes 1 to 20, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 101 "Reduced Disclosure Framework (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the Company's affairs as at 31 December 2021 and of its profit for the year then ended:
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period to 30 November 2023.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The Directors are responsible for the other information contained within the annual report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBER OF SPIRE UK HOLDCO 4 LIMITED

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' responsibilities statement set out on page 6, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBER OF SPIRE UK HOLDCO 4 LIMITED

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company and determined that the most significant are those that relate to the reporting framework (FRS 101 and the Companies Act 2006), the relevant tax compliance regulations in the jurisdictions in which the Company operates and the EU General Data Protection Regulations (GDPR)
- We understood how the company is complying with those frameworks by making enquires of management and directors, those responsible for legal and compliance procedures and the Company Secretary. We corroborated our enquires through our review of Board minutes. We read reports from third party specialists. We have involved internal specialists as required in designing procedures and assessing compliance with relevant laws and regulations.
- We assessed the susceptibility of the company's financial statements to material misstatement, including how fraud might occur by considering the risk of management override by posting fraudulent manual entries in relation to investment in subsidiaries valuation. We incorporated data analytics into our testing of manual journal entries, including segregation of duties. We tested specific transactions to underlying source documentation and evidence of appropriate authorisation of transactions. We also considered performance targets and their propensity to influence efforts made by management to manage earnings or influence the perceptions of stakeholders. We considered the internal processes that the company has established to address the risks identified, or that otherwise prevent, deter, and detect fraud; and how senior management monitors these internal processes. Where this risk was considered to be higher, we performed audit procedures to address each identified fraud risk.
- Based on this understanding we designed our audit procedures to identify noncompliance with such laws and regulations. Our procedures involved; review of board minutes to identify non-compliance with such laws and regulations; enquires with management; testing of manual journals identified by specific risk criteria.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: http://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBER OF SPIRE UK HOLDCO 4 LIMITED

Use of our report

This report is made solely to the Company's member in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's member those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's member for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2021

1 Accounting policies

Company information

Spire UK Holdco 4 Limited (the "Company") is a limited company incorporated and domiciled in England and Wales. The address of its registered office and principal place of business is disclosed in the Company Information.

The Company's functional and presentational currency is the British Pound, denominated by the symbol "£", and unless otherwise stated, the financial statements have been presented in thousands ('000).

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have, unless otherwise stated, been consistently applied to all periods presented.

1.1 Accounting convention

The financial statements have been prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

Summary of disclosure exemptions

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- · the requirements of IAS 7 Statement of Cash Flows;
- the requirements of IFRS 7 Financial Instruments: Disclosures;
- · the requirements of paragraph 17 of IAS 24 Related Party Disclosures;
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions
 entered into between two or more members of a group provided that any subsidiary which is a
 party to the transaction is wholly owned by such a member;
- the requirements of paragraphs 62, B64(d), B64(e), B64(g), B64(h), B64(j) to B64(m), B64(n)(ii), B64(o)(ii), B64(p), B64(q)(ii), B66 and B67 of IFRS 3 Business Combinations; and
- the requirements of paragraph 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors.

The financial statements of the Company are consolidated in the financial statements of Spire Healthcare Group plc. The consolidated financial statements are available from www.spirehealthcare.com. The Company itself is a subsidiary company and is exempt from the requirement to prepare group accounts by virtue of section 400 of the Companies Act 2006. These financial statements therefore present information about the Company as an individual undertaking and not about its Group.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

1 Accounting policies

(Continued)

1.2 Going concern

The Company operates as part of the Spire Healthcare Group. The day to day liquidity requirements of the Company are sourced either from within the Company or, where necessary, from the continued support of certain other entities within the Spire Healthcare Group, such support having been confirmed in writing by Spire Healthcare Group plc as available until 30 November 2023.

