PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

The Company continues to operate at the interface between community, public and private stakeholders within the built environment, working with all of these groups to achieve good outcomes in the planning and design of developments and places for the benefit of local residents and the wider communities impacted by change.

Processes involving Design Review and Enabling have again been provided during the year.

Design Review in Cornwall is provided as a partnership between ourselves and Cornwall Council and the sessions have been expanded to include the involvement of parish council representatives as observers to the process, in order to inform and educate them about design considerations.

Enabling work has included providing advice to Torbay Council on how to effectively involve and engage members of the local community in processes led by public artists as they consult in determining the design of key public realm projects in Torquay and Paignton. This will allow a meaningful and informed role for the community, as these projects are pursued. We have also offered to support the events when they occur in the next financial year.

Organisational support has also been offered to community groups exploring the possibility of creating a Conservation Area in the city centre of Plymouth. The technical support and experience offered has allowed the groups to come together and articulate their ambitions in a seminar which we organised and provided.

(If applicable, please just state "A social audit report covering these points is attached").

(Please continue on separate continuation sheet if necessary.)

PART 2 – CONSULTATION WITH STAKEHOLDERS – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

The stakeholders are broadly based and depend upon the initiatives which emerge, but the Cornwall Design Review Panel as a regular service has a steering group which monitors its performance on an annual basis – and this is a forum comprising local professionals, officers and elected members which considers the general impacts and acts as a consultative board. Feedback has been positive to date and no significant actions in response have therefore been necessary.

(If applicable, please just state "A social audit report covering these points is attached").

PART 3 – DIRECTORS' REMUNERATION – if you have provided full details in your accounts you need not reproduce it here. Please clearly identify the information within the accounts and confirm that, "There were no other transactions or arrangements in connection with the remuneration of directors, or compensation for director's loss of office, which require to be disclosed" (See example with full notes). If no remuneration was received you must state that "no remuneration was received" below.

See accounts – There were no other transactions or arrangements in connection with the remuneration of directors, or compensation for director's loss of office, which require to be disclosed.

PART 4 – TRANSFERS OF ASSETS OTHER THAN FOR FULL CONSIDERATION – Please insert full details of any transfers of assets other than for full consideration e.g. Donations to outside bodies. If this does not apply you must state that "no transfer of assets other than for full consideration has been made" below.
