TIS Group Holdings Limited

Statement of Directors' Responsibilities

Year Ended 31 December 2012

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the directors are aware

- there is no relevant audit information of which the Company's auditors are unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

The Directors' Responsibilities were approved by the board on 11 April 2013 and signed on its behalf by

Michael Forrest, for and on behalf of
BIIF Corporate Services Limited
Director

TIS Group Holdings Limited

Independent Auditors' Report to the Members of TIS Group Holdings Limited

We have audited the financial statements of TIS Group Holdings Limited for the year ended 31 December 2012 which comprise the Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective Responsibilities of Directors and Auditors

As explained more fully in the Directors' Responsibilities Statement set out on page 3, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's Members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the Audit of the Financial Statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on Financial Statements

In our opinion the financial statements

- give a true and fair view of the state of the Company's affairs as at 31 December 2012 and of its result for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on Other Matter Prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

TIS Group Holdings Limited

Independent Auditors' Report to the Members of TIS Group Holdings Limited *(continued)*

Matters on Which We are Required to Report by Exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

TIS Group Holdings Limited

Notes to the Financial Statements

Year Ended 31 December 2012

1 Accounting Policies

A summary of the principal accounting policies, all of which have been applied consistently throughout the year, is set out below

Basis of Accounting

The financial statements have been prepared under the historical cost convention and in accordance with the Companies Act 2006 and applicable Accounting Standards in the United Kingdom. The financial statements have been prepared on a going concern basis as the Company's financial projections indicate that sufficient funds will be generated to allow on-going obligations to be met as they fall due.

Cash Flow Statement

The Company is a subsidiary of BIIF Holdco Limited and is included in the consolidated financial statements of BIIF Holdco Limited, which are publicly available. Consequently, the Company has taken advantage of the exemption from preparing a cash flow statement under the terms of FRS1.

Fixed Asset Investments

Investments are shown at cost less any provision for diminution in value.

Group Financial Statements

In accordance with the exemptions available under s400 of the Companies Act 2006, the Company has not prepared consolidated financial statements. The Company is exempt from preparing group financial statements on the basis that its results are consolidated within BIIF Holdco Limited. Copies of the consolidated financial statements of BIIF Holdco Limited can be obtained from the Registrar of companies, Companies House, Crown Way, Mandy, Cardiff, CF14 3UZ.

2 Auditors Remuneration

The auditors remuneration has been borne by another group company.

3 Profit and Loss Account

The Company did not trade during the year and has made neither a profit nor a loss. No Profit and loss account has therefore been prepared.

4 Particulars of employees and directors

The Directors did not receive any remuneration from the Company during the year (2011: £nil). There were no employees in the financial year other than the directors (2011: nil).

BIIF Holdco Limited

Directors' Report

The Directors present their report and the audited financial statements of the Company and the Group for the year ended 31 December 2012

Principal activity

The principal activity of the Company was that of a holding company. The principal activity of the Group was the provision, operation and maintenance of various assets under the Private Finance Initiative (PFI) and within regulated renewable markets.

Results and review of business

The net consolidated loss after tax and minority interests in the financial year was £37,502,000 (2011 loss £296,814,000). The result for the year will be transferred to reserves.

Future Developments

The Directors intend that the business continues to hold its interests in the investments.

Results and Dividends

The results for the year are in line with management's current expectations and the financial model prepared for each of the Group's investments. The results for the year, as reported in the consolidated Profit and Loss account differ from the realised operating income achieved for the underlying investments as a result of the following accounting items which only arise on consolidation.

