ACCOUNTING POLICIES

Basis of Accounting

The accounts have been prepared under the historical cost convention.

The company has taken advantage of the exemptions in Financial Reporting Standard No. 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

Turnover

Turnover is the total amount receivable by the company for goods supplied and services provided, excluding VAT and trade discounts.

Depreciation

Depreciation is calculated to write down the cost or valuation less estimated residual value of all tangible fixed assets over their expected useful lives. The rates and periods generally applicable are:

Tools and equipment	20% per annum, reducing balance
---------------------	---------------------------------

Deferred Taxation

Deferred tax is provided for under the liability method using the tax rates estimated to arise when the timing differences reverse and is accounted for to the extent that it is probable that a liability or asset will crystallise.

Unprovided deferred tax is disclosed as a contingent liability.

Debit balances arising in respect of advanced corporation tax on dividends payable or proposed are carried forward to the extent that they are expected to be recoverable.

Turnover

The turnover was derived from the company's principal activity which was carried out wholly in the UK.

Turnover is attributable to the principal activity of the company.