The Group assessed going concern risk for a 12 month period through to 30 November 2023. As at 30 June 2022 the Group had cash of £96m, a Senior Loan Facility of £325m and an undrawn Revolving Credit Facility of £100m. On 24 February 2022, the Group successfully refinanced its debt facilities with a syndicate of existing and new Lenders. As part of the refinancing exercise and in recognition of the fact that the Group had substantial cash reserves at 31 December 2021, the Group repaid £100m of the Senior Loan Facility. The new arrangement has a maturity of 4 years, with the Group having the option to extend by another year before the first anniversary of the February 2022 completion date. The financial covenants relating to this new agreement are materially unchanged.

The Group has undertaken extensive activity to identify plausible risks which may arise and mitigating actions, which in the first instance would include management of working capital and constrained levels of capital investment.

Specific scenarios covered by its testing were as follows:

- a key hospital is subject to permanent or temporary suspension of trade, for example, due to a major fire or regulatory matter;
- the Group is subject to temporary suspension of trade, with a temporary adverse impact on revenue, for example, as a result of a successful cyber-attack on key business systems;
- the downside modelling of a number of risks which result in a decline in earnings, including the loss of a contractual relationship with a key insurer;
- · significant change in Government policy resulting in Consultants going on payroll;
- short-term disruption to trade at a sub-set of hospitals owing to an extreme weather event, and
- the business is subject to significant uninsured losses arising from medical malpractice, negligence or similar claims.

This review included the following key assumptions:

- no change in capital structure given the Group has refinanced its existing senior finance facility and revolving credit facility since 30 June 2022; and
- the Government will not make significant change to its existing policy towards utilising private provision of healthcare services to supplement the NHS.

The Group has also assessed, as part of its reverse stress testing, what degree of downturn in trading it could sustain before it no longer forecasts a positive cash balance. This stress testing was based on flexing revenue downwards with a consistent percentage decline in variable costs, whilst maintaining the forecast of fixed costs. The testing did not allow for the benefit of any action that could be taken by management to preserve cash. This testing suggested that there would have to be at least a 38% fall in annual revenue before the Group no longer forecast a positive cash balance. We do not believe that such a reduction of income revenue is a plausible consequence of the Group's identified principal risks.

It should be noted that we are in a period of unprecedented geo-political and macro-economic uncertainty. Whilst the Directors continue to closely monitor these risks and their plausible impact, their severity is hard to predict and is dependent upon many external factors. Accordingly the actual financial impact of these risks may materially vary against the current view of their plausible impact.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

1 Accounting policies

(Continued)

Going concern (continued)

Based on the current assessment of the likelihood of these risks arising by 30 November 2023, together with their assessment of the planned mitigating actions being successful, the Directors have concluded it is appropriate to prepare the accounts on a going concern basis. In arriving at their conclusion, the Directors have also noted that, were these risks to arise in combination, it could result in a liquidity constraint or breach of covenant, however, the risk of this is considered remote.

1.3 Non-current investments

Interests in subsidiaries, associates and jointly controlled entities are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

A subsidiary is an entity controlled by the Company. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

1.4 Financial assets

Financial assets are recognised in the Company's statement of financial position when the Company becomes party to the contractual provisions of the instrument. Financial assets are classified into specified categories, depending on the nature and purpose of the financial assets.

At initial recognition, financial assets classified as fair value through profit and loss are measured at fair value and any transaction costs are recognised in profit or loss. Financial assets not classified as fair value through profit and loss are initially measured at fair value plus transaction costs.

Financial assets at fair value through profit or loss

When any of the above-mentioned conditions for classification of financial assets is not met, a financial asset is classified as measured at fair value through profit or loss. Financial assets measured at fair value through profit or loss are recognized initially at fair value and any transaction costs are recognised in profit or loss when incurred. A gain or loss on a financial asset measured at fair value through profit or loss is recognised in profit or loss, and is included within finance income or finance costs in the statement of income for the reporting period in which it arises.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined under IFRS 15.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

The Company's financial assets include cash and short-term deposits, trade and other receivables and interest bearing loans receivable.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

1 Accounting policies

(Continued)

Financial assets held at amortised cost

Financial instruments are classified as financial assets measured at amortised cost where the objective is to hold these assets in order to collect contractual cash flows, and the contractual cash flows are solely payments of principal and interest. They arise principally from the provision of goods and services to customers (eg trade receivables). They are initially recognised at fair value plus transaction costs directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment where necessary.