	Dec 2012 £000	Dec 2011 £000
Profit/(loss) before taxation	(13,698)	(292,396)
Amortisation of fair value adjustments	35,587	32,066
Impairment	14,732	-
Unrealised movement in the fair value of derivatives	<u>(13,730)</u>	<u>302,620</u>
Realised operating income	<u>22,891</u>	<u>42,290</u>

The consolidated balance sheet shows net liabilities of £369,894,000 (2011 net liabilities £339,296,000). This position is significantly impacted by the recognition on the consolidated balance sheet of the unrealised derivative financial liability arising from the Group's portfolio of interest rate swaps and inflation swaps and the revaluation of the investment property. When excluded from the consolidated balance sheet the position of the Group is as follows:

	Dec 2012 £000	Dec 2011 £000
Net liabilities	(369,894)	(339,296)
Unrealised derivative financial liabilities	486,486	500,216
Revaluation of Investment Property	<u>(2,583)</u>	<u>-</u>
Realised net assets	<u>114,009</u>	<u>160,920</u>

Dividends of £nil (2011 £nil) were paid by the company during the year.

Financial risk management

The Group is exposed to a variety of financial risks that include Retail Price Indices, interest rate risk and liquidity risk. The Group has in place measures to limit the adverse effects of changes in these risks. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of cash deposits and proceeds from investment sums. The Group also invests in cash deposits at floating rates. Financial risk management policies and objectives are set out in Note 25.

BIIF Holdco Limited

Directors' Report

Principal risks and uncertainties

The principal risk faced by the Group is the future cost of lifecycle expenditure. Each project has a lifecycle profile which is regularly reviewed and managed, to highlight and limit any potential adverse effects. The other significant risk is credit risk which is discussed more fully in Note 25 to the financial statements.

Key performance indicators

Group performance is measured on the basis of cash flows, both for shareholders and lenders. As with all companies in this sector, detailed cash flow projections are prepared to demonstrate the ability of the business to service its debt. Current projections demonstrate that the business can continue to maintain its debt service cover ratios at the base case levels agreed with the Group's lenders and will continue to pay returns to shareholders. As such the Directors are satisfied that the Group's performance is in line with forecast and therefore consider the going concern basis of preparation to be appropriate.

Post balance sheet events

In May 2013, an irrevocable offer was made by 3i Group plc ("3i") to acquire the Barclays Infrastructure Funds Management Limited ("BIFM"), the manager of the group's ultimate parent and controlling entity, Barclays Integrated Infrastructure Fund LP. This offer is conditional on certain consents from project stakeholders being obtained, regulatory approvals and employee consultations. Since the announcement, extensive progress has been made in meeting the conditions and it is expected that BIFM will transfer into 3i's ownership by the end of September 2013. No interest in Barclays Integrated Infrastructure Fund LP is being sold as part of this transaction.

Directors and their interests

The Directors in office during the year and up to the date of this report, shown on page 2, had no beneficial interest in the Company and its subsidiaries.

Disclosure of information to the auditors

So far as each of the directors is aware, there is no relevant information that has not been disclosed to the company's auditors and each of the directors believes that all steps have been taken that ought to have been taken to make them aware of any relevant audit information and to establish that the company's auditors have been made aware of that information.

Independent Auditors

The auditors, PricewaterhouseCoopers LLP, have indicated their willingness to continue in office and a resolution concerning their reappointment will be proposed at the Annual General meeting.

The Directors' report was approved by the board on 12 September 2013 and signed on its behalf by

Nigel Middleton
Director

Registered number 06704550

BIIF Holdco Limited

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the Group and the Company and of the profit or loss of the Group for the year ended 31 December 2012. In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Group and the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Group and the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors' responsibilities were approved by the board on 12 September 2013 and signed on its behalf by

Nigel Middleton
Director

BIIF Holdco Limited

Independent Auditors' Report to the members of BIIF Holdco Limited

We have audited the Group and parent company financial statements (the "financial statements") of BIIF Holdco Limited for the year ended 31 December 2012 which comprise the Group Profit and Loss Account, the Group and Parent Company Balance Sheets, the Group Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective Responsibilities of Directors and Auditors

As explained more fully in the Statement of Directors' Responsibilities set out on page 5, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the Company's Members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the Audit of the Financial Statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the group's and parent company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Annual Report and Group Financial Statements to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on Financial Statements

