("IA86")	Insolvency Act 1986
("Sch B1 IA86")	Schedule B 1 Insolvency Act 1986
("IR86")	Insolvency Rules 1986
("Prescribed Part")	The prescribed part is a fund that has to be made available for unsecured creditors. It is paid out of "net property". Net property is floating charge realisations after costs, and after paying - or setting aside enough to pay - preferential creditors in full. But it only has to be made available where the floating charge was created on or after 15 September 2003.

1. Why we have prepared this document

We wrote to you on 14 January 2015 to tell you that on 9 January 2015 the Company had gone into administration and that we had been appointed as Administrators.

We tell you in this document why the Company was placed into administration. We give you a brief history and set out our proposals for achieving the purpose of administration. We include details of the Company's assets and liabilities, and say how likely we are to be able to pay each class of creditor

According to the IA86, the purpose of an administration is to achieve one of these objectives:-

- (a) rescuing the company as a going concern, or if that is not possible or if (b) would achieve a better result for the creditors than (a)
- (b) achieving a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in administration), or finally, if that is not possible
- (c) realising the company's assets to pay a dividend to one or more secured or preferential creditors.

In this case, we're following objective (b) as it was not reasonably practicable to rescue the Company as a going concern.

Our job is to manage the Company until creditors agree our proposals for achieving the purpose of administration, and then to implement them so far as possible. After that, the Administration will end.

This document and its appendices form our statement of proposals for achieving the purpose of administration

As detailed in Section 2, we have formed the view that the Company has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of the Prescribed Part as provided for by Section 176A IA86. Accordingly, by virtue of Paragraph 52(1) Sch B1 IA86, a meeting of creditors is not being convened at this time.

In accordance with Rule 2.33(5) IR86 our proposals will be deemed to have been approved by creditors unless a meeting of creditors is requisitioned in the prescribed manner by at least 10% in value of creditors within 8 business days of the date on which these proposals are circulated. We will write to creditors again after the expiry of this period to confirm the deemed approval of the proposals, or alternatively confirm that a meeting is to be held.

If you have any concerns or questions regarding the background to this case or what is being proposed, please do not hesitate to contact my colleague, Sarah Corbett on 0113 289 4014.

Yours faithfully
For and on behalf of the Company

David Chubb
Joint Administrator

David Chubb and Robert Lewis have been appointed as joint administrators of the Company to manage its affairs, business and property as its agents and without personal liability. Both are licensed in the United Kingdom to act as insolvency practitioners by the Institute of Chartered Accountants in England and Wales. The joint administrators are Data Controllers of personal data as defined by the Data Protection Act 1998. PricewaterhouseCoopers LLP will act as Data Processor on their instructions. Personal data will be kept secure and processed only for matters relating to the administration.

3 Brief history of the Company and summary of what we have done since the date of appointment

Background

The Company was incorporated on 14 December 2007 and was a non-trading holding company. The Company is an immediate subsidiary of SNS Portfolio Limited which is the ultimate parent for the RP Martin Group of which Martin Brokers Group Limited was the main UK trading company

The Company's only assets were its shareholdings in Wows 2 Limited (previously known as RPM Group Limited), inter-group debt and potentially funds held in a lawyer's client account.

The RP Martin Group is a wholesale broking firm in the financial markets which is primarily based in London, with offices in Amsterdam and Stockholm.

As at the date of our appointment the Company did not have any employees.

The circumstances giving rise to the Administrators' appointment

In the last three years the RP Martin Group has suffered the effects of being involved in the LIBOR rigging scandal, which resulted in a number of directors leaving the business in 2013 and fines by regulators in the UK, Europe and the US.

The main UK trading business of the group was sold to BGC M Partnership Limited, an entity controlled by BGC Capital Partners, on 12 December 2014. The sale was achieved through the sale of shares held by Trio Holdings Ltd, an indirect subsidiary of the Company. This sale was negotiated and completed by the directors of the RP Martin Group prior to our appointment and did not directly involve the Company. Further details can be found in our letter dated 14 January 2015, which is attached at Appendix D

None of the proceeds of the sale were payable to the Company as none of the assets sold were directly owned by the Company.

Following the sale the director of the Company made arrangements for the appointment of the Administrators in light of continued legal proceedings against the Company and accruing property costs

Pre-administration costs

Planning work was carried out prior to our appointment as Administrators including:

- Internal PwC team meetings regarding the strategy for the appointment
- Gathering information required for the appointment

Our total pre-administration time costs at our firm's standard charge out rates for work of this nature are £5,469 (exclusive of VAT). A breakdown is provided at Appendix A. It is proposed that £5,469 (exclusive of VAT) is payable as an expense of the Administration.