Financial assets at fair value through other comprehensive income

Debt instruments are classified as financial assets measured at fair value through other comprehensive income where the financial assets are held within the Company's business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument measured at fair value through other comprehensive income is recognised initially at fair value plus transaction costs directly attributable to the asset. After initial recognition, each asset is measured at fair value, with changes in fair value included in other comprehensive income. Accumulated gains or losses recognised through other comprehensive income are directly transferred to profit or loss when the debt instrument is derecognised.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

Impairment of financial assets

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the receivables and the economic environment. To measure the expected credit losses, trade receivables have been grouped based on shared characteristics and the days past due. The Company has concluded that the expected loss rates for trade receivables, are a reasonable approximation of the loss rates for each ageing bucket based on historical debt trends of our portfolio of customers for the last two reporting periods.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

1 Accounting policies

(Continued)

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

1.5 Financial liabilities

The Company recognises financial debt when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are classified as either 'financial liabilities at fair value through profit or loss' or 'other financial liabilities'.

Financial liabilities at fair value through profit or loss

Financial liabilities are classified as measured at fair value through profit or loss when the financial liability is held for trading. A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of selling or repurchasing it in the near term, or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit taking, or
- it is a derivative that is not a financial guarantee contract or a designated and effective hedging instrument.

Financial liabilities at fair value through profit or loss are stated at fair value with any gains or losses arising on remeasurement recognised in profit or loss.

Short-term payables are measured at fair value, net of directly attributable transaction costs.

Other financial liabilities

All interest-bearing loans and borrowings are initially recognised at net proceeds. After initial recognition debt is increased by the finance cost in respect of the reporting period and reduced by payments made in respect of the debts of the period. Finance costs of debt are allocated over the term of the debt at a constant rate on the carrying amount and charged to the Income Statement.

The Company's financial liabilities include trade and other payables, and loans and borrowings.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

iii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the Balance Sheet if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

1 Accounting policies

(Continued)

1.6 Equity instruments

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are deducted from share premium.

Equity shares are included in shareholders' funds. Other instruments are classified as liabilities if they contain an obligation to transfer economic benefits and if not they are included in shareholders' funds. The finance cost recognised in the profit and loss account in respect of capital instruments other than equity shares is allocated to periods over the term of the instrument at a constant rate on the carrying amount.

Dividend distribution to the Company's shareholders is recognised as a liability in the Company's financial statements in the period in which the dividends are approved by the Company's shareholders.

1.7 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset when the Company has a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

Where there is an uncertain tax position, a provision shall be booked based on either the most likely amount, where the range of results in binary, or as a weighted average of possible outcomes where a range of outcomes is possible.

1.8 Interest income

Interest is recognised on an effective interest rate basis.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

2 Adoption of new and revised standards and changes in accounting policies

The following amendments to existing standards were effective for the Company from 1 January 2021, these amendments have not had a material impact.

Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 Interest Rate Benchmark Reform Phase 2 1 January 2021

The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR). The amendments include the following practical expedients:

- A practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest
- Permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued
- Provide temporary relief to entities from having to meet the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component

These amendments had no impact on the financial statements of the Company. The Group was renegotiating its principal loans on which the interest determination is based, there have been no changes to contracts impacted by LIBOR until the facilities are in place. All LIBOR linked contracts will be updated at the end of January 2022. The contracts with significant exposures relate to loans, leases and swaps. For the beginning of 2022, the interest rates applied on loans continue to be those under LIBOR using a synthetic LIBOR rate until the refinancing is completed. As these rates are LIBOR plus a margin, if SONIA (replacement rate) is higher or lower, the margin will be reduced or increased on an economically equivalent basis, and therefore there is no exposure. Leases are valued using incremental borrowing rates using gilt yields plus a margin and are therefore not linked to LIBOR.

