## Notes to the financial statements for the year ended 31 December 2016

### 3. Accounting policies (continued)

#### Foreign currency

Transactions denominated in foreign currencies are recorded at the rate of exchange at the date of the transaction or, if hedged, at the forward contract rate. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date or, if appropriate, at the forward contract rate.
