Notes to the abbreviated accounts

For the year ending 31
December 2013

1 Accounting policies

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standards for Small Entities (effective January 2005)

Deferred tax Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Foreign currencies Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result. Pension costs and other post-retirement benefits The company operates defined contribution pension schemes for some of its directors. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate. Hire purchase and leasing commitments Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease. Current asset investments Investments held as current assets are stated at cost less any provisions for impairment. Investments are reviewed for impairments if events or changes in circumstances indicate that the carrying amount may not be recoverable. Impairments are calculated such that the carrying value of the fixed asset investment is the lower of its cost or recoverable amount. Recoverable amount is the higher of its net realisable value and its value in use. At the year end the market value was greater than the carrying value of the investments.

Turnover

Turnover represents net invoiced sales of goods and services supplied within the accounting period, excluding value added tax.