In our opinion the financial statements

- give a true and fair view of the state of the Group and the Parent Company's affairs as at 31 December 2012 and of the Group's loss and cash flows for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

BIIF Holdco Limited

Independent Auditors' Report to the members of BIIF Holdco Limited

Opinion on Other Matter Prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements

Matters on Which We are Required to Report by Exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us, or
- the parent company financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

1. Accounting policies

A summary of the principal Group accounting policies, all of which have been applied consistently throughout the year, is set out below

Basis of accounting

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain financial instruments and in accordance with Companies Act 2006 and applicable Accounting Standards in the United Kingdom

Going concern

The Group has received loans from external banks, which are secured against the cash flows from the Group's investments and also loans from its ultimate parent undertaking. The financial statements have been prepared on a going concern basis following an assessment of the financial viability of each of the Group's principal investments, and also the sources of cash flow projected to be available to service the portfolio debt obligations within the Group. This assessment indicates that sufficient funds will be generated to allow ongoing obligations to be met as they fall due.

The Directors have taken advantage of the exemption available under section 408 of the Companies Act 2006 and have not prepared a profit and loss account for BIIF Holdco Limited.

Method of consolidation – subsidiaries

On acquisition of a business all the business's assets and liabilities that exist at the date of acquisition are recorded at their fair values. Initially provisional fair values are allocated and these are finalised within 12 months of the date of control. All changes to those assets and liabilities and resulting gains and losses that arise after the Group has gained control of the subsidiary are charged to the post acquisition profit and loss account. The purchase consideration is measured as the fair value of the assets given up or liabilities undertaken plus costs directly attributable to the acquisition. Goodwill is the excess purchase consideration over the fair value of the identifiable assets and liabilities acquired.

Subsidiaries are enterprises that are controlled by the Group over which the Group typically has in excess of 50% of the voting rights. The Group consolidates the results of the company and its subsidiaries. Subsidiary acquisitions are accounted for using the acquisition method of accounting in accordance with FRS 6. All inter-group transactions, balances and unrealised gains on transactions between Group entities have been eliminated in full.

Fair value adjustments which are made at the date of acquisition are amortised on a straight line basis over the period of the life of the underlying asset.

Uniform accounting policies are applied across all subsidiaries within the Group.

Method of consolidation – associates and joint ventures

Investments in associates and joint ventures are consolidated using the equity and gross equity methods respectively. In arriving at the amounts to be included by the equity method, the same accounting policies as those of BIIF Holdco Limited are applied. Where practicable, associates and joint ventures are included on the basis of financial statements prepared for a period not more than three months before the Group's year end. Where the associate's or joint venture's accounting reference date is greater than three months prior to 31 December, the associates are consolidated based on the latest statutory accounts adjusted for management accounts to 31 December.

Associates are enterprises, other than joint ventures, that are not controlled by the Group over which the Group generally has between 20% and 50% of the voting rights, or over which the Group has significant influence.

All balances and effects of transactions between each associate and joint venture and the Group have been eliminated to the extent of the Group's interest in the associate and joint venture.

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

Accounting policies (continued)

Taxation

The tax expense represents the sum of current tax expense and deferred tax expense

Current tax expense is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is fully provided on timing differences recognised by the balance sheet date when the Company has an obligation to pay more or less tax in the future as a result of these timing differences. The Company has not adopted a policy of discounting deferred tax assets and liabilities, as permitted by FRS 19 (Deferred Tax). The deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Turnover

Turnover, which excludes value added tax, represents the invoiced value of the unitary charges earned wholly in the United Kingdom, in relation to the provision of the buildings, other assets and services under the Government's Public Finance Initiative.

Accounting for PFI assets

The unitary charge is the turnover of the Group which is received from the provision of a PFI asset to the customer and is received over the life of the concession period. Where the unitary charge is separable, the provisions of SSAP 21 (lease accounting) have been applied. In this case the property element is treated as a finance debtor representing the discounted expected future unitary charge receipts from the relevant project for the property. Where the unitary charge is non-separable and substantially all the risks and rewards of ownership remain with the Group, the asset is accounted for as a fixed asset. In the majority of cases the directors consider that the risks and rewards do not remain with the Group, and thus the costs of construction or acquisition of the asset are included within finance debtor.