The following new and amended standards, interpretations and amendments in issue are applicable to the Company but not yet effective and thus, have not been applied by the Company

Amendments to IFRS 3 Business Combinations – Reference to the Conceptual Framework 1 January 2022 Amendments to IAS 16 – Property, Plant and Equipment: Proceeds before Intended Use 1 January 2022 Amendments to IAS 37 – Onerous Contracts – Costs of Fulfilling a Contract 1 January 2022

IFRS 9 Financial Instruments – Fees in the "10 per cent" test for derecognition of financial liabilities 1 January 2022

Amendments to IAS 1 - Classification of liabilities as Current or Non-Current 1 January 2023

Amendments to IAS 8 - Definition of accounting estimates 1 January 2023

Amendments to IAS 12 – Deferred tax related to assets and liabilities arising from a single transaction 1 January 2023

* The effective dates stated above are those given in the original IASB/IFRIC standards and interpretations. As the Group prepares its financial statements in accordance with IFRS as issued by the IASB as endorsed by the UK, the application of new standards and interpretations will result in an effective date subject to that agreed by the UK Endorsement process.

The amendments are not expected to have a material impact on the Company.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

3 Critical accounting estimates and judgements

In the application of the Company's accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Critical judgements

Investments in subsidiary undertakings

The Company's investments in subsidiary undertakings have been tested for impairment by comparison against the recoverable amount of investment properties owned by the subsidiary undertakings. These recoverable amounts are deemed to be the fair values based on valuations prepared and reviewed internally by senior management and property managers within the Spire Group, after taking advice from external advisors about key market conditions, including yields. However, valuations are inherently subjective and may not prove to be accurate.

4 Auditor's remuneration

Fees payable to the Company's auditor and associates:	2021 £'000	2020 £'000
For audit services Audit of the financial statements of the Company	3	3

The audit fee for the Company was borne by another Group company, and no recharge was made to the Company in respect of these costs in the current or comparative year.

Amounts payable to Ernst & Young LLP and their associates by the Company in respect of non-audit services were £nil (2020: £Nil).

5 Employees

The Company had no employees during the year (2020: Nil) and consequently incurred no staff costs.

6 Directors' remuneration

Emoluments for the Directors of the Company are paid for by Spire Healthcare Limited, a fellow subsidiary of Spire Healthcare Group plc. Spire Healthcare Limited has not recharged any amount to the Company (2020: £nil) on the basis that the amount attributable to the Company is negligible.

Fair value of financial assets carried at amortised cost

The Directors consider that the carrying amounts of financial assets carried at amortised cost in the financial statements approximate to their fair values.

During the year the Company sold its shareholding in its subsidiary, Spire Property 17 Limited, as part of the sale and leaseback on Spire Cheshire Hospital for Consideration of £89,000,000. A gain on disposal of £24,925,000 has been recognised.

During the year the Group simplified its structure, as part of the process the Company purchased an investment from another entity under common control in Classic Holdings Property Limited for £84,917,000 in exchange for an intercompany loan. In addition the Company received an investment in Spire Thames Valley Hospital Propco Limited by way of distribution from an entity under common control of £7,871,000.

Fixed asset investments revalued

At each reporting date, the Company reviews the carrying amounts of its investments to determine whether there is any indication that these investments have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Recoverable amount is the higher of the fair value less costs to sell and value in use. In assessing value in use, the estimated future cashflows are discounted to their present value using pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset for which the estimated future cashflows have not been adjusted.

The Directors carried out an assessment of the value of its investments in subsidiary undertakings as at 31 December 2021, taking into account the value of the hospital properties owned by the respective companies. Following this review, the Directors concluded that the impairment reserve should increase to £108,632,000 (2020: £105,475,000).