In addition to PwC's costs, Taylor Wessing LLP has incurred pre-administration time costs of £2,500 (exclusive of VAT) in relation to the appointment of administrators and £69 60 (exclusive of VAT) of pre-Administration disbursements.

The payment of pre-administration costs as an expense of the Administration is subject to the approval in the same manner as the Administrators' remuneration and certain disbursements.

Connected party transactions

We are aware that three previous directors of the Company were employed by BGC M Partnership Limited at the time of the sale of the UK Trading business.

We are also aware that as the Company was the holding company of a group there were transactions in the ordinary course of business with group companies

3 Brief history of the Company and summary of what we have done since the date of appointment

How we've managed and financed the Company's affairs and business

As advised, none of the consideration from the pre-appointment sale of the trading business was payable to the Company and none of the consideration will be indirectly received by the Company through its indirect shareholding.

The proceeds received by other members of the group will be used to reduce their secured liabilities which arise under a guarantee provided by all the UK companies of the group. No funds will be received from the other group companies, either by way of a distribution to the Company as shareholder, nor by way of receipt of inter-group debts. This is due to all their recoveries being used to reduce the level of their secured debt, though it is anticipated that a shortfall to the secured lender will remain

As at the date of our appointment the Company had circa £17,000 held in one of its solicitors' client accounts. We are in discussions with the solicitors in respect of these monies in order to ascertain whether or not these are an asset of the Company

Following our appointment, we entered discussions with the purchaser of the UK business in respect of a licence to occupy the RP Martin Group's former trading office in London, which is leased to the Company. A licence was entered into between the Company and Martin Brokers Group Limited on 23 January 2015 for the period to 31 January 2015. The licence fee will enable us to discharge occupation costs associated with the property and thus mitigate the landlord's claim.

We confirm that Martin Brokers Group Limited vacated the property on 31 January 2015 and no further monies are expected from this source. We have sought to facilitate the clearance of the property on behalf of the landlord. Following discussions with a number of interested parties it was not anticipated that there was any residual value in the lease and therefore it has been offered for surrender to the landlord

Objective of the Administration

As it was not considered reasonably practicable to rescue the Company as a going concern, the statutory purpose being pursued in relation to the Company is to achieve a better result for the Company's creditors as a whole than would be likely if the Company were wound up, without being in administration (Paragraph 3(1)(b) of Sch B1 IA86)

Secured creditors

We do not expect that the Bank will be repaid in full. At the date of administration, the Bank was owed circa £17 million under a cross guarantee in respect of monies due from the RP Martin Group to the Bank. This debt is secured by a debenture dated 17 March 2008, which gives the Bank fixed and floating charges over all the Company's assets

The secured creditor was consulted during the sales process in respect of Martin Brokers Group Limited. Following receipt of sale proceeds, the group's indebtedness was reduced and the Company's exposure under the cross guarantee will also therefore reduced.

Estimated dividend prospects

Preferential creditors

There are no preferential creditors of the Company

Unsecured creditors

It is not expected that there will be any funds available to make a distribution to unsecured creditors

The Prescribed Part applies in this case as there is a floating charge created after 15 September 2003

We do not think there will be a dividend for the unsecured creditors under the Prescribed Part because we think the Company's net property will be less than £10,000

3 Brief history of the Company and summary of what we have done since the date of appointment

Ending the Administration

Once the objective of the Administration has been achieved we expect that we will file a notice with the Registrar of Companies and the Company will be dissolved three months later

4 Our proposals for achieving the purpose of administration

Our proposals for achieving the purpose of the Administration are as follows.

- i) We will continue to manage and finance the Company's business, affairs and assets from asset realisations, or in such other manner as we consider appropriate. We will do this with a view to achieving a better result for the Company's creditors as a whole than would likely be achieved if the Company were wound up (without first being in administration). Failing that we will realise assets to pay a dividend to one or more secured or preferential creditors
- ii) We may investigate and, if appropriate, pursue any claims the Company might have. We will also do anything else we think appropriate, to achieve the purpose of the Administration, to protect and preserve the Company's assets, to maximise realisations, or for any other purpose incidental to these proposals
- iii) In the (unlikely) event that we think there will be money for unsecured creditors, we may (but we do not have to) agree in principle the claims of unsecured creditors for confirmation by a subsequent liquidator or supervisor of a company voluntary arrangement. The costs of doing this may be charged to the Administration, as part of our fees, depending on whether or not there will be a dividend for unsecured creditors. If we choose not to agree the claims in principle and there is money for unsecured creditors, a subsequent liquidator or supervisor of a company voluntary arrangement will agree the claims.
- iv) In the (unlikely) event that we think there will be money for unsecured creditors, we may (but we do not have to) ask the court to allow us to pay dividends to those creditors. If we choose not to ask the court for such an order and there is enough money for unsecured creditors, a subsequent liquidator or supervisor of a company voluntary arrangement will pay dividends to them.
- v) We may use one or more "exit route" strategies to end the Administration, but we're likely to choose the following options as being the most cost effective and practical in this case:-