Costs incurred in the construction of subsidiaries' assets have been accounted for under Financial Reporting Standard (FRS) 5 Application Note F.

a Finance debtor

When applying the guidance within the Application Note indicates that the project's principal agreements transfer substantially all the risks and rewards of ownership to the customer, the costs incurred by the Group on the design and construction of the asset have been treated as a finance debtor within these financial statements.

Management service income is allocated between turnover and reimbursement of finance debtor so as to generate a constant rate of return in respect of the finance debtor over the life of the contract. Turnover represents the income allocated to the services provided as part of the overall project.

b. Tangible fixed assets

Assets completed and under construction are shown at cost. In determining the relevant accounting treatment of the transactions, consideration is given to the provisions included in FRS 5 and HM Treasury guidance.

Interest and other directly attributable finance costs in respect of loans for the purpose of constructing assets are capitalised as part of the cost of constructing the buildings up to the date of practical completion. Subsequent interest is charged to the profit and loss account.

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

Accounting policies (continued)

c. Investment properties

Investment properties are accounted for in accordance with Statement of Standard Accounting Practice No 19. Investment properties are re-valued annually and the aggregate surplus or deficit is transferred to or from a revaluation reserve except where a deficit is deemed to represent a permanent impairment in the value of the property, in which event it is charged to the profit and loss account and no depreciation is provided in respect of long leasehold investment properties.

Although the Companies Act 2006 would normally require the systematic annual depreciation of fixed assets, the directors believe that this policy of not providing depreciation is necessary in order for the financial statements to give a true and fair view, since the current value of investment properties, and changes in that current value, are of prime importance rather than a calculation of systematic annual depreciation. If this departure from the Act had not been made, the profit for the financial year would have been decreased by depreciation. Depreciation is only one of the many factors reflected in the annual valuation, and the amount which might otherwise have been shown cannot be separately identified or quantified.

Depreciation

On completion (date on which an availability certificate is issued), depreciation is charged on Buildings on a straight line basis to the profit and loss account over the useful economic life of each asset. The annual rates applied to each class of asset are:

Buildings	concession period 25 to 35 years – 2.9% to 4.0% straight line
Equipment	concession period 25 to 29 years straight line and 12.5% – 33% reducing balance

Impairment

All assets, including financial assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Where an indicator of impairment or objective evidence exists, an estimate of the asset's recoverable amount is made. An impairment loss is recognised in the Profit and Loss account for the amount by which the asset's carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets. This is at the individual project company level within the Group.

Government grants

Grants which relate to specific capital expenditure are treated as deferred income, which is then credited to the profit and loss account on a straight line basis over the asset's useful economic life. Other grants are credited to the profit and loss account when earned.

Deferred income

Deferred income also includes capital contributions towards the construction of fixed assets from the public sector counterparty on certain projects completed by the Group. The capital contribution has been treated similarly to the receipt of a grant and is therefore included in deferred income and will be amortised on a straight line basis over the life of the related asset.

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

Accounting policies (continued)

Capital instruments

Shares are included in shareholder funds. Debt instruments, which contain an obligation to repay, are classified as liabilities. The finance costs recognised in the profit and loss account in respect of capital instruments, other than shares, are allocated to periods over the operating life of the instrument to which they relate at a constant carrying amount in accordance with FRS 4.

Financial instruments

The Group holds certain derivative financial instruments which are designed to hedge against movements in market indices, principally interest rates and associated RPI swaps. While the Group does not undertake speculative hedging the Group has not elected to apply hedge accounting to these transactions.

Derivatives are initially accounted for and measured at fair value on the date a derivative contract is entered into and subsequently measured at fair value at each balance sheet date. The gain or loss on the movement in the fair value is taken to the Profit and Loss account.

