Notes to the Abbreviated Accounts for the Year Ended 31 December 2014

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The Company has net current liabilities of £22,048 (2013 - £16,809). The shareholder has confirmed in writing, that he will continue to support the operations of the Company for the foreseeable future to enable it to continue as a going concern. On the basis of this support, the directors consider it appropriate to prepare the accounts on a going concern basis.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Plant and machinery - 20% on reducing balance
Furniture & fixtures - 15% on reducing balance
Motor vehicles - 25% on reducing balance
Office equipment - 50% on reducing balance

Stocks

Stocks and work in progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.
