**STRATEGIC REPORT**  
for the year ended 31 December 2020

---

The directors present their strategic report for the year ended 31 December 2020.

The principal activity of the company in the year under review was that of an investment holding company.

**REVIEW OF BUSINESS**

The company has not traded during the year and accordingly it has made neither a profit or a loss (2019: R-). It is anticipated that the company will continue to operate as an investment holding company in the future.

**PRINCIPAL RISKS AND UNCERTAINTIES**

The company's principal activities are those of an investment holding company. As such the principal risks and uncertainties facing the company relate solely to the recoverability of the value of those investments.

The company monitors the fair value of all underlying assets to determine whether there are indicators that the carrying values of investments are not recoverable.

**COVID-19**

The ongoing COVID-19 pandemic has significantly affected the economy and strained the hospitality industry due to travel restrictions and stay-at-home directives that have resulted in cancellations and reduced travel around the world, as well as complete and partial suspensions of hotel operations. Although the distribution of effective COVID-19 vaccinations, which commenced late 2020, is a promising development, we are unable to predict how widely utilized the vaccines will be, whether they will be effective in preventing the spread of COVID-19 (including its variant strains) and when normal economic activity and business operations will resume. The company holds intercompany loan agreements and investments in subsidiaries with undertakings that operate in countries affected by the pandemic. The current and uncertain future impact of the COVID-19 pandemic, including its effect on the ability or desire of people to travel and use our hotel properties, as well as the impact of additional and changing government regulations intended to fight COVID-19, is expected to continue to negatively affect the results of our subsidiaries which could have an impact on the carrying value of the investments held by the company.

**FUTURE DEVELOPMENTS**

The company will continue to operate as an investment holding company in the future.

**ON BEHALF OF THE BOARD:**

Hilton Corporate Director LLC - Director

**REPORT OF THE DIRECTORS**  
**for the year ended 31 December 2020**

---

The directors present their report with the financial statements of the company for the year ended 31 December 2020.

**DIVIDENDS**

No dividends will be distributed for the year ended 31 December 2020.

**DIRECTORS**

The directors shown below have held office during the whole of the period from 1 January 2020 to the date of this report.

Hilton Corporate Director LLC  
Mr B Wilson  
Mr J O Percival  
Mr S R Vincent  
Ms K J Coari

**GOING CONCERN**

The company has net assets. The financial statements have been prepared on a going concern basis because management believes that the company can meet its liabilities as they fall due for a period of at least 12 months from the date on which these financial statements are approved. Notwithstanding this, the company has obtained a letter of support from its ultimate parent company, Hilton Worldwide Holdings Inc. ("the group"), and the directors are satisfied that despite the impact of COVID-19 on the parent company it has sufficient cash and liquidity to provide this support should it be required for a period of at least 12 months from the date of approval of the financial statements to the 10 September 2022.

As disclosed in the Hilton Worldwide Holdings Inc. Form 10-Q for the quarterly period ended 30 June 2021, the group had total cash and cash equivalents of \$1.1 billion. Stress testing has been performed on the group's conservative forecast cash flows. The group's conservative forecast cash flows are considered severe but plausible and indicate that there is no material risk that the group will be unable to provide financial support within a period of at least 12 months from the date of approval of the financial statements. Given this cash position will be adequate to meet anticipated requirements for debt covenant compliance, operating and other expenditures, including corporate expenses, payroll and related benefits, taxes and compliance costs and other commitments, for the foreseeable future, even if current levels of very low occupancy were to persist, Hilton Worldwide Holdings Inc. has sufficient cash and liquidity to provide financial support to the company should it be required.

Accordingly, the directors have concluded that it is appropriate for the financial statements to be prepared on a going concern basis taking into account the support provided by the ultimate parent company as outlined above for a period of 12 months from the date of approval of the financial statements to 10 September 2022. The financial statements do not contain the adjustments that would result if the company was unable to continue as a going concern.

**DIRECTORS' AND OFFICERS' LIABILITY INSURANCE**

During the year Hilton Worldwide Holdings Inc. purchased and maintained on behalf of the company liability insurance for its directors and officers.

The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 December 2020.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 December 2020 in accordance with Section 476 of the Companies Act 2006.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements were approved by the Board of Directors and authorised for issue on 10 September 2021 and were signed on its behalf by:

Hilton Corporate Director LLC - Director

- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors;
- the requirements of paragraphs 17 of IAS 24 Related Party Disclosures;
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group;
- the requirements of paragraphs 130(f), 134(d to f) and 135(c to e) of IAS 36 Impairments of Assets.

**Critical accounting judgements and key sources of estimation uncertainty**

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

**Critical judgements**

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements:

**Foreign currency**

An entity's functional currency is determined (not chosen). IAS 21 (The Effects of Changes in Foreign Exchange Rates) provide factors, often referred to as indicators, that are considered when identifying the functional currency. In some cases, the indicators will clearly identify a particular currency as the functional currency. In other cases they will not. When the factors provide a varied result and the functional currency is not obvious, management must use judgement based on the entity's individual facts and circumstances to determine its functional currency in a way that gives a fair presentation (ie faithfully represents the economic effects of transactions, events and conditions). As HLT Owned Mezz V-D Limited's cash flows are denominated in ZAR and the immediate parent reporting currency is ZAR, management has used their judgement and determined a change in the functional currency of the company from GBP to ZAR, this change has been applied fully retrospectively to the underlying records which are in ZAR, in accordance with the required Accounting Standards.

**Key sources of estimation uncertainty**

The following are the key assumptions concerning the future, and other sources of estimation uncertainty at the end of the reporting period, that may have a significant risk of resulting in a material adjustment to the carrying amounts of assets within the next financial year.

**Impairment of investments**

Determining whether a subsidiary is impaired requires an estimation of the value in use of its subsidiary. The value in use calculation requires the directors to estimate the future cash flows expected to arise from the subsidiary and a suitable discount rate in order to calculate present value. Each investment in subsidiary is an individual cash generating unit. Details of any impairment losses are disclosed in 'Investments' note.

**for the year ended 31 December 2020**

---

**3. ACCOUNTING POLICIES - continued**

**Taxation**

Current taxes are based on the results shown in the financial statements and are calculated according to local tax rules, using tax rates enacted or substantially enacted by the balance sheet date.

**Fixed asset investments**

Investments in subsidiary undertakings are stated at cost. The carrying value of investments is reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

**4. EMPLOYEES AND DIRECTORS**

All operations of the company during the year ended 31 December 2020 have been undertaken by employees of other companies within Hilton Worldwide Holdings Inc.. A charge of R- has been included in cost of sales in respect of their services (2019:R-).

All the directors of the company are also directors of other group companies. The directors received total remuneration for the year of £2.1m (2019: £1.9m) all of which was paid by other companies within the group. The directors do not believe that it is practicable to apportion this amount between their services as directors of the company and their services as directors of the other group companies.

**5. PROFIT BEFORE TAXATION**

This company does not incur audit fees.

**6. TAXATION**

Although the company is registered in the UK, it is not resident in the UK for tax purposes as it is managed and controlled in Switzerland, which country has the taxing right by virtue of the UK and Switzerland Double Taxation Convention.

The company made neither a profit nor a loss during the period and as such there is no tax charge for the period or any tax balances to report.