The fair value of swaps is based on the market price of comparable instruments at the balance sheet date if they are publically traded. The fair value of assets with a maturity of less than 12 months approximates the book value.

Capital risk management

The Group's objective when managing capital is to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

2 Turnover

The turnover and profit before tax are attributable to the one principal activity of the Company and all arises from continuing operations. An analysis of turnover is given below.

	Dec 2012 £000	Dec 2011 £000
United Kingdom	<u>430,783</u>	<u>450,364</u>

Share of associates	<u>(13,552)</u>	<u>(15,639)</u>
	<u>(74,549)</u>	<u>(395,647)</u>

BIIF Holdco Limited
Notes to the financial statements
For the year ended 31 December 2012

4 Loss on ordinary activities before taxation

Loss on ordinary activities before taxation is stated after charging	Dec 2012 £000	Dec 2011 £000
Depreciation of tangible fixed assets	20,252	12,247
Amortisation of fair value adjustments	35,587	32,066
Wages and salaries	2,578	2,949
Social security costs	357	339
Fee payable to the company auditor for the audit of the parent company, subsidiary companies and consolidated accounts (parent company £4,000)	769	735

Fees paid to PricewaterhouseCoopers LLP for non – audit services to the Company and its subsidiaries in the UK were £66,000 (2011 £670,000) The fees in 2011 were in respect of corporate tax and restructuring advice received by the Group

There were 50 employees in the financial period other than the Directors (2011 50)

None of the directors of the Company received any remuneration from the Group during the year (2011 £nil) Attention is drawn to the payments made to certain Directors of subsidiary undertakings disclosed in note 23

5 Taxation

	Dec 2012 £000	Dec 2011 £000
Current tax		
UK corporation tax on profit for the year	9,182	(5,714)
Adjustments in respect of prior periods for subsidiary companies	<u>10,454</u>	<u>(878)</u>
Tax on (loss)/profit on ordinary activities	<u>19,636</u>	<u>(6,592)</u>
Deferred tax:		
Origination and reversal of timing differences	<u>(4,232)</u>	<u>(3,069)</u>
Total deferred tax credit	<u>(4,232)</u>	<u>(3,069)</u>
Share of associates and joint ventures tax	<u>4,082</u>	<u>9,737</u>
Tax on (loss)/profit on ordinary activities	<u>19,486</u>	<u>76</u>

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

5 Taxation (continued)

The tax assessed for the year is lower than the standard rate applying in the UK (24.49%) (2011 26.49%) The differences are explained below

	Dec 2012 £000	Dec 2011 £000
(Loss)/profit on ordinary activities before tax	(13,866)	(321,737)
Share of profit in associates and joint ventures before tax	168	29,341
Group (loss)/profit on ordinary activities before tax	<u>(13,698)</u>	<u>(292,396)</u>
(Loss)/profit on ordinary activities at the UK tax rate 24.49% (2011 26.49%)	(3,356)	(77,456)
Effects of		
Expenses not deductible for tax purposes	6,812	66,926
Losses not recognised	310	-
Adjustment in respect of prior year tax charge	10,454	(877)
Accelerated capital allowances / other timing differences	(48)	(362)
Non trading transfer pricing adjustment	5,427	5,177
Effect of rate change	37	-
Total current tax charge	<u>19,636</u>	<u>(6,592)</u>

During the year, as a result of the change in the UK main corporation tax rate from 24% to 23% that was enacted on 17 July 2012 and that will be effective from 1 April 2013, the relevant deferred tax balances have been re-measured. This change has reduced the deferred tax liability at the balance sheet date, and so has increased profit in the year by £2,747,522.

Further reductions to the UK main corporation tax rate have not been substantively enacted at the balance sheet and therefore are not recognised in these financial statements. Firstly, a change proposing to reduce the rate by a further 2% to 21% from 1 April 2014 was announced in the 2012 Autumn Statement. Secondly, a further change proposing to reduce the rate to 20% from 1 April 2015 was announced in the March 2013 Budget. The effect of these further changes from 23% to 20%, if applied to the deferred tax balance at 31 December 2012, would be to reduce the deferred tax liability by £8,242,565.