If, as we anticipate, there are insufficient funds to pay a dividend to unsecured creditors;

- (a) Once we have finished our work we will file a notice with the Registrar of Companies and the Company will be dissolved three months later.

In the unlikely event that there are funds available to pay a dividend to unsecured creditors;

- (b) Once we have disposed of all of the assets and finished our work, we will put the Company into creditors' voluntary liquidation. If this happens, we propose that David Chubb and Robert Lewis are appointed as joint liquidators and that any act required or authorised to be done by the joint liquidators can be done by any of them acting jointly or alone. Creditors may, before these proposals are approved, nominate a different person or persons as liquidator(s), in accordance with paragraph 83(7)(a) Sch. B1 IA86 and Rule 2.117A(2)(b) IR86; or
- (c) In certain circumstances we may apply to court to end the Administration and to put the Company into compulsory liquidation. The court may appoint the Administrators as liquidators depending on the circumstances. Creditors will be notified at the time whether the Administrators intend to apply for appointment as subsequent liquidators, or
- (d) Once we have finished disposing of the assets we will apply to the court for permission to pay any surplus funds to unsecured creditors. If this is granted, once the distribution has been made, we will end the Administration by filing a notice with the Registrar of Companies and the Company will be dissolved three months later. If we do not get permission we will put the Company into creditors' voluntary liquidation in accordance with paragraph (b) above or comply with the terms of any court order where different; or
- (e) We will put together a proposal for a company voluntary arrangement ("CVA") and put it to meetings of the Company's creditors and shareholders for approval. If the CVA is approved, we will end the Administration, once it's complete, by filing a notice with the Registrar of Companies

4 Our proposals for achieving the purpose of administration

- (f) We will be discharged from liability in respect of any of our actions as Administrators at a time set by the secured creditor.
- (g) We propose that the unpaid pre-administration costs set out at Appendix A are approved for payment as an expense of the Administration. The payment of unpaid pre-Administration costs as an expense of the Administration is subject to approval under Rule 2.67A Insolvency Rules 1986 and is not part of the proposals subject to approval under paragraph 53 of Sch. B1 IA86.

If creditors elect a committee it will be up to the committee to approve payment of unpaid pre-administration costs as an expense. If there is no committee, because we do not believe that the Company have sufficient assets to pay a distribution to unsecured creditors we will ask the secured creditor to approve the pre-administration costs.

- (h) We propose that our fees be fixed based on the time we and our staff spend on the case at our normal charge out rates for this type of work. We also propose that disbursements for services provided by our firm (defined as Category 2 disbursements in Statement of Insolvency Practice No 9) are charged as per our firm's policy.

If creditors elect a committee it will be up to the committee to approve payment of unpaid pre-administration costs as an expense. If there is no committee, because we do not believe that the Company has sufficient assets to pay a distribution to unsecured creditors, we will ask the secured creditor to approve the basis of our fees and Category 2 disbursements.

5 Statement of affairs

We were given a statement of affairs of the Company on 19 February 2015. It was signed by Stephen Welch, the sole director of the Company.

We have the following comments on the statement of affairs -

- As is normal in a statement of affairs, the costs of realising the Company's assets and the costs of the Administration have not been included.
- We have not audited the information.
- We have not had sight of the agreement evidencing the debt referred to between the Company and its director.

Other comments

We attach at Appendix B a copy of the statement of affairs and, as required by law, it includes details of the names, addresses and debts of creditors (including details of any security held)

We recognise creditors may want to contact each other to discuss certain aspects of the case. If you need more information to be able to do this, please get in touch with Sarah Corbett on 0113 289 4014 by telephone or in writing, or by emailing your request to creditorsenquiries@uk.pwc.com with the name of the Company in the title and including your name and your company name (if applicable) in the email
