Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

Basis of preparation

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

Going concern

In the opinion of the Director, the company can continue to operate on a going concern basis. This is due to the Director, Mr A R Matthews, agreeing not to call in his loan to the company for at least the next 12 months.

The Director has assessed the impact of the Covid-19 pandemic on the company. Whilst there is temporary disruption to trade, the Director considers that there is no reason for the company not to continue as a going concern for the foreseeable future.

Tangible assets

Tangible assets are stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

Asset class
Office equipment
Equipment
Fixtures and fittings
Leasehold

Improvements to leasehold

Depreciation method and rate

20% straight line 12.5% straight line 12.5% straight line No depreciation provided 12.5% straight line

Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell.

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date.