6 Results of holding company

A Company profit of £nil (2011 £nil) is dealt with by the parent accounts of BIIF Holdco Limited. The Directors have taken advantage of the exemption available under section 408 of the Companies Act 2006 and have not presented a profit and loss account for the Company alone.

The Group accounts for an investment as an associate when it has significant influence but not control. This is typically demonstrated when the Group nominates one or more directors to the board of the investment. Where the shareholder agreements stipulate that all shareholders with board representation must consent to the approval of key matters the Group designates the investment to be a joint venture, even if the equity holding is not 50%.

Amounts due from bank represents debt due from project companies within the Group, which were the subject of a sub-participation agreement between the bank and a subsidiary company (PFI Senior Funding Limited) dated 1 June 2001. These loans are secured by a fixed and floating charge over all the assets, rights and undertakings of the individual project companies. Each project has an individual repayment profile with the final payment being settled at the end of each project concession.

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

13 Creditors: amounts falling due after one year (continued)

(a) Bank loans

The total amount drawn down under bank loans at the year end was £1,623,874,008 (2011 £1,642,738,135). Costs of £32,271,549 (2011 £36,236,463) have been set off against the total loan drawdowns, with £5,899,000 (2011 £13,984,000) of these costs charged to the profit and loss account in the period in accordance with FRS 4.

£911,641,000 relates to two banking facilities secured by a guarantee offered to the bank by BIIF Holdco Group and all its subsidiaries. This guarantee is in turn supported by a fixed and floating charge over the assets of BIIF Holdco Limited. The loans are repayable under an arrangement whereby small repayments are made in the first few periods of the loan and both are due to be repaid by 30 September 2016. It is expected both facilities will be refinanced before their maturity.

The remaining facilities relate to borrowings held by individual project subsidiary companies and they are secured by way of fixed and floating charges over the assets of the specific project company which holds borrowings. Maturity of these facilities ranges from 2016 to 2035. Interest payable on the Group's bank loans ranges from rates of 5.11% to 7.99%.

(b) Eurobond

A subsidiary in the Group has issued a Eurobond totalling £517,624,510 (2011 £402,496,844) which was subscribed for in full by the ultimate parent entity, Barclays Integrated Infrastructure Fund LP. This Eurobond bears interest at 8% per annum and falls due for repayment on 9 January 2019.

(c) Secured bonds

A subsidiary has issued at par value £87,190,000 3.443% index-linked guaranteed secured bonds due 2004-2036. The bond is secured by way of a fixed and floating charge over the assets of the subsidiary and two immediate holding companies. Both the interest and principal balances are adjusted for the increase in the Retail Price Index at six monthly intervals, which cumulatively at 31 December 2012 amounted to 44.1% (2011 38.6%).

A subsidiary has issued £79,314,000 7.12% secured bonds due 2028. The bond is secured by way of a fixed and floating charge over the assets of the subsidiary.

The maturity profile of all bonds is as follows:

	Dec 2012 £000	Dec 2011 £000
Amounts repayable in one year or less on demand	4,163	7,042
Between one and two years	5,262	6,475
Between two and five years	18,638	22,312
Over five years	667,300	547,718
	<hr/>	<hr/>
	695,363	583,547
Less: unamortised finance costs associated with the bond issue	(1,665)	(1,804)
	<hr/>	<hr/>
	693,698	581,743
Less: included within creditors' amounts falling due within one year	(4,163)	(7,042)
	<hr/>	<hr/>
Amounts falling due after one year	<u>689,535</u>	<u>574,701</u>

BHF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

13 Creditors' amounts falling due after one year (continued)

(d) Other loans (all unsecured)

A subsidiary in the group has issued loan notes totalling £706,000 which bear interest at 13.5%. Of this balance £419,000 represents unpaid interest on the loan notes and is due for payment within twelve months. The balance falls due for payment on 31 March 2032.

