NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31 AUGUST 2015

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention..

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.2 Revenue recognition

Turnover represents amounts receivable on sale of property.

1.3 Stock

Stock of properties for resale is stated at the lower of cost and net realisable value. Cost includes all direct costs incurred in bringing the stocks to their present location and condition.

Net realisable value is based on estimated selling price less further costs expected to be incurred to completion and disposal.

1.4 Deferred taxation

Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the accounts. Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the assets. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.