The subsidiary undertakings of the Company as at 31 December 2021 are shown in note 15.

17 Other Transactions

During the year the Company sold its shareholding in its subsidiary, Spire Property 17 Limited, as part of the sale and leaseback on Spire Cheshire Hospital for Consideration of £89,000,000. A gain on disposal of £24,925,000 has been recognised.

In order to simplify the structure of the Group and reduce costs, the Company undertook a process in which a number of companies within the Group were identified for members' voluntary liquidation, as follows:

- Classic Hospitals Group Limited
- Fox Healthcare Holdco 2 Limited
- Spire UK Holdco 2A Limited
- Spire Healthcare Holdings 1
- Spire Cambridge (Disposal) Limited
- Spire Fertility (Disposal) Limited
- Spire Healthcare Group UK Limited
- SHC Holdings Limited
- Spire Healthcare Holdings 3 Limited
- Spire Healthcare Holdings 2 Limited
- Classic Hospitals Limited
- Lifescan Limited
- Spire Thames Valley Hospital Limited

These entities were all in members' voluntary liquidation at year end and are expected to be formally dissolved at Companies House during 2022.

During the process another entity under common control transferred its investment in Classic Holdings Property Limited to the Company in exchange for a intercompany loan and the Company received an investment in Spire Thames Valley Hospital Propco Limited by way of distribution from an entity under common control.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2021

18 Contingent liabilities

On 23 July 2014, Spire Healthcare Group plc was refinanced, and it entered into a bank loan facility with a syndicate of banks, comprising of a five-year £425.0 million term loan and a five-year £100.0 million revolving facility, which has been guaranteed by the Company and other material subsidiaries of the Group. The loan is non-amortising and carries interest at a margin of 2.25% over LIBOR (2020: 2.25% over LIBOR). In July 2018, the Group extended the maturity of its bank loan facility for a further three years. During 2020, the bank loan was extended again, to July 2023.

As was announced in September 2020, following the Covid-19 pandemic and Spire Healthcare's subsequent support to the NHS, the Group obtained agreement from its lenders that net debt to EBITDA and interest cover ratio covenant testing would be waived for June 2021. A new liquidity measure replaced these tests and requires cash and cash equivalents, including headroom under undrawn committed facilities, to remain above £50m.

The Group entered into an agreement on 24 February 2022 to refinance this debt. Details of this refinance can be found in note 20 – Events after the Reporting Period. There is no impact to the current year as a result of this refinancing agreement.

At 31 December 2021 the net debt / EBITDA ratio was 2.3x (2020: 3.9x), the loan amount outstanding was £425,000,000 (2020: £425,000,000), and the revolving facility remained undrawn (2020: Undrawn).

19 Controlling party

The Company's immediate parent undertaking changed during the year due to the Group reorganisation from Spire UK Holdco 2A Limited, a company is registered in England and Wales to Spire Healthcare Finance Limited, a company is registered in England and Wales.

The Company's ultimate parent undertaking is Spire Healthcare Group plc, a company registered in England and Wales. Spire Healthcare Group plc heads the smallest and largest group which prepares consolidated financial statements in which the results of the Company are included. The financial statements of Spire Healthcare Group plc are available at www.spirehealthcare.com or from The Company Secretary, 3 Dorset Rise, London EC4Y 8EN, which is also the registered office of the ultimate parent.

20 Events after the reporting date

As announced by Spire Healthcare Group plc on 25 February 2022, the Group entered into an agreement on 24 February 2022 to refinance this debt. As part of this exercise, and in recognition of the fact that the Group had substantial cash reserves at 31 December 2021, the Group repaid £100.0m of the Senior Loan Facility. As a consequence, the revised Senior Loan Facility was set at £325.0m and the Group continued to have access to an undrawn RCF of£100.0m. This new arrangement has a maturity of 4 years, with the Group having the option to extend by another year. The financial covenants relating to this new agreement are unchanged.