A subsidiary in the group has issued a £410,000 loan stock instrument. The loan bears a Coupon of 13.50% per annum and payment of capital falls due in the year 2035. The Coupon on the principal amount accrues daily and is payable on 30 September and 31 March each year. The amount is charged to the profit and loss account as interest falls payable. The sum was advanced under a subordinated loan agreement and is therefore unsecured, and would rank alongside ordinary creditors in the event of a winding up.

The same subsidiary also issued a £102,000 subordinated loan note issued at a price of 20 pence for each £1 in nominal value of loan stock held. The loan bears a Coupon of 13.50% per annum and payment of capital falls due in the year 2035. The Coupon on the principal amount accrues daily and is payable on 30 September and 31 March each year. The sums were advanced under a subordinated loan agreement and rank alongside ordinary creditors but above the loan stock detailed above in the event of a winding up.

The same subsidiary also issued a £266,000 subordinated loan note. The loan bears a Coupon of 13.50% per annum and payment of capital falls due in the year 2035. The Coupon on the principal amount accrues daily and is payable on 30 September and 31 March each year. The sums were advanced under a subordinated loan agreement and rank alongside ordinary creditors but above the loan stock detailed above in the event of a winding up.

There is a further amount included in other loans totalling £228,558. This relates to deferred payments in respect of a building contract. This creditor is similar in nature to a subordinated loan in that it is subject to the availability of cash and to the testing of banking covenants. It does rank ahead of the subordinated loan in the case of a winding up. It carries a zero coupon and is repayable in ten equal six monthly instalments.

A subsidiary in the group has issued an unsecured loan with a value of £1,035,000 due 2037, bearing interest at 13.04%.

A subsidiary in the group has issued loan stock with a value of £780,000. The loan stock bears interest at 14% per annum and is repayable in semi-annual instalments with the final payment due on 31 August 2018.

A subsidiary in the group has issued loan stock with a value of £715,000 bearing interest at 13% per annum. The principal is repayable in full in February 2036.

A subsidiary in the group has issued loan stock with a value of £2,585,000 bearing interest at 9% and are repayable in instalments to December 2019.

A subsidiary in the group has issued loan stock with a value of £6,394,000. The loan stock bears interest at 13% and has repayment dates between 15 December 2011 and 15 December 2017.

A subsidiary in the group has issued loan stock with a value of £7,022,000. The loan stock bears interest at the rate per annum determined by the lender which will be calculated according to the aggregate of margin, LIBOR, and mandatory costs. The debt is repayable in 41 consecutive six monthly instalments, the first of which was repaid in August 2002 with the final instalment due on 31 August 2023.

A subsidiary in the group has a shareholder loan of £65,000. The loan is repayable on demand and bears no interest.

A subsidiary in the group has issued loan notes totalling £1,346,000 which bear interest at 8%. Of this balance £95,616 represents unpaid interest on the loan notes. The balance is repayable on demand.

(e) Zero coupon bond

A subsidiary company has issued a zero coupon bond of redemption value £8,000,000 on 3 October 2022. This bond was issued at a discount value of £633,416 which is amortised to maturity at a constant rate on the carrying amount of the debt.

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

13 Creditors: amounts falling due after one year (continued)

(f) Other creditors

A subsidiary in the group has a decommissioning provision of £285,000 which provides for the future costs of decommissioning a wind farm. The provision has been discounted at an annual rate of 10% and this discount is charged to the profit and loss account until 2027, the estimated date of decommissioning.

(g) Deferred income

Group	Dec 2012 £000	Dec 2011 £000
Opening balance	39,403	21,162
Acquired	-	22,191
Amortised during the period	<u>(3,376)</u>	<u>(3,950)</u>
Closing balance	<u>36,027</u>	<u>39,403</u>

Deferred income is split as follows

- In eleven projects, on completion of construction of the facilities, the public sector client made payments to the respective project companies (Eastbrook Facilities Limited, Covesea Limited, GH Newham Limited, GH Bodmin Limited, Kintra Limited, Bannockburn Homes Limited, KE Project Limited, LH Project Limited, Machrie Limited, NewSchools (Penweddig) Limited and Connect A50 Limited) as a contribution to the capital cost of the works. These contributions were deferred and will be amortised over the life of the project. The balance as at 31 December 2012 was £26,778,970 (2011 £29,654,508).
- £3,043,896 (2011 £3,204,931) in respect of a funding grant which will be amortised over the lifetime of the PFI concession contract.
- £6,203,836 (2011 £6,543,836) received following the arrangement of an RPI SWAP which will be amortised over the lifetime of the contract.

Of the balance at the year end it is expected that £3,950,000 (2011 £3,950,000) will be realised within 12 months and £32,077,000 (2011 £35,453,000) will be realised after 12 months.

14 Deferred taxation

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

14 Deferred taxation (continued)

The Group has an un-provided deferred tax asset of £154,388,000 (2011 £171,143,000) The deferred tax asset arises

- on consolidation as the Group has recognised the fair value of derivative financial liabilities This asset amounts to £111,892,000 (2011 £120,052,000)
- on unrelieved losses within certain Group companies This asset amounts to £42,496,000 (2011 £51,091,000)

This asset would be recoverable if the companies made sufficient taxable profits in future periods against which the losses could be offset

BIIF Holdco Limited

Notes to the financial statements

For the year ended 31 December 2012

25 Financial risk management objectives and policies (continued)

Interest rate risk profile of financial liabilities

The fixed rate liabilities comprise bank loans at 6.68%, a 8% Eurobond, a 3.443% indexed-linked guaranteed bond, other loans at rates from 8-14%. The interest on the financial instruments classified as fixed rate is fixed until the maturity of the instrument.

At 31 December 2012 the Group has sterling floating rate liabilities (excluding unamortised costs) of £93,955,000 (2011 £93,722,000) being the original value of the bonds issued of £87,190,000 (2011 £87,190,000), adjusted for the increase in the Retail Price Index (RPI) and repayments to date and bank loans totalling £6,765,000 (2011 £6,532,000).

Of this balance, £66,035,000 (2011 £70,449,000) bears interest at 3.443% per annum as adjusted biannually for the increase in the RPI. At 31 December 2012 the increase in the cumulative RPI amounted to 44.1% (2011 38.62%).

Interest rate risk profile of financial assets

At 31 December 2012 the Group has sterling cash balances of £186,004,000 (2011 £211,100,000) which bear interest at a floating rate based on the relevant bank's commercial interest rates.

The Group has a total finance receivable debtor (including due within one year) of £1,241,551,000 (2011 £1,299,431,000) with a discount rate of 8.7% and weighted average maturity of 19.4 years (2011 20.4 years).

Credit risk

Credit risk is the risk of financial loss to the Group if a customer, counterparty to a financial instrument or counterparty for facility management services fails to meet their contractual obligations.

Credit risk is overseen by management, and arises mainly from

- cash and cash equivalents
- derivative financial instruments
- credit exposures to amounts due from outstanding receivables, and
- other committed transactions with counterparties

The Group's objective is to minimise credit risk to an acceptable level whilst not overly restricting the Group's ability to generate revenue and profit. It is the Group's policy to invest assets safely and profitably. Management monitors credit risk closely and considers that its current policies in managing the exposure to credit risk are appropriate.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of its key customers or counterparties. The Group's largest credit exposures are to public sector bodies and financial institutions. The amounts owed by the public sector bodies in the United Kingdom are considered to be a low credit risk by the Group. The counterparties for facility management are with well established companies that operate several facility management contracts and the Group considers these companies unlikely to default on their respective liabilities to the group.

In determining whether a financial asset is impaired due to credit or counterparty risks, the Group takes account of

- The fair value of the asset at the balance sheet date and where applicable, the historic fair value of the asset,
- In the case of receivables, the counterparty's typical payment patterns
- In the case of other counterparty's, the current contract performance and the latest available information on the counterparty's credit worthiness
